RIN 2105-ADO4

Request for Public Comments and Office of Management and Budget (OMB) Approval of an Existing Information Collection (2105-0551)

AGENCY: Office of the Secretary (OST), DOT.

ACTION: Correction notice.

SUMMARY: This notice requests public participation in the Office of Management and Budget approval process for the renewal of an existing OST information collection. In compliance with the Paperwork Reduction Act of 1995, this notice announces that the Information Collection Request (ICR) described below has been forwarded to OMB for extension of the currently approved collection. The ICR describes the nature of the information and the expected burden. OST published a **Federal Register** notice soliciting comments on the following collection of information and received none. The purpose of this notice is to allow the public an additional 30 days from the date of this notice to submit comments and to make a correction to the recently published application to renew ICR 2105-0551, "Reporting Requirements for Disability-Related Complaints."

DATES: Comments on this notice must be received by July 9, 2007.

ADDRESSES: Comments on this action must refer to the docket and notice numbers cited at the beginning of this document and must be submitted to the Docket Management Facility, Office of

the Secretary, located at 1200 New Jersey Avenue, SE., West Building Ground Floor, Room W12-140, Washington, DC 20590. The DOT Docket Facility is open to the public from 9 a.m. to 5 p.m., Monday through Friday, except federal holidays. The telephone number is 202-366-9329. SUPPLEMENTARY INFORMATION: The application to renew this information collection request, which was published in the **Federal Register** on Thursday, March 1, 2007 (72 FR 9385), describes only one of the three information collection requirements imposed on the airlines by a July 8, 2003 final rule. More specifically, it addressed the requirement for each covered carrier to submit an annual report summarizing the disability-related complaint data but did not address the requirement for such carriers to record and categorize disability-related complaints that they receive according to type of disability and nature of complaint on a standard form nor the requirement for carriers to retain correspondence and record of action taken for all disability-related complaints. This notice provides detailed information about the two information collection requirements which were inadvertently not included in the March 2007 notice announcing the Department's intention to renew approval of the ICR on the "Reporting Requirements for Disability-Related Complaints" and corrects some of the information provided about the other information collection requirement (i.e., requirement to submit an annual report summarizing the disability-related complaint data). It also explains that the Department believes that the total burden hours for the three information collection requirements would be 3418 hours instead of 8753 hours as estimated in 2003.

The title, description, respondent description of the information collections and the annual recordkeeping and periodic reporting burden are provided below. It is worth noting that, while the formulas upon
