I. Introduction

On November 17, 2014, the Postal Service filed a formal request to remove Return Receipt for Merchandise service from the Mail Classification Schedule (MCS).¹

To support its Request, the Postal Service filed a copy of the Governors' Decision authorizing the request, a Statement of Supporting Justification required by 39 CFR 3020.32, and proposed changes to the MCS.

The Postal Service seeks to remove Return Receipt for Merchandise service from both the Market Dominant and Competitive parts of the MCS. Request at 1; Attachment C. The Postal Service notes that the service does not provide purchasers with the ability to track packages online and is therefore outdated given the availability of alternative Ancillary Services that provide overlapping or improved features compared to those offered by Return Receipt for Merchandise. *Id.* at 2. The Postal Service states that the volumes and revenues for the service have declined over the past few years and that removal would allow the Postal Service to simplify the entire Ancillary Services product. *Id.* 2–3. The Postal Service also asserts that removal of the service will improve customer satisfaction by requiring customers to adopt alternative services that provide online tracking and other improved features. *Id.* at 3.
