BILLING CODE 4140-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Proposed Collection; 60-Day Comment Request: National Children's Study (NCS) Data Archive and Repository (NICHD)

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the *Eunice Kennedy Shriver* National Institute of Child Health and Human Development (NICHD), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Written comments and/or suggestions from the public and affected agencies are invited to address one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the

methodology and assumptions used; (3) the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

To Submit Comments and for Further Information: To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project, contact: Dr. Jack Moye, 6100 Executive Boulevard, Rockville Pike, MD 20891 or call 301-594-8624 or Email your request, including your address to: moyej@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

DATES: *Comment Due Date:* Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

Proposed Collection: National Children's Study (NCS) Data Archive and Repository, 0925-NEW, National Institute of Child Health and Human Development (NICHD), National Institutes of Health (NIH).

Need and Use of Information Collection: The primary use of this data archive and repository is to facilitate, document, track, monitor, and evaluate the access of NCS Vanguard Study data previously collected. There are two planned levels of data access associated

with NCS Vanguard Study data: (1) Through a de-identified dataset containing key variables. Access requirements for the de-identified dataset would be modest, requiring that the investigators, promise not to attempt to re-identify participants, agree to cite the NCS as the source of the data, and submit a copy of any paper submitted or published using the data; (2) through a secure, virtual data enclave wherein users could access and analyze data, provided that they describe their research plan, submit IRB approval documentation, complete a Data User Agreement (DUA) DUA, and agree to submit a copy of any paper submitted or published using the data. In the planned virtual data enclave, the investigator cannot download any participant-level data for use outside of the protected analytic environment. Upon approval of the research project the data files specified in the DUA would be placed in the investigator's project space within the data enclave by the enclave staff. Final analytic results would be screened by the enclave staff for identifiable information prior to release back to the investigator.

There is no plan to publish the data collected under this request. These data are for internal monitoring purposes to assess the enclave resource requirements.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 154.

ESTIMATED ANNUALIZED BURDEN HOURS

Form	Number of respondents	Frequency of response	Average time per response (in hours)	Total annual burden hour
De-identified data access	300	1	10/60	50
Enclave data access	100	1	1	100
Additional data access	50	1	5/60	4

FOR FURTHER INFORMATION CONTACT:

Michael P. Dean, Revenue Division, Collection and Refunds Branch, 6650 Telecom Drive, Suite #100, Indianapolis, Indiana 46278; telephone (317) 614-4882.

SUPPLEMENTARY INFORMATION:

Background

Pursuant to 19 U.S.C. 1505 and Treasury Decision 85-93, published in the **Federal Register** on May 29, 1985 (50 FR 21832), the interest rate paid on applicable overpayments or underpayments of customs duties must be in accordance with the Internal Revenue Code rate established under 26 U.S.C. 6621 and 6622. Section 6621

provides different interest rates applicable to overpayments: one for corporations and one for non-corporations.

The interest rates are based on the Federal short-term rate and determined by the Internal Revenue Service (IRS) on behalf of the Secretary of the Treasury on a quarterly basis. The rates effective for a quarter are determined during the first-month period of the previous quarter.

In Revenue Ruling 2015-05, the IRS determined the rates of interest for the calendar quarter beginning April 1, 2015, and ending on June 30, 2015. The interest rate paid to the Treasury for underpayments will be the Federal short-term rate (1%) plus two percentage points (2%) for a total of three percent (3%) for both corporations

and non-corporations. For corporate overpayments, the rate is the Federal short-term rate (1%) plus one percentage point (1%) for a total of two percent (2%). For overpayments made by non-corporations, the rate is the Federal short-term rate (1%) plus two percentage points (2%) for a total of three percent (3%). These interest rates are subject to change for the calendar quarter beginning July 1, 2015, and ending September 30, 2015.

For the convenience of the importing public and U.S. Customs and Border Protection personnel the following list of IRS interest rates used, covering the period from before July of 1974 to date, to calculate interest on overdue accounts and refunds of customs duties, is published in summary format.
