

discrimination, but the Department may use data to develop risk-based enforcement practices. As such, in the 2025–26 survey, institutions should anticipate providing admissions data for the 2020–21 through 2025–26 academic years. Similarly, graduation rates reported in the 2025–26 survey should cover not only academic year 2024–25, but also academic years 2019–20 through 2023–24.

Directed Questions. The Department invites you to submit all aspects of the proposed data collection. We are particularly interested in commenters’ feedback on the questions listed below.

(1) *Applicable Institutions.* The Department is interested in feedback pertaining to the types of institutions required to complete the ACTS component, including whether there are other objective characteristics that the Department could use to identify institutions that have a low-risk or high-risk of noncompliance with Title VI. In addition, the Department is interested in feedback regarding whether open-enrollment institutions are at-risk of noncompliance with respect to scholarship awarding practices that provide preferential treatment based upon race. Feedback received will help to inform us as to whether we should narrow or expand the scope of institutions required to complete the ACTS component.

(2) *Time Burden.* The Department is interested in feedback pertaining to the anticipated amount of time it will take for your institution to compile and

submit the anticipated data elements in ACTS.

Brian Fu,
*Acting Chief Data Officer Office of Planning,
Evaluation and Policy Development.*

Records Governing Off-The-Record
Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part

of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. Each filing may be viewed on the Commission’s website at <http://www.ferc.gov> using the eLibrary link. Email the Public Reference Room at public.referenceroom@ferc.gov.

Any questions regarding the proposed project should be directed to Blair Lichtenwalter, Senior Director, Regulatory Affairs, Rover Pipeline LLC, 1300 Main Street, Houston, Texas 77002, by telephone at (713) 989-2605, or by email at blair.lichtenwalter@energytransfer.com.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file comments on the project, you can protest the filing, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5:00 p.m. Eastern Time on September 2, 2025. How to file protests, motions to intervene, and comments is explained below.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and

navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Comments

Any person wishing to comment on the project may do so. Comments may include statements of support or objections, to the project as a whole or specific aspects of the project. The more specific your comments, the more useful they will be.

Protests

Pursuant to sections 157.10(a)(4)¹ and 385.211² of the Commission's regulations under the NGA, any person³ may file a protest to the application. Protests must comply with the requirements specified in section 385.2001⁴ of the Commission's regulations. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

To ensure that your comments or protests are timely and properly recorded, please submit your comments on or before 5:00 p.m. Eastern Time on September 2, 2025.

There are three methods you can use to submit your comments or protests to the Commission. In all instances, please reference the Project docket number CP25-535-000 in your submission.

(1) You may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project;
