

Mississippi River to the Maurepas Swamp, strategically delivering nutrient-laden river water to restore a degraded Cypress-Tupelo swamp. The proposed diversion has a 2,000 cubic foot per second (cfs) design flow. The freshwater intake structure and conveyance channel are located on the east bank of the Mississippi River in St. John the Baptist Parish, immediately west of Garyville, Louisiana, at River Mile 144 Above Head of Passes. The construction corridor for the conveyance channel extends from LA 44 (River Road) northward for 5½ miles, terminating at the outfall structure, which is approximately 1,000 ft north of Interstate 10.

2. **Scoping Process.** The CEMVN invites all affected federal, state, and local agencies, affected Native American Tribes, other interested parties, and the general public to participate in the National Environmental Policy Act (NEPA) scoping process during development of the SEIS. The purpose of the public scoping process is to provide information to the public, narrow the scope of analysis to significant environmental issues, serve as a mechanism to solicit agency and public input on potential alternatives and issues of concern, and ensure full and open participation in scoping for the SEIS. CEMVN requests input from interested parties regarding potential WSLP mitigation alternatives and information and analyses relevant to the proposed MSP. To ensure that all the issues related to the proposed MSP are addressed, the CEMVN will conduct virtual and, if permissible, in-person public scoping meeting(s) to which agencies, organizations, and members of the general public are invited to present comments or suggestions with regard to the range of actions, alternatives, and potential impacts to be considered in the SEIS. Project and public scoping meeting information, including information as to where, when, and how to participate and submit scoping comments as well as other opportunities for public involvement, will be available on CEMVN's website at: <https://www.mvn.usace.army.mil/Missions/Environmental/NEPA-Compliance-Documents/Bipartisan-Budget-Act-2018-BBA-18/West-Shore-Lake-Pontchartrain/>.

Notification of public scoping meetings will also be available via press releases, special public notices, and on CEMVN's social media platforms.

3. **Federal Authority.** The SEIS will disclose the context and intensity of environmental impacts, including focusing the analysis on those effects that are reasonably foreseeable and that

have a reasonably close causal relationship to the proposed action as required under the Council of Environmental Quality's (CEQ) NEPA regulations at 40 CFR parts 1500–1508 and the Department of the Army's NEPA regulations at 33 CFR part 230. A reasonable range of alternatives will be determined, and significant issues related to the proposed action will be identified during public scoping.

The following agencies are being invited to participate as Cooperating Agencies on the SEIS: United States Environmental Protection Agency; United States Department of the Interior, Fish and Wildlife Service (USFWS); United States Department of Commerce, National Marine Fisheries Service (NMFS); United States Department of Agriculture, Natural Resources Conservation Service; Advisory Council on Historic Preservation (ACHP); State of Louisiana, Historic Preservation Office (SHPO), State of Louisiana Department of Natural Resources (LDNR), State of Louisiana Department of Wildlife and Fisheries (LDWF), and State of Louisiana, Coastal Protection and Restoration Authority (CPRA).

4. **Alternatives.** The SEIS will address a reasonable range of alternatives based on the proposed Project's purpose and need. The SEIS will compare, at a minimum, the previously identified BBA Alternative for the WSLP Project in EA 576 to Alternative 1 (MSP–1: Public and Private Lands) and Alternative 2 (MSP–2: Public Land Only) by using the Alternatives Evaluation and Comparison (AEC) process. The results of the AEC process would be presented in the SEIS. The BBA Alternative would compensate for the WSLP Project impacts of 955 AAHU of CZ swamp. The MSP Alternative would compensate for WSLP Project impacts of approximately 1,010 AAHU of CZ swamp.

5. **Potentially Significant Issues.** The SEIS will analyze the potential impacts on the human and natural environment resulting from the Project. The scoping, public involvement, and interagency coordination processes will help identify and define the range of potential significant issues that will be considered. Important resources and issues to be evaluated in the SEIS could include, but are not limited to, the reasonably foreseeable effects on tidal wetlands and other waters of the U.S.; aquatic resources; commercial and recreational fisheries; wildlife resources; essential fish habitat; water quality; cultural resources; geology and soils; hydrology and hydraulics; air quality; marine mammals; threatened and endangered species and their critical

habitats; navigation and navigable waters; induced flooding; employment and incomes; land use; property values; tax revenues; population and housing; community and regional growth; environmental justice; community cohesion; public services; recreation; transportation and traffic; utilities and community service systems.

6. **Environmental Consultation and Review and Authorizations.** The proposed action is being coordinated with a number of federal, state, regional, and local agencies. In accordance with relevant environmental laws and regulations, CEMVN will consult with the following agencies: USFWS under the Fish and Wildlife Coordination Act; USFWS and NMFS under the Endangered Species Act; NMFS under the Magnuson-Stevens Fishery Conservation and Management Act; LDNR for Coastal Zone Consistency determination concurrence; and LDEQ for Clean Water Act, Section 401 Water Quality Certification; and, the ACHP, Louisiana SHPO, and the appropriate Tribal Historic Preservation Officers under the National Historic Preservation Act using an integrated NHPA Section 106/NEPA EIS process.

7. **Availability.** The SEIS is presently scheduled to be available for public review and comment in October 2021. A Final SEIS is scheduled for release in January 2022. A decision regarding implementation of the MSP is expected in 2022. All comments received throughout the review process will become part of the project file for the proposed Project and will be subject to public release.

## DEPARTMENT OF DEFENSE

### Department of the Navy

#### **Certificate of Alternate Compliance for Block IV VIRGINIA Class Submarines**

**AGENCY:** Department of the Navy, DoD.

**ACTION:** Notice of issuance of Certificate of Alternate Compliance.

**SUMMARY:** The U.S. Navy hereby announces that a Certificate of Alternate Compliance has been issued for Block IV VIRGINIA Class Submarines. All Block IV VIRGINIA Class submarines are built to the same design. Due to the special construction and purpose of each submarine of this class, the Deputy Assistant Judge Advocate General

(DAJAG)(Admiralty and Maritime Law) has determined that each submarine of this class is a vessel of the Navy which, due to its special construction and purpose, cannot comply fully with the navigation lights provisions of the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS) without interfering with its special function as a naval vessel. The intended effect of this notice is to warn mariners in waters where 72 COLREGS apply.

**DATES:** This Certificate of Alternate Compliance is effective August 13, 2021 and is applicable beginning August 6, 2021.

**FOR FURTHER INFORMATION CONTACT:**

Lieutenant Commander Darren E. Myers, JAGC, U.S. Navy, Admiralty Attorney, Office of the Judge Advocate General, Admiralty and Maritime Law Division (Code 11), 1322 Patterson Ave. SE, Suite 3000, Washington Navy Yard, DC 20374-5066, 202-685-5040, or [admiralty@navy.mil](mailto:admiralty@navy.mil).

**SUPPLEMENTARY INFORMATION:**

Background and Purpose.

Executive Order 11964 of January 19, 1977 and 33 U.S.C. 1605 provide that the requirements of the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), as to the number, position, range, or arc of visibility of lights or shapes, as well as to the disposition and characteristics of sound-signaling appliances, shall not apply to a vessel or class of vessels of the Navy where the Secretary of the Navy shall find and certify that, by reason of special construction or purpose, it is not possible for such vessel(s) to comply fully with the provisions without interfering with the special function of the vessel(s). Notice of issuance of a Certificate of Alternate Compliance must be made in the **Federal Register**.

In accordance with 33 U.S.C. 1605, the DAJAG (Admiralty and Maritime Law), under authority delegated by the Secretary of the Navy, hereby finds and certifies that all Block IV VIRGINIA Class submarines are vessels of special construction or purpose, and that, with respect to the position of the following navigational lights, it is not possible to comply fully with the requirements of the provisions enumerated in the 72 COLREGS without interfering with the special function of the vessel:

Annex I, Section 2(a)(i) pertaining to the height of the masthead light; Annex I, Section 2(f)(i) pertaining to the vertical position of the masthead light; Annex I, Section 2(k) pertaining to the height of the forward anchor light; Rule 30(a) and Rule 21(e) pertaining to the

360 degree arc of visibility of the forward and aft anchor lights; Annex I, Section 3(b) pertaining to the position of the sidelights; Rule 21(c) pertaining to the position and the arcs of visibility of the stern light.

The DAJAG (Admiralty and Maritime Law) further finds and certifies that these navigational lights are in closest possible compliance with the applicable provision of the 72 COLREGS.

*Authority:* 33 U.S.C. 1605(c), E.O. 11964.

Approved: August 10, 2021.

**K.R. Callan,**

*Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.*

## DEPARTMENT OF EDUCATION

[Docket No.: ED-2021-SCC-0123]

### Agency Information Collection Activities; Comment Request; Student Assistance General Provisions—Subpart K—Cash Management

**AGENCY:** Federal Student Aid (FSA), Department of Education (ED).

**ACTION:** Notice.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, ED is proposing an extension without change of a currently approved collection.

**DATES:** Interested persons are invited to submit comments on or before October 12, 2021.

**ADDRESSES:** To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2021-SCC-0123. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at [ICDocketMgr@ed.gov](mailto:ICDocketMgr@ed.gov). Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the PRA Coordinator of the Strategic Collections and Clearance Governance and Strategy Division, U.S.

Department of Education, 400 Maryland Ave. SW, LBJ, Room 6W208C, Washington, DC 20202-8240.

**FOR FURTHER INFORMATION CONTACT:** For specific questions related to collection activities, please contact Beth Grebeldinger, 202-377-4018.

**SUPPLEMENTARY INFORMATION:** The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Title of Collection:* Student Assistance General Provisions—Subpart K—Cash Management.

*OMB Control Number:* 1845-0106.

*Type of Review:* An extension without change of a currently approved collection.

*Respondents/Affected Public:* Private Sector; State, Local, and Tribal Governments; Individuals and Households.

*Total Estimated Number of Annual Responses:* 2,503,922.

*Total Estimated Number of Annual Burden Hours:* 764,450.

*Abstract:* The Department of Education (the Department) amended the Student Assistance General Provisions regulations issued under the Higher Education Act of 1965, as amended (HEA), to implement the changes made to the Student Assistance General Provisions regulations—Subpart K—Cash Management § 668.164—Disbursing funds. These regulations are
