

provide Formula Grants to its Grantees (State Energy Offices). Grantees will use Formula Grants for similar activities as their Annual Appropriations grants, and Grantees will similarly be required to submit Annual Historic Preservation Reports for these IJA grants. *Energy Efficiency Revolving Loan Fund Capitalization Grant Program*: The IJA appropriated \$250,000,000 to SEP to establish the Energy Efficiency Revolving Loan Fund Capitalization Grant Program, through which SEP will provide Capitalization Grants to SEP Grantees to establish revolving loan fund financing programs for energy efficiency projects in residential and commercial buildings. The grants will be allocated in part according to SEP's existing allocation formula, and development and implementation of financing programs are already a subset of activities for which Grantees can and have used Annual Appropriations grants. *Energy Auditor Training Grant Program*: The IJA appropriated \$40,000,000 to SEP to establish the Energy Auditor Training Grant Program, through which SEP will provide grants to certain SEP Grantees to train individuals to conduct energy audits or surveys of commercial and residential buildings.

*Energy Efficiency and Conservation Block Grant (EECBG)*: This ICR will also include Historic Preservation reporting for the financing programs funded by the EECBG Program under the American Recovery and Reinvestment Act (ARRA) that grantees are required to report on into perpetuity. Through section 40552(b) of IJA, Congress appropriated \$550,000,000 to the EECBG Program for fiscal year 2022, to remain available until expended. The EECBG Program provides Federal grants to states, units of local government, and Indian tribes to assist eligible entities in implementing strategies to reduce fossil fuel emissions, to reduce total energy use, and to improve energy efficiency as outlined by the Program's authorizing legislation, title V, subtitle E of the Energy Independence, and Security Act of 2007 (EISA). EECBG Program grantees will be required to submit Annual Historic Preservation Reports. EECBG does not receive annual appropriations but was previously funded by ARRA in 2009. A portion of ARRA EECBG Program grantees that chose to fund and administer financing programs continue to report annually on Historic Preservation and are included in this ICR.

*Weatherization Assistance Program (WAP)*: The third and final component of this ICR is the Historic Preservation Reporting for the WAP Formula and

Competitive Grant activities. On March 15, 2022, the President signed the Consolidated Appropriations Act of 2021, which appropriated \$334,000,000 to the WAP. In addition, the IJA appropriated \$3.5 billion for WAP. These funds are available for WAP formula activities along with WAP competitive grant recipients, all of which will be required to complete annual Historic Preservation Reports. (5) *Annual Estimated Number of Respondents*: 2,863; (6) *Annual Estimated Number of Total Responses*: 3,105; (7) *Annual Estimated Number of Burden Hours*: 6,548; (8) *Annual Estimated Reporting and Recordkeeping Cost Burden*: \$363,217.56.

*Statutory Authority*: Title V, National Historic Preservation Act of 1966, Public Law 89-665 as amended (16 U.S.C. 470 *et seq.*).
