Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

As it relates to any qualifying facility filings, the notices of self-certification [or self-recertification] listed above, do not institute a proceeding regarding qualifying facility status. A notice of self-certification [or self-recertification] simply provides notification that the entity making the filing has determined the facility named in the notice meets the applicable criteria to be a qualifying facility. Intervention and/or protest do not lie in dockets that are qualifying facility self-certifications or self-recertifications. Any person seeking to challenge such qualifying facility status may do so by filing a motion pursuant to 18 CFR 292.207(d)(iii). Intervention and protests may be filed in response to notices of qualifying facility dockets other than self-certifications and self-recertifications.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Filing Via the Internet; Electronic Tariff Filings Notice of Display of Time on Commission's Electronic Filing System

June 28, 2010.

Take notice that the Commission will now display on its electronic filing system the time used by the Commission to mark officially the time that eFilings and eTariff submissions are made with the Commission. This time also will be used to determine whether filings have been made timely. The time display will assist users in ensuring that their filings are timely filed, *i.e.*, are filed in advance of the Commission's 5 p.m. Eastern time deadline for filing on that day.

The time will display to the second on all screens after log-in, including those for eTariff submissions. The time

a filing is made is established when the last file uploaded appears in the table at the bottom of the File Upload screen.¹ Filings made after the Commission's 5 p.m. Eastern time deadline are considered as having been filed on the following day. See 18 CFR 375.105 (2010).

Filers, particularly those filing requests for rehearing where the deadline for filing is set by statute and cannot be waived, are strongly encouraged to file well in advance of 5 p.m. to minimize the possibility that unexpected problems may delay the filing beyond the 5p.m. Eastern time deadline for filing.

Secretary.

Central New York Oil and Gas Company, LLC; Notice of Intent To Prepare an Environmental Assessment for the Proposed North-South Project, Request for Comments on Environmental Issues, and Notice of Public Scoping Meeting and Onsite Environmental Reviews

June 24, 2010.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the North-South Project, involving construction and operation of facilities by Central New York Oil and Gas Company, LLC (CNYOG) in Bradford County, Pennsylvania and Tioga County, New York. This EA will be used by the Commission in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the project. Your input will help the Commission staff determine what issues need to be
