SUPPLEMENTARY INFORMATION: The GLAB is a federal advisory committee chartered under the Federal Advisory Committee Act (FACA), Public Law 92–463. The GLAB consists of 18 members, including a chairperson, appointed by EPA's Administrator. Members serve as representatives of state, local and tribal government, environmental groups, agriculture, business, transportation, foundations, educational institutions and as technical experts.

Background: EPA is leading an interagency Great Lakes Restoration Initiative (GLRI) to protect and restore the Great Lakes.
