

National Environmental Policy Act

The issuance of an ITP is a Federal action that triggers the need for compliance with NEPA. We prepared a draft EA that analyzes the environmental impacts on the human environment resulting from three alternatives: A no-action alternative, the applicant's proposed action, and an early planning mitigation alternative.

Next Steps

The Service will evaluate the permit application and the comments received to determine whether the application meets the requirements of section 10(a) of the ESA. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the above findings, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue the requested ITP to the applicant.

Request for Public Comments

The Service invites comments and suggestions from all interested parties on the proposed HCP, draft EA and supporting documents during a 30-day public comment period (see **DATES**). In particular, information and comments regarding the following topics are requested:

1. The effects that implementation of any alternative could have on the human environment;
2. Whether or not the significance of the impact on various aspects of the human environment has been adequately analyzed; and
3. Any other information pertinent to evaluating the effects of the proposed action on the human environment including the Hine's Emerald Dragonfly, Blanding's Turtle, and the spotted turtle.

Availability of Public Comments

You may submit comments by one of the methods shown under **ADDRESSES**. We will post on <http://regulations.gov> all public comments and information received electronically or via hardcopy. All comments received, including names and addresses, will become part of the administrative record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we

cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Authority

We provide this notice under section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.22) and the NEPA (42 U.S.C. 4371 *et seq.*) and its implementing regulations (40 CFR 1506.6; 43 CFR part 46).

Lori Nordstrom,

Assistant Regional Director, Ecological Services.

Endangered and Threatened Wildlife and Plants; Draft Habitat Conservation Plan and Draft Categorical Exclusion for the Santa Barbara County Distinct Population Segment of the California Tiger Salamander; Santa Maria Public Airport District Santa Maria Airport Commercial Center Project, Santa Barbara County, California

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, announce the availability of a draft habitat conservation plan (HCP) and draft categorical exclusion (CatEx) for activities associated with an application for an incidental take permit (ITP) under the Endangered Species Act of 1973, as amended. The ITP would authorize take of the Santa Barbara County distinct population segment of the California tiger salamander incidental to activities associated with construction near the Santa Maria Airport in Santa Barbara County, California. The applicant developed the draft HCP as part of their application for an ITP. The Service prepared a draft low-effect screening form and environmental action statement in accordance with the National Environmental Policy Act to evaluate the potential effects to the natural and human environment resulting from issuing an ITP to the

applicant. We invite public comment on these documents.

DATES: Written comments should be received on or before April 28, 2021.

ADDRESSES:

Obtaining Documents: You may download a copy of the draft HCP and draft CatEx at <http://www.fws.gov/ventura/>, or you may request copies of the documents by U.S. mail (below) or by phone (see **FOR FURTHER INFORMATION CONTACT**).

Submitting Written Comments: Please send us your written comments using one of the following methods:

- **U.S. mail:** Stephen P. Henry, Field Supervisor, Ventura Fish and Wildlife Office, U.S. Fish and Wildlife Service, 2493 Portola Road, Suite B, Ventura, CA 93003.

- **Email:** joseph_brandt@fws.gov.

FOR FURTHER INFORMATION CONTACT:

Joseph Brandt, Fish and Wildlife Biologist, by email (see **ADDRESSES**), via phone at (805) 677-3324, via the Federal Relay Service at 1-800-877-8339 for TTY assistance, or by mail (see **ADDRESSES**).

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), announce the availability of a draft habitat conservation plan (HCP) and draft low-effect screening form and environmental action statement for activities associated with an application for an incidental take permit (ITP) under section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The ITP would authorize take of the Santa Barbara County distinct population segment of the California tiger salamander (*Ambystoma californiense*) incidental to activities associated with the construction of commercial urban developed uses over an 28-acre project site near the Santa Maria Airport in Santa Barbara County, California. The site would be fully developed with urban uses and a water detention basin. The applicant developed the draft HCP as part of their application for an ITP. The Service prepared a draft low-effect screening form and environmental action statement in accordance with the National Environmental Policy Act of 1969 (NEPA; 42 U.S.C. 4321 *et seq.*) to evaluate the potential effects to the natural and human environment resulting from issuing an ITP to the applicant. We invite public comment on all of these documents.

Background

The Service listed the Santa Barbara County DPS of the California tiger salamander as endangered on September 21, 2000 (65 FR 57242).

Section 9 of the ESA prohibits take of fish and wildlife species listed as endangered (16 U.S.C. 1538). Under the ESA, “take” is defined to include the following activities: “to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct” (16 U.S.C. 1532). Under section 10(a)(1)(B) of the ESA (16 U.S.C. 1539(a)(1)(B)), we may issue permits to authorize take of listed fish and wildlife species that is incidental to, and not the purpose of, carrying out an otherwise lawful activity. Regulations governing incidental take permits for endangered species are in the Code of Federal Regulations (CFR) at 50 CFR 17.22. Issuance of an ITP also must not jeopardize the existence of federally listed fish, wildlife, or plant species, pursuant to section 7 of the ESA and 50 CFR 402.02. The permittee would receive assurances under our “No Surprises” regulations (50 CFR 17.22(b)(5)).

Proposed Activities

The applicant has applied for a permit for incidental take of the Santa Barbara County DPS of the California tiger salamander. The take would occur in association with the construction of commercial urban developed uses over an 28-acre project site near the Santa Maria Airport in Santa Barbara County, California.

The HCP includes avoidance and minimization measures for the Santa Barbara County DPS of the California tiger salamander and mitigation for unavoidable loss of habitat. As mitigation, the applicant proposes to purchase credits from a Service-approved conservation bank.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public view, we cannot guarantee that we will be able to do so.

Authority

We provide this notice under section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.22) and NEPA (42 U.S.C. 4321

et seq.) and its implementing regulations (40 CFR 1506.6).

Stephen Henry,

Field Supervisor, Ventura Fish and Wildlife Office, Ventura, California.

Draft Environmental Assessment and Proposed Habitat Conservation Plan; Receipt of an Application for an Incidental Take Permit, Bitter Ridge Wind Farm, Jay County, Indiana

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comment and information.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service) have received an application from Scout Clean Energy’s Bitter Ridge Wind Farm, LLC (applicant), for an incidental take permit (ITP) under the Endangered Species Act (ESA), for its Bitter Ridge Wind Farm (project). The applicant requests the ITP, which would be for a 35-year period, for the take of the federally listed endangered Indiana bat and threatened northern long-eared bat incidental to the otherwise lawful activities associated with the Bitter Ridge Wind Farm. The applicant proposes a conservation program to minimize and mitigate for the unavoidable incidental take as described in their Habitat Conservation Plan. The Service requests public comment on the application, which includes the applicant’s proposed HCP, and the Service’s draft environmental assessment, prepared pursuant to the National Environmental Policy Act (NEPA). The Service provides this notice to seek comments from the public and Federal, Tribal, State and local governments.

DATES: We will accept comments received or postmarked on or before April 28, 2021.

ADDRESSES:

Document availability: Electronic copies of the documents this notice announces, along with public comments received, will be available online in Docket No. FWS-R3-ES-2020-0121 at <http://www.regulations.gov>.

Comment submission: In your comment, please specify whether your comment addresses the proposed HCP,

draft EA, or any combination of the aforementioned documents, or other supporting documents. You may submit written comments by one of the following methods:

- *Online:* <http://www.regulations.gov>. Search for and submit comments on Docket No. FWS-R3-ES-2020-0121.

- *By hard copy:* Submit comments by U.S. mail to Public Comments Processing, Attn: Docket No. FWS-R3-ES-2020-0121; U.S. Fish and Wildlife Service; 5275 Leesburg Pike, MS: PRB/3W; Falls Church, VA 22041-3803.

FOR FURTHER INFORMATION CONTACT:

Scott Pruitt, Field Supervisor, Bloomington, Indiana, Ecological Services Field Office, U.S. Fish and Wildlife Service, 620 South Walker Street, Bloomington, IN 47403; telephone: 812-334-4261, extension 214; or Andrew Horton, Regional HCP Coordinator, U.S. Fish and Wildlife Service—Interior Region 3, 5600 American Blvd., West, Suite 990, Bloomington, MN 55437-1458; telephone: 612-713-5337.

Individuals who are hearing impaired or speech impaired may call the Federal Relay Service at 1-800-877-8339 for TTY assistance.

SUPPLEMENTARY INFORMATION:

Background

Section 9 of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and its implementing regulations prohibit the “take” of animal species listed as endangered or threatened. Take is defined under the ESA as to “harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect “listed animal species,” or to attempt to engage in such conduct” (16 U.S.C. 1538). However, under section 10(a) of the ESA, we may issue permits to authorize incidental take of listed species. “Incidental take” is defined by the ESA as take that is incidental to, and not the purpose of, carrying out an otherwise lawful activity. Regulations governing incidental take permits for endangered and threatened species, respectively, are found in the Code of Federal Regulations at 50 CFR 17.22 and 50 CFR 17.32.

Applicant’s Proposed Project

The applicant requests a 35-year ITP for take of the federally endangered Indiana bat (*Myotis sodalis*) and threatened northern long-eared bat (*Myotis septentrionalis*). The applicant determined that wind farm activities on this land are reasonably certain to result in incidental take of these federally listed covered species. Activity that
