Director, NPS Chesapeake Bay Program Office, 410 Severn Avenue, Suite 109, Annapolis MD, 21403, or 800 YOUR BAY (968-7229).

It is National Park Service practice to make comments, including names and addresses of respondents, available for public review. Individual respondents may request that we withhold their address from the record, which we will honor to the extent allowable by law. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

Dated: April 9, 2003.

Dale Ditmanson,

Acting Director, Northeast Region.

Final Supplemental Environmental Impact Statement General Management Plan Amendment for a Visitor Learning Center Great Basin National Park White Pine County, Nevada; Notice of Approval of Record of Decision

Summary: Pursuant to "102(2)(C) of the National Environmental Policy Act of 1969 (Pub. L. 91-190, as amended) and the regulations promulgated by the Council on Environmental Quality (40 CFR 1505.2), the Department of the Interior, National Park Service has prepared and approved a Record of Decision for the Final Supplemental Environmental Impact Statement (SEIS) and General Management Plan Amendment for Great Basin National Park. The no-action period was initiated April 4, 2003, with the U.S. Environmental Protection Agency's Federal Register notification of the filing of the Final SEIS.

Decision: As soon as practical the National Park Service will begin to implement the amended General Management Plan described as the *Proposed Action (Alternative 2)* contained in the Final SEIS. This alternative was deemed to be the "environmentally preferred" alternative. This course of action and two alternatives were identified and analyzed in the Final and Draft SEIS

(the latter was distributed in March-April, 2002). The full range of foreseeable environmental consequences was assessed, and appropriate mitigation measures identified.

Alternatives and Review Comments:

The selected action (described as *Alternative 2* in the SEIS) modifies the 1993 General Management Plan and allows for constructing a park Visitor Learning Center on a previously disturbed 80 acre site located at the outskirts of the town of Baker, Nevada (rather than on an undisturbed site located within the park approximately 6 miles outside the town of Baker). In addition to a no-action alternative developed to provide a comparative baseline for assessing environmental consequences, a third alternative of not constructing a new Visitor Learning Center and relying on the Lehman Caves Visitor Center as the only orientation facility was also evaluated.

From the initial scoping period in December 1999 through the opportunity to review and comment on the Draft SEIS (ending in June 2002), a total of nine public comment letters were received. Only minor points were raised, and no respondents objected to the proposed amendment. The Final SEIS was released in April 2003; no responses were received during the no-action period. Consultations with interested Tribes, the Environmental Protection Agency, and the state of Nevada resulted in no substantive changes to the proposal.

Copies: Interested parties desiring to review the Record of Decision may obtain a copy by contacting the Superintendent, Great Basin National Park, Baker, Nevada, 89311; or via telephone request at (775) 234-7331.

Dated: May 29, 2003.

Patricia L. Neubacher,

Acting Regional Director, Pacific West Region.

Statue of Liberty NM and Ellis Island, New York and New Jersey; Notice of Availability of Draft Environmental Impact Statement

In accordance with the National Environment Policy Act of 1969 (Pub. L. 91-109 section 102(c)), the National Park Service (NPS) has prepared a Draft Environmental Impact Statement (DEIS) for Ellis Island located in upper New York Harbor, within the States of New

Jersey and New York. The purpose of the DEIS is to assess the environmental consequences of alternative management strategies for the rehabilitation and adaptive reuse of 30 abandoned and deteriorating buildings on Ellis Island and limited service and emergency access that is described in a Development Concept Plan (DCP) that forms the basis for the DEIS.

Copies of the DCP/DEIS are available in hard copy or Compact Disk and may be obtained by contacting the Superintendent, Statue of Liberty NM and Ellis Island, Ellis Island Receiving Office, Jersey City, NJ 07305. The DCP/DEIS may also be accessed via the park's Web site at www.nps.gov/elis.

The NPS will also hold informational meetings in New Jersey and Manhattan to present the management strategies and to provide the public with an opportunity to comment.

Meeting times and locations will be posted in area newspapers and on the park's Web site noted above.

Written comments may be sent to the Superintendent until August 8, 2003. After public and interagency review of the draft document comments will be considered, and a Final EIS and Record of Decision shall be prepared.

Dated: May 16, 2003.

Robert W. McIntosh, Jr.,

Associate Regional Director, Planning and Partnerships, Northeast Region, National Park Service.

BILLING CODE 4312–51–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731–TA–1013 (Final)]

Saccharin From China

Determination

On the basis of the record ¹ developed in the subject investigation, the United States International Trade Commission (Commission) determines, pursuant to section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act), that an industry in the United States is materially injured by reason of imports from China of saccharin, provided for in subheading 2925.11.00 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce (Commerce) to be sold in the United States at less than fair value (LTFV).

Background

The Commission instituted this investigation effective July 11, 2002, following receipt of a petition filed with the Commission and Commerce by PMC Specialties Group, Inc., Cincinnati, OH. The final phase of the investigation was scheduled by the Commission following notification of a preliminary determination by Commerce that imports of saccharin from China were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigation and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of January 14, 2003 (68 FR 1860).² The hearing was held in Washington, DC, on May 15, 2003, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determination in this investigation to the Secretary of Commerce on June 25, 2003. The views of the Commission are contained in USITC Publication 3606 (June 2003), entitled *Saccharin From China: Investigation No. 731–TA–1013 (Final)*.

By order of the Commission.

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

² On February 11, 2003, Commerce published notice of postponement of its final determination (68 FR 6885) and extended the due date to May 12, 2003. Subsequently, the Commission published notice of a revised schedule for the final phase of its investigation (68 FR 8783, February 25, 2003).
