

MAOs and PDPs use the Bid Pricing Tool (BPT) software to develop their actuarial pricing bid. The information provided in the BPT is the basis for the plan's enrollee premiums and CMS payments for each contract year. The tool collects data such as medical expense development (from claims data and/or manual rating), administrative expenses, profit levels, and projected plan enrollment information. By statute, completed BPTs are due to CMS by the first Monday of June each year.

CMS reviews and analyzes the information provided on the Bid Pricing Tool. Ultimately, CMS decides whether to approve the plan pricing (i.e., payment and premium) proposed by each organization. CMS is requesting to continue its use of the BPT for the collection of information for CY2013 through CY2015. *Form Number:* CMS-10142 (OCN: 0938-0944); *Frequency:* Yearly; *Affected Public:* Private Sector—Business or other for-profits and not-for-profit institutions; *Number of Respondents:* 530; *Total Annual Responses:* 4,770; *Total Annual Hours:* 143,100. (For policy questions regarding this collection contact Diane Spitalnic at (410) 786-5745. For all other issues call (410) 786-1326.)

2. Type of Information Collection Request: Revision of a currently approved collection; **Title of Information Collection:** Plan Benefit Package (PBP) and Formulary Submission for Medicare Advantage (MA) Plans and Prescription Drug Plans (PDP); **Use:** Under the Medicare Modernization Act (MMA), Medicare Advantage (MA) and Prescription Drug Plan (PDP) organizations are required to submit plan benefit packages for all Medicare beneficiaries residing in their service area. The plan benefit package submission consists of the Plan Benefit Package (PBP) software, formulary file, and supporting documentation, as necessary. MA and PDP organizations use the PBP software to describe their organization's plan benefit packages, including information on premiums, cost sharing, authorization rules, and supplemental benefits. They also generate a formulary to describe their list of drugs, including information on prior authorization, step therapy, tiering, and quantity limits.

Additionally, CMS uses the PBP and formulary data to review and approve the plan benefit packages proposed by each MA and PDP organization.

CMS requires that MA and PDP organizations submit a completed PBP and formulary as part of the annual bidding process. During this process, organizations prepare their proposed plan benefit packages for the upcoming

contract year and submit them to CMS for review and approval.

CMS is requesting to continue its use of the PBP software and formulary submission for the collection of benefits and related information for CY 2013 through CY 2015. CMS estimates that 571 MA organizations and 64 PDP organizations will be required to submit the plan benefit package information in CY 2013. Based on operational changes and policy clarifications to the Medicare program and continued input and feedback by the industry, CMS has made the necessary changes to the plan benefit package submission. *Form Number:* CMS-R-262 (OCN: 0938-0763); *Frequency:* Yearly; *Affected Public:* Private Sector—Business or other for-profits and not-for-profit institutions; *Number of Respondents:* 635; *Total Annual Responses:* 6,015; *Total Annual Hours:* 53,291. (For policy questions regarding this collection contact Kristy Holtje at (410) 786-2209. For all other issues call (410) 786-1326.)
