Cotton Board Rules and Regulations: Adjusting Supplemental Assessment on Imports, (2002 Amendments)

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: The Agricultural Marketing Service (AMS) is amending the Cotton Board Rules and Regulations by lowering the value assigned to imported cotton for the purpose of calculating supplemental assessments collected for use by the Cotton Research and Promotion Program. An adjustment is required on an annual basis to ensure that the assessments collected on imported cotton and the cotton content of imported products remain similar to those paid on domestically produced cotton.

EFFECTIVE DATE: June 27, 2002.

FOR FURTHER INFORMATION CONTACT: Whitney Rick, Chief, Research and Promotion Staff, Cotton Program, AMS, USDA, Stop 0224, 1400 Independence Ave., SW, Washington, DC 20250-0224, telephone (202) 720-2259, facsimile (202) 690-1718, or email at whitney.rick@usda.gov.

SUPPLEMENTARY INFORMATION:

Executive Order 12866

The Office of Management and Budget has waived the review process required by Executive Order 12866 for this action.

Executive Order 12988

This rule has been reviewed under Executive Order 12988, Civil Justice Reform. It is not intended to have retroactive effect. This rule would not preempt any state or local laws, regulations, or policies, unless they present an irreconcilable conflict with this rule.

The Cotton Research and Promotion Act provides that administrative proceedings must be exhausted before parties may file suit in court. Under Section 12 of the Act, any person subject to an order may file with the Secretary a petition stating that the order, any provision of the plan, or any obligation imposed in connection with the order is not in accordance with law and requesting a modification of the order or to be exempted therefrom. Such person is afforded the opportunity for a

hearing on the petition. After the hearing, the Secretary would rule on the petition. The Act provides that the District Court of the United States in any district in which the person is an inhabitant, or has his principal place of business, has jurisdiction to review the Secretary's ruling, provided a complaint is filed within 20 days from the date of the entry of ruling.

Regulatory Flexibility Act

Pursuant to requirements set forth in the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 et seq.) AMS has considered the economic impact of this action on small entities and has determined that its implementation will not have a significant economic impact on a substantial number of small businesses.

There are an estimated 10,000 importers who are presently subject to rules and regulations issued pursuant to the Cotton Research and Promotion Order. This rule will affect importers of cotton and cotton-containing products. The majority of these importers are small businesses under the criteria established by the Small Business Administration. This rule will lower the assessments paid by the importers under the Cotton Research and Promotion Order. Even though the assessment would be lowered, the decrease is small and will not significantly affect small businesses. The current assessment on imported cotton is \$0.009965 per kilogram of imported cotton. The new assessment is \$0.00862, a decrease of \$0.001345 or a 13.5 percent decrease. From January through December 2001 approximately \$22 million was collected. Should the volume of cotton products imported into the U.S. remain at the same level in 2002, one could expect the decreased assessment to generate approximately \$19 million or a 13.5 percent decrease from 2001.

Paperwork Reduction

In compliance with Office of Management and Budget (OMB) regulations (5 CFR Part 1320) which implement the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 et seq.) the information collection requirements contained in the regulation to be amended have been previously approved by OMB and were assigned control number 0581-0093.

Background

The Cotton Research and Promotion Act Amendments of 1990 enacted by Congress under Subtitle G of Title XIX of the Food, Agriculture, Conservation and Trade Act of 1990 on November 28, 1990, contained two provisions that

authorized changes in the funding procedures for the Cotton Research and Promotion Program.

These provisions are: (1) The assessment of imported cotton and cotton products; and (2) termination of the right of cotton producers to demand a refund of assessments. An amended Cotton Research and Promotion Order was approved by producers and importers voting in a referendum held July 17–26, 1991, and the amended Order was published in the **Federal Register** on December 10, 1991, (56 FR 64470). A proposed rule implementing the amended Order was published in the **Federal Register** on December 17, 1991, (56 FR 65450). Implementing rules were published on July 1 and 2, 1992, (57 FR 29181) and (57 FR 29431), respectively.

This rule will decrease the value assigned to imported cotton in the Cotton Board Rules and Regulations (7 CFR 1205.510(b)(2)). This value is used to calculate supplemental assessments on imported cotton and the cotton content of imported products. Supplemental assessments are the second part of a two-part assessment. The first part of the assessment is levied on the weight of cotton produced or imported at a rate of \$1 per bale of cotton which is equivalent to 500 pounds or \$1 per 226.8 kilograms of cotton.

Supplemental assessments are levied at a rate of five-tenths of one percent of the value of domestically produced cotton, imported cotton, and the cotton content of imported products. The agency has adopted the practice of assigning the calendar year weighted average price received by U.S. farmers for Upland cotton to represent the value of imported cotton. This is done so that the assessment on domestically produced cotton and the assessment on imported cotton and the cotton content of imported products remain similar. The source for the average price statistic

is “Agricultural Prices”, a publication of the National Agricultural Statistics Service (NASS) of the Department of Agriculture. Use of the weighted average price figure in the calculation of supplemental assessments on imported cotton and the cotton content of imported products yields an assessment that approximates assessments paid on domestically produced cotton in the prior calendar year.

The current value of imported cotton as published in the **Federal Register** (66 FR 58051) on November 20, 2001, for the purpose of calculating supplemental assessments on imported cotton is \$1.1111 per kilogram. This number was calculated using the annual weighted average price received by farmers for Upland cotton during the calendar year 2000 which was \$0.504 per pound and multiplying by the conversion factor 2.2046. Using the Average Weighted Price Received by U.S. farmers for Upland cotton for the calendar year 2001, which is \$0.382 per pound, the new value of imported cotton is \$0.8422 per kilogram. The amended value is \$.2689 per kilogram less than the previous value.

An example of the complete assessment formula and how the various figures are obtained is as follows:

One bale is equal to 500 pounds.

One kilogram equals 2.2046 pounds.

One pound equals 0.453597 kilograms.

One Dollar Per Bale Assessment Converted to Kilograms

A 500 pound bale equals 226.8 kg. ($500 \times .453597$).

\$1 per bale assessment equals \$0.002000 per pound ($\frac{1}{500}$) or \$0.004409 per kg. ($1/226.8$).

Supplemental Assessment of $\frac{5}{10}$ of One Percent of the Value of the Cotton Converted to Kilograms.

The 2001 calendar year weighted average price received by producers for

Upland cotton is \$0.382 per pound or \$0.8422 per kg. (0.382×2.2046).

Five tenths of one percent of the average price in kg. equals \$0.004211 per kg. ($0.8422 \times .005$).

Total Assessment

The total assessment per kilogram of raw cotton is obtained by adding the \$1 per bale equivalent assessment of \$0.004409 per kg. and the supplemental assessment \$0.004211 per kg. which equals \$0.00862 per kg.

The current assessment on imported cotton is \$0.009965 per kilogram of imported cotton. The amended assessment is \$0.00862, a decrease of \$0.001345 per kilogram. This decrease reflects the decrease in the Average Weighted Price of Upland Cotton Received by U.S. Farmers during the period January through December 2001.

Since the value of cotton is the basis of the supplemental assessment calculation and the figures shown in the right hand column of the Import Assessment Table 1205.510(b)(3) are a result of such a calculation, the figures in this table have been revised. These figures indicate the total assessment per kilogram due for each Harmonized Tariff Schedule (HTS) number subject to assessment.

A proposed rule with request for comments was published in the **Federal Register** (67 FR 15495) on April 2, 2002. No comments were received during the period (April 2 through May 2, 2002).

Several changes in the harmonized tariff schedule numbering have occurred. Modifications to the harmonized tariff schedule were published in the December 26, 2001, **Federal Register** at 66 FR 66549 (Proclamation 7515 of December 18, 2001, by the President of the United States of America). Protective Orders in Immigration Administrative Proceedings

AGENCY: Executive Office for Immigration Review, Justice.

ACTION: Interim rule with request for comments.

SUMMARY: This interim rule amends regulations governing the Executive Office for Immigration Review (“EOIR”) by authorizing immigration judges to issue protective orders and seal records relating to law enforcement or national security information. The rule will apply in all immigration proceedings before EOIR. This rule is necessary to ensure that sensitive information can be protected from general disclosure while affording use of that information by the respondent, the immigration judges, the Board of Immigration Appeals, and reviewing courts.

DATES: Effective date: This rule is effective May 21, 2002.

Comment date: Written comments must be submitted on or before July 29, 2002.

ADDRESSES: Please submit written comments to Charles Adkins-Blanch,

General Counsel, Executive Office for Immigration Review, 5107 Leesburg Pike, Suite 2600, Falls Church, Virginia 22041, telephone (703) 305–0470.

SUPPLEMENTARY INFORMATION:

Immigration Judge Authority to Issue Protective Orders and Seal Records

This interim rule amends 8 CFR 3.27 and 3.31, and adds 8 CFR 3.46 to authorize immigration judges to issue protective orders and accept documents under seal. This authority will ensure that sensitive law enforcement or national security information can be protected against general disclosure, while still affording full use of the information by the immigration judges, Board of Immigration Appeals, the respondent, and the courts.

The Immigration and Naturalization Service (“Service”) may need to introduce in immigration proceedings sensitive law enforcement or national security information. For example, the Service may need to introduce grand jury information or information that reveals the identity of confidential informants, witnesses, or sources to establish that release from custody of a particular respondent poses a danger to the safety of other persons under section 236 of the Immigration and Nationality Act (“Act”), 8 U.S.C. 1226. Similarly, the Service may need to introduce sensitive evidence of organized criminal activity, either in the United States or in a foreign country, to establish the basis on which the Service believes that the respondent “is or has been an illicit trafficker in any controlled substance” under section 212(a)(2)(C)(i) of the Act, 8 U.S.C. 1182(a)(2)(C)(i), and is inadmissible. The disclosure of such information could clearly jeopardize ongoing criminal investigations and the safety of any sources and law enforcement officers. This rule is necessary to ensure that a respondent in proceedings will not disclose that information to individuals not authorized to possess the information.

This rule is also necessary because apparently innocuous law enforcement or national security information may be valuable to persons with a broader view of a subject. See generally, *McGehee v. Casey*, 718 F.2d 1137, 1149 (D.C. Cir. 1983) (“[d]ue to the mosaic-like nature of intelligence gathering, for example, [w]hat may seem trivial to the uninformed may appear of great

moment to one who has a broad view of the scene and may put the questioned item of information in context”) (internal quotations omitted). Certain circumstances may therefore require that access to information submitted to an immigration judge be restricted. This regulation provides immigration judges and the Service with the flexibility to protect this information where necessary.

In this post-September 11, 2001, era, the highest priority of the Department of Justice (“Department”) is to prevent, detect, disrupt, and dismantle terrorism while preserving constitutional liberties. The intelligence and law enforcement communities’ ability to collect and protect information relating to terrorist organizations is vital to the success of the United States’ mission against terrorism. Failure to protect sensitive information may impede future collection efforts or aid terrorists who seek to harm Americans by revealing the thrust, sources, and methods of the Government’s investigations. Disclosures of such sensitive information could allow terrorists to discern patterns in an investigation, enabling them to evade detection in the future. Disclosure of sensitive information could also reveal the identity of witnesses, allowing terrorists to threaten those witnesses or their families, and to make all witnesses less likely to cooperate. Such disclosures could also give terrorists clues as to what the Government knows and, sometimes more importantly, what the Government does not know. Such information could enable terrorists to adjust their plans in ways that avoid Government detection and that further endanger American lives. The Third Circuit recently recognized this principle:

“We are not inclined to impede investigators in their efforts to cast out, root and branch, all vestiges of terrorism both in our homeland and in far off lands. As the [Supreme] Court has stated:

‘Few interests can be more compelling than a nation’s need to ensure its own security. It is well to remember that freedom as we know it has been suppressed in many countries. Unless a society has the capability and will to defend itself from the aggressions of others, constitutional protections of any sort have little meaning.’

Wayte v. United States, 470 U.S. 598, 611–612 (1985).”

Kiareldene v. Ashcroft, 273 F.3d 542, 555–56 (3d Cir. 2001). The premise of this interim rule is that ongoing investigations require that sensitive information be protected from general disclosure in immigration proceedings
