SUPPLEMENTARY INFORMATION:

I. Abstract

The U.S. Census Bureau plans to request a three-year extension of the current Office of Management and Budget (OMB) clearance of the Questionnaire for Building Permit Official (SOC-QBPO). The Census Bureau uses the Computer-Assisted Personal Interviewing (CAPI) electronic questionnaire SOC-QBPO to collect information from state and local building permit officials on: (1) the types of residential permits they issue, (2) the length of time a permit is valid, (3) how they store permits, and (4) the geographic coverage of the permit system. We need this information to carry out the sampling for the Survey of Housing Starts, Sales, and Completions (OMB number 0607-0110), also known as Survey of Construction (SOC). The SOC provides widely used measures of construction activity, including the Principal Economic Indicators: New Residential Construction, and New Residential Sales.

The current OMB clearance is scheduled to expire on May 31, 2023. We will continue to use the current CAPI questionnaire. The overall length of the interview will not change, and the sample size will only receive a minor downward revision.

II. Method of Collection

The Census Bureau uses its field representatives to obtain information on the operating procedures of a permit office using the SOC–QBPO. The field representative visits the permit office, conducts the interview with office staff, and completes this electronic form.

III. Data

OMB Control Number: 0607–0125. *Form Number(s):* SOC–QBPO.

Type of Review: Regular submission, Request for an Extension, without Change, of a Currently Approved Collection.

Estimated Total Annual Cost to Public: \$0. (This is not the cost of respondents' time, but the indirect costs respondents may incur for such things as purchases of specialized software or hardware needed to report, or expenditures for accounting or records maintenance services required specifically by the collection.)

Respondent's Obligation: Voluntary. Legal Authority: Title 13 U.S.C. Sections 131 and 182.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Certain Magnesia Carbon Bricks From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2020–2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) continues to determine that the 30 companies subject to this administrative review of the antidumping duty (AD) order on certain magnesia carbon bricks from the People's Republic of China (China) are part of the China-wide entity because they did not demonstrate eligibility for separate rates. The period of review (POR) is September 1, 2020, through August 31, 2021.

DATES: Applicable October 13, 2022. **FOR FURTHER INFORMATION CONTACT:** Nathan James, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5305.

SUPPLEMENTARY INFORMATION:

Background

On June 9, 2022, Commerce published the preliminary results of this administrative review. We invited parties to comment on the *Preliminary Results*. No party submitted comments. Accordingly, the final results remain unchanged from the *Preliminary Results*.

Scope of the Order ²

The scope of the *Order* covers magnesia carbon bricks from China. For a complete description of the scope of the *Order*, see the *Preliminary Results*.

Final Results of Administrative Review

We received no comments, and made no changes to the Preliminary Results. We continue to find that the 30 companies subject to this review did not file a no-shipment certification, a separate rate application, or a separate rate certificate. Thus, Commerce continues to determine that these companies have not demonstrated their eligibility for separate rate status. In this administrative review, no party requested a review of the China-wide entity, and Commerce did not selfinitiate a review of the China-wide entity. Because no review of the Chinawide entity is being conducted, the China-wide entity rate is not subject to change as a result of this review. The rate previously established for the China-wide entity is 236.00 percent.3

Assessment Rates

Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review in accordance with section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act). For the 30 companies subject to this review, we will instruct CBP to apply the Chinawide rate of 236.00 percent to all entries of subject merchandise during the POR. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the Federal Register. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice, as provided by section 751(a)(2)(C) of the Act: (1) for previously investigated or reviewed Chinese and non-Chinese exporters that received a separate rate in a prior segment of this proceeding, and which were not assigned the Chinawide rate in this review, the cash deposit rate will continue to be the existing exporter-specific rate published for the most recently completed segment of this proceeding; (2) for all Chinese

exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the China-wide rate of 236.00 percent; and (3) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Orders

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.213(h) and 351.221(b)(5).

Dated: October 5, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.
