## Background

The Commission instituted these investigations effective April 24, 2024, following receipt of petitions filed with the Commission and Commerce by the American Alliance for Solar Manufacturing Trade Committee. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of CSPV products from Cambodia, Malaysia, Thailand and Vietnam were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and sold at LTFV within the meaning of 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on December 30, 2024 and subsequently after (89 FR 106578, December 30, 2024; 90 FR 1191, January 7, 2025; and 90 FR 2023, January 10, 2025). The Commission conducted its hearing on April 15, 2025. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to §§ 705(b) and 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on June 9, 2025. The views of the Commission are contained in USITC.

By order of the Commission.

<sup>4</sup> The Commission also finds that imports subject to Commerce's affirmative critical circumstances determination are not likely to undermine seriously the remedial effect of the countervailing and antidumping duty orders on CSPV products from Vietnam. Because of its threat determination, no critical circumstances findings with regard to imports of this product from Thailand were reached.

### Aluminum Wire and Cable From China

#### Determinations

On the basis of the record<sup>1</sup> developed in the subject five-year reviews, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that revocation of the countervailing and antidumping duty orders on aluminum wire and cable from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

#### Background

The Commission instituted these reviews on November 1, 2024 (89 FR 87401) and determined on February 4, 2025, that it would conduct expedited reviews (90 FR 11181, March 4, 2025).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on June 9, 2025. The views of the Commission are contained in USITC Publication 5635 (June 2025), entitled *Aluminum Wire and Cable from China: Investigation Nos. 701-TA-611 and 731-TA-1428 (Review)*.

### Silicon Metal From Angola, Australia, Laos, Norway, and Thailand

#### Determinations

On the basis of the record<sup>1</sup> developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of silicon metal from Australia, Laos, and Norway, provided for in subheadings 2804.69.10 and 2804.69.50 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value ("LTFV") and subsidized by the governments of Australia, Laos, and Norway. The Commission also determines that there is a reasonable indication that a U.S. industry is threatened with material injury by reason of imports of silicon metal from Angola that are allegedly sold in the United States at LTFV and imports of silicon metal from Thailand that are allegedly subsidized by the government of Thailand.<sup>2</sup>

#### Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in § 207.21 of the Commission's rules, upon notice from the U.S. Department of Commerce ("Commerce") of affirmative preliminary determinations in the investigations under §§ 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under §§ 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations.
