SUMMARY: The Housing and Economic
Recovery Act of 2008 (HERA)
established the Housing Trust Fund
(HTF) to be administered by HUD.
Pursuant to the Federal Housing
Enterprises Financial Security and
Soundness Act of 1992 (the Act), as
amended by HERA, Division A, eligible
HTF grantees are the 50 states, the
District of Columbia, the
Commonwealth of Puerto Rico,
American Samoa, Guam, the
Commonwealth of Northern Mariana
Islands, and the United States Virgin
Islands. In accordance with Section
1338(c)(4)(A) of the Act, this notice
announces the formula allocation
amount for each eligible HTF grantee.

SUPPLEMENTARY INFORMATION: Section
1131 of HERA Division A amended the
Act to add a new section 1337 entitled
“Affordable Housing Allocations” and a
new section 1338 entitled “Housing
Trust Fund.” HUD’s implementing
regulations are codified at 24 CFR part
93. Congress authorized the HTF with
the stated purpose of: (1) Increasing and
preserving the supply of rental housing
for extremely low-income families with
incomes between 0 and 30 percent of
area median income and very low-
income families with incomes between
30 and 50 percent of area median
income, including homeless families,

and (2) increasing homeownership for
extremely low-income and very low-
income families. Section 1337 of the Act
provides for the HTF (and other
programs) to be funded with an
affordable housing set-aside by Fannie
Mae and Freddie Mac. The total set-
aside amount is equal to 4.2 basis points
(.042 percent) of Fannie Mae and
Freddie Mac’s new mortgage purchases,
a portion of which is for the HTF.
Section 1338 of the Act directs HUD to
establish, through regulation, the
formula for distribution of amounts
made available for the HTF. The statute
specifies the factors to be used for the
formula and priority for certain factors.
The factors and methodology HUD uses
to allocate HTF funds among eligible
grantees are established in the HTF
regulation. The funding announced for
Fiscal Year 2021 through this notice is
\$692,898,860.92. Appendix A to this
notice provides the names of the
grantees and the amounts of the awards.

Abstract: The USGS administers the National Ground-Water Monitoring Network which was developed through work with the Federal Advisory Committee on Water Information (ACWI) and its Subcommittee on Ground Water (SOGW). This network is required as part of Public Law 111-11, Subtitle F—Secure Water: Section 9507, 42 U.S.C. 10367, “Water Data Enhancement by United States Geological Survey.” The NGWMN consists of an aggregation of wells and spring from existing Federal, State, Tribal, and local groundwater monitoring networks. To support data

providers for the NGWMN, the USGS will be providing funding through cooperative agreements to water-resource agencies that collect groundwater data. The USGS will be soliciting applications for funding that will request information from the Agency collecting the data. Elements will include contact information (phone number and email address), and a proposal describing their proposed work in support of the NGWMN. The proposal will describe the groundwater networks to be included in the NGWMN, the purpose of the networks, and the Principal aquifers that are monitored. Proposals may include work to become a new data provider to the NGWMN, support for maintaining connections to agency databases, and work to enhance NGWMN sites (updating metadata, well maintenance, well drilling, and support for continuous water-level monitoring equipment). The proposal would require estimates of costs to complete the above tasks and a timeline for planned completion. The proposal will be reviewed by the USGS and the NGWMN Program Board who will make funding recommendations.
