

2. Benefit Offset National Demonstration—0960–0785. SSA is undertaking the Benefit Offset National Demonstration (BOND)—a demonstration and evaluation of policy changes and services on the Social Security Disability Insurance (SSDI) program—in an effort to produce strong evidence about the effectiveness of potential solutions that would improve the historically very low rate of return to work among SSDI beneficiaries. Under current law, Social Security beneficiaries lose their SSDI benefit if they have earnings or work activity above the threshold of Substantial Gainful Activity. The benefit-offset component of this demonstration reduces benefits by \$1 for each \$2 in earnings above the BOND threshold, resulting in a gradual reduction in benefits as earnings increase. The

experimental design for BOND tests a benefit offset alone and in conjunction with enhanced work incentives counseling. The central research questions include:

- What is the effect of the benefit offset alone on employment and other outcomes?

- What is the effect of the benefit offset in combination with enhanced work incentives counseling on employment and other outcomes?

The public survey data collections have four components—an impact study, a cost-benefit analysis, a participation analysis, and a process study. The data collections are a primary source for data to measure the effects of a more generous benefit offset and the provision of enhanced work incentives counseling on SSDI beneficiaries' work efforts and earnings. Ultimately, these data will benefit

researchers, policy analysts, policy makers and the United States Congress in a wide range of program areas. The effects of BOND on the well-being of SSDI beneficiaries could manifest themselves in many dimensions and could be relevant to an array of other public programs. This project offers the first opportunity to obtain reliable measures of these effects based upon a nationally representative sample. The long-term indirect benefits of this research are therefore likely to be substantial. Respondents are SSDI beneficiaries and concurrent SSDI beneficiaries and Supplemental Security Income recipients who we randomly assign to the study (Stage 1), and SSDI beneficiaries who agree to participate in the study (Stage 2).

Type of Request: Revision of an OMB-approved information collection.

Agency Information Collection Activities: Proposed Request and Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104–13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes revisions of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to

minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses or fax numbers. (OMB)

Office of Management and Budget, Attn: Desk Officer for SSA, Fax: 202–395–6974, Email address: *OIRA_Submission@omb.eop.gov*.

Social Security Administration, OLCA, Attn: Reports Clearance Director, 3100 West High Rise, 6401 Security Blvd., Baltimore, MD 21235, Fax: 410–966–2830, Email address: *OR.Reports.Clearance@ssa.gov*.

I. The information collections below are pending at SSA. SSA will submit them to OMB within 60 days from the date of this notice. To be sure we consider your comments, we must receive them no later than March 31, 2014. Individuals can obtain copies of

the collection instruments by writing to the above email address.

1. Questionnaire About Employment or Self-Employment Outside the United States—20 CFR 404.401(b)(1), 404.415 & 404.417—0960–0050. When a Social Security beneficiary or claimant reports work outside the United States, SSA uses Form SSA–7163 to determine if foreign work deductions are applicable. Specifically, SSA uses Form SSA–7163 to determine: (1) Whether work performed by beneficiaries outside the United States is cause for deductions from their monthly benefits; (2) which of two work tests (foreign or regular test) is applicable; and (3) the number of months, if any, for SSA-imposed deductions. As the respondents are beneficiaries living and working outside the United States, SSA must determine whether the annual earnings test applies to all earnings from work covered by the Social Security Act (Act), including earnings from covered work performed outside the United States. However, because of the differences in foreign currency values, it is administratively

impractical to apply this test to earnings from non-covered work performed outside the United States and base it on United States dollars. Accordingly, the 45-hour work test provides for deductions from the benefits of employees under full retirement age

who engage in non-covered remunerative activity for more than 45 hours in a calendar month. SSA asks beneficiaries working outside the United States to complete this form annually or every other year (depending on the country of residence).

Respondents for this collection are beneficiaries or claimants for Social Security benefits who are engaged in work outside the United States.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-7163	20,000	1	12	4,000

2. Statement of Death by Funeral Director—20 CFR 404.715 and 404.720—0960-0142. When an SSA-insured worker dies, the funeral director or funeral home responsible for the worker's burial or cremation completes Form SSA-721 and sends it to SSA.

SSA uses this information for three purposes: (1) To establish proof of death for the insured worker; (2) to determine if the insured individual was receiving any pre-death benefits SSA needs to terminate; and (3) to ascertain which surviving family member is eligible for

the lump-sum death payment or for other death benefits. The respondents are funeral directors who handled death arrangements for the insured individuals.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)

II. SSA submitted the information collections below to OMB for clearance. Your comments regarding the information collections would be most useful if OMB and SSA receive them 30 days from the date of this publication. To be sure we consider your comments, we must receive them no later than March 3, 2014. Individuals can obtain copies of the OMB clearance packages

by writing to *OR.Reports.Clearance@ssa.gov*.

1. Statement of Agricultural Employer (Year Prior to 1988; and 1988 and later)—20 CFR 404.702, 404.802, 404.1056—0960-0036. If agricultural workers believe their employers (1) did not report their wages or (2) reported incorrect wage amounts, SSA will assist them in resolving this issue.

Specifically, SSA will send Forms SSA-1002-F3 or SSA-1003-F3 to the agricultural employers to collect evidence of wages paid. The respondents are agricultural employers whose workers request wage verification or correction for their earnings records.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-1002	7,500	1	30	3,750
SSA-1003	25,000	1	30	12,500
Total	32,500	16,250

2. Request for Waiver of Special Veterans Benefits (SVB) Overpayment Recovery or Change in Repayment Rate—20 CFR 408.900-408.950-0960-0698. Title VIII of the Act requires SSA to pay a monthly benefit to qualified World War II veterans who reside outside the United States. When an

overpayment in this SVB occurs, the beneficiary can request a waiver of recovery of the overpayment or a change in the repayment rate. SSA uses the SSA-2032-BK to obtain the information necessary to establish whether the claimant meets the waiver of recovery provisions of the overpayment, and to

determine the repayment rate if we do not waive repayment. Respondents are SVB beneficiaries who have overpayments on their Title VIII record and wish to file a claim for waiver of recovery or change in repayment rate.

Type of Request: Revision of an OMB-approved information collection.
