General Cable Corp., Biccgeneral Cable Industries, Inc., Outside Voice and Data Telecommunications Div., Bonham, TX; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on October 21, 2002, applicable to workers of General Cable Corp., Outside Voice and Data Telecommunications Div., Bonham, Texas. The notice was published in the **Federal Register** on November 5, 2002 (67 FR 67420).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of copper telephone cable.

New information shows that for approximately six months, General Cable Corp., Outside Voice and Data Telecommunications Div. was operating under the name of Biccgeneral Cable Industries, Inc. and that workers separated from employment at the subject firm had their wages reported under a separate unemployment insurance (UI) tax account for Biccgeneral Cable Industries, Inc.

Accordingly, the Department is amending the certification to properly reflect this matter.

The intent of the Department's certification is to include all workers of General Cable Corp., Outside Voice and Data Telecommunications Div., Bonham, Texas who were adversely affected by increased imports.

The amended notice applicable to TA-W-41,820 is hereby issued as follows:

All workers of General Cable Corp., Biccgeneral Cable Industries, Inc., Outside Voice and Data Telecommunications Div., Bonham, Texas, who became totally or partially separated from employment on or after June 24, 2001, through October 21, 2004, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC this 9th day of April 2003.

Intertape Polymer Group, Menasha Division, Menasha, WI; Notice of Revised Determination on Reconsideration

By application of February 20, 2003, the company and the Paper, Allied-Industrial, Chemical and Energy Workers International Union (PACE) Local 7-0727 requested administrative reconsideration regarding the Department's Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to the workers of the subject firm.

The initial investigation resulted in a negative determination issued on October 11, 2002, based on the finding that imports of water activated sealing tape did not contribute importantly to worker separations at the subject firm plant. The denial notice was published in the **Federal Register** on February 6, 2003 (68 FR 6210).

To support the request for reconsideration, the company supplied additional information to supplement that which was gathered during the initial investigation. Upon further review, it was revealed that the company produced several types of "carton sealing tape," including water activated tape. Increased reliance on company imports of pressure sensitive tape, a type of carton sealing tape, was originally revealed in an investigation of a subject firm affiliate: specifically, Intertape Polymer Group, Central Products Company, Richmond, Kentucky (TA-W-40,783). As a result of this discovery, the Department has determined that the company's increased reliance on imports of pressure sensitive tape ("like or directly competitive" with what the subject plant produced) may be established as replacing subject firm production, thus contributing to the layoffs at the subject plant.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with those produced at Intertape Polymer Group, Menasha Division, Menasha, Wisconsin, contributed importantly to the declines in sales or production and to the total or partial separation of workers at the subject firm.
