

of proposed rulemaking. Consequently, the RFA does not apply.

Unfunded Mandates Reform Act of 1995

In accordance with the Unfunded Mandates Reform Act (UMRA) of 1995, 2 U.S.C. 1501 *et seq.*, DEA has determined that this action would not result “in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100,000,000 or more (adjusted annually for inflation) in any 1 year.” Therefore, neither a Small Government Agency Plan nor any other action is required under UMRA of 1995.

Paperwork Reduction Act of 1995

This action does not impose a new collection of information requirement under the Paperwork Reduction Act of 1995. 44 U.S.C. 3501–3521.

Congressional Review Act

This final rule is not a major rule as defined by the Congressional Review Act (CRA), 5 U.S.C. 804. However, pursuant to the CRA, DEA is submitting a copy of this final rule to the Government Accountability Office, the House, and the Senate under the CRA.

Signing Authority

This document of the Drug Enforcement Administration was signed on September 26, 2022, by Administrator Anne Milgram. That document with the original signature and date is maintained by DEA. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DEA Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of DEA. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

List of Subjects in 21 CFR Part 1308

[Docket No. USCG–2022–0371]

RIN 1625–AA09

Drawbridge Operation Regulation; Atlantic Intracoastal Waterway (AICW) and Miami Beach Channel, Miami, FL

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Notice of temporary deviation from regulations; request for comments.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the West 79th Street Bridge crossing the Atlantic Intracoastal Waterway (AICW), mile 1084.6 at Miami, Florida, and the East 79th Street Bridge crossing Miami Beach Channel, mile 2.20 at Miami Beach, Florida. North Bay Village requested the Coast Guard consider placing additional weekday restrictions during rush hour on both drawbridges to assist with alleviating vehicle congestion. This deviation will test a proposed change to the drawbridge operation schedule to determine whether a permanent change to the schedule is needed. The Coast Guard is seeking comments from the public regarding these proposed changes.

DATES: This deviation is effective from 12:01 a.m. on October 1, 2022, through 11:59 p.m. on March 29, 2023.

Comments and relate material must reach the Coast Guard on or before December 29, 2022.

ADDRESSES: You may submit comments identified by docket number USCG–2022–0371 using Federal Decision Making Portal at <https://www.regulations.gov>.

See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this test deviation, call or email Ms. Jennifer

Zercher, Bridge Management Specialist, Seventh Coast Guard District; telephone 305–415–6740, email Jennifer.N.Zercher@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Background, Purpose and Legal Basis

The West 79th Street Bridge crossing the AICW, mile 1084.6, at Miami, FL, is a double-leaf bascule bridge with a 21 foot vertical clearance (25 feet charted at the center span) at mean high water in the closed position. The normal operating schedule for the bridge is set forth in 33 CFR 117.261 (mm-1). The East 79th Street Bridge crossing the Miami Beach Channel, mile 2.20, at Miami Beach, FL, is a double-leaf bascule bridge with a 21 foot vertical clearance at mean high water in the closed position. The normal operating schedule for the bridge is set forth in 33 CFR 117.304. Navigation on the waterways consists of recreational and commercial mariners.

North Bay Village with the support of the bridge owner, Florida Department of Transportation (FDOT), requested the Coast Guard consider allowing the drawbridges to remain closed to navigation during morning and evening rush hour with top of the hour openings provided at pre-determined times. North Bay Village is requesting this change to assist with alleviating vehicle traffic in the area.

On June 7, 2022, the Coast Guard published a notice of proposed rulemaking entitled, “Drawbridge Operation Regulation; Atlantic Intracoastal Waterway (AICW) and Miami Beach Channel, Miami, FL” in the **Federal Register** (87 FR 34601). We received one hundred twenty-six comments. Those comment will be addressed during the rulemaking.

Under this test deviation both drawbridges shall operate as follows, Monday through Friday, except Federal holidays, both drawbridges need only open on the hour between 7 a.m. and 10 a.m. Between 10 a.m. and 4 p.m., both drawbridges need only open on the hour and half hour. From 4 p.m. to 7 p.m., both drawbridges need only open on the hour. From 7 p.m. to 7 a.m., both drawbridges shall open on signal. Saturday, Sunday, and Federal holidays, both drawbridges shall open on signal. Vessels that can pass beneath the drawbridges without an opening may do so at any time.

The Coast Guard will also inform waterway users of the temporary change to the operating schedules via the Local and Broadcast Notice to Mariners so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridges must return to their regular operating schedules immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

II. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal Decision Making Portal at <https://www.regulations.gov>. To do so, go to <https://www.regulations.gov>, type USCG–2022–0371 in the search box and click “Search.” Next, look for this document in the Search Results column, and click on it. Then click on the Comment option. If your material cannot be submitted using <https://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

To view documents mentioned in this deviation as being available in the docket, find the docket as described in the previous paragraph, and then select “Supporting & Related Material” in the Document Type column. Public comments will also be placed in our online docket and can be viewed by following instructions on the <https://www.regulations.gov> Frequently Asked Questions web page. We review all comments received, but we will only post comments that address the topic of the deviation. We may choose not to post off-topic, inappropriate, or duplicate comments that we receive. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published of any posting or updates to the docket.

We accept anonymous comments. Comments we post to <https://www.regulations.gov> will include any personal information you have provided. For more about privacy and submissions in response to this document, see DHS’s eRulemaking System of Records notice (85 FR 14226, March 11, 2020).

Dated: September 19, 2022.

Randall D. Overton,
Director, Bridge Administration, Seventh Coast Guard District.

Coast Guard

33 CFR Part 165

[Docket Number USCG–2022–0799]

RIN 1625–AA00

Safety Zone; Atlantic Ocean, Cape Canaveral Offshore Launch Area, Cape Canaveral, FL

AGENCY: Coast Guard, DHS.

ACTION: Temporary interim rule and request for comments.

SUMMARY: The Coast Guard is establishing a temporary safety zone for waters of the Atlantic Ocean, adjacent to Cape Canaveral, FL. This safety zone would implement a special activities provision of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021. The Coast Guard is establishing this zone for the launch of the Artemis I rocket, which is being launched by the National Aeronautics and Space Administration (NASA). The temporary safety zone will be located within the Coast Guard District Seven area of responsibility offshore of Cape Canaveral, Florida. This temporary interim rule prohibits U.S.-flagged vessels from entering the temporary safety zone unless authorized by the District Commander, or the Captain of the Port of the Seventh Coast Guard District or a designated representative. Foreign-flagged vessels are encouraged to remain outside the safety zone. This action is necessary to protect vessels and waterway users from the potential hazards created by launch of the Artemis I rocket, flying over the U.S. Exclusive Economic Zone (EEZ).

DATES: This temporary interim rule is effective without actual notice September 30, 2022 through December 31, 2022. For the purposes of enforcement, actual notice will be used from September 27, 2022 until September 30, 2022.

ADDRESSES: You may submit comments identified by docket number USCG–2022–0799 using the Federal Decision Making Portal at <https://www.regulations.gov>. See the “Public Participation and Request for

Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email LT Ryan Gilbert, District Seven, Waterways Management Division, U.S. Coast Guard; telephone 305–415–6750, email Ryan.A.Gilbert@uscg.mil.

II. Background Information and Regulatory History

On January 1, 2021, the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Pub. L. 116–283) (Authorization Act) was enacted. Section 8343 (134 Stat. 4710) calls for the Coast Guard to conduct a 2-year pilot program to establish and implement a process to establish safety zones to address special activities,¹ including space activities carried out by United States (U.S.) citizens in the U.S. Exclusive Economic Zone (EEZ).² Terms used to describe space activities, including *launch*, are defined in 51 U.S.C. 50902.

The Coast Guard has long monitored space activities impacting the maritime domain and taken actions to ensure the safety of vessels and the public as needed during space launch operations. In conducting this activity, the Coast Guard engages with other government agencies, including the Federal Aviation Administration (FAA) and National Aeronautics and Space Administration (NASA). This engagement is necessary to ensure statutory and regulatory obligations are met to ensure the safety

¹ *Special Activities* means space activities, including launch and reentry, as such terms are defined in section 50902 of Title 51, United States Code, carried out by United States citizens.

² The Coast Guard defines the U.S. *exclusive economic zone* in 33 CFR 2.30(a). *Territorial sea* is defined in 33 CFR 2.22.
