

Specifically, Communications Test Design, Tucker, GA; and Lattelekom SIA, Riga, Latvia have been added as parties to this venture.

No other changes have been made in either the membership or planned activity of the group research project. Membership in this group research project remains open, and DSL intends to file additional written notifications disclosing all changes in membership.

On May 15, 1995, DSL filed its original notification pursuant to section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on July 25, 1995 (60 FR 38058).

The last notification was filed with the Department on July 16, 2002. A notice was published in the **Federal Register** pursuant to section 6(b) of the Act on August 16, 2002 (67 FR 53619).

Constance K. Robinson,

Director of Operations, Antitrust Division.

Notice Pursuant to the National Cooperative Research and Production Act of 1993—GE Global Research

Notice is hereby given that, on November 7, 2002, pursuant to section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), GE Global Research has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Pursuant to section 6(b) of the Act, the identities of the parties are GE Global Research, Niskayuna, NY; and Molecular Nanosystems, Palo Alto, CA. The nature and objectives of the ventures are to develop and demonstrate "Template Synthesis for Nanostructured Materials."

Notice Pursuant to the National Cooperative Research and Production Act of 1993—Information Storage Industry Consortium

Notice is hereby given that, on October 28, 2002, pursuant to section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), Information Storage Industry Consortium ("INSIC") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its membership status. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, NSA, Ft. Meade, MD; and SONY, Boulder, CO have been added as parties to this venture. The following university has joined INSIC as a university associate member: University of Manchester, Manchester, United Kingdom.

No other changes have been made in either the membership or planned activity of the group research project. Membership in this group research project remains open, and INSIC intends to file additional written notifications disclosing all changes in membership.

On June 12, 1991, INSIC filed its original notification pursuant to section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on August 13, 1991 (56 FR 38465).

The last notification was filed with the Department on May 3, 2002. A notice was published in the **Federal Register** pursuant to section 6(b) of the Act on June 21, 2002 (67 FR 42281).

BILLING CODE 4410-11-M

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Marion "Molly" Fry, M.D.; Revocation of Registration

On March 7, 2002, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration (DEA), issued an Order to Show Cause to Marion "Molly" Fry, M.D. (Dr. Fry), proposing to revoke her DEA Certificate of Registration, BM4859178, and deny any pending

applications for registration as a practitioner under 21 U.S.C. 823(f). The Order to Show Cause alleged that Dr. Fry's continued registration is inconsistent with the public interest as that term is used in 21 U.S.C. 823(f) and 824(a)(4). The show cause order also notified Dr. Fry that should no request for a hearing be filed within 30 days, her hearing right would be deemed waived.

The Order to Show Cause was sent by certified mail to Dr. Fry at her registered location in Cool, California, and DEA received a signed receipt indicating that it was received on March 12, 2002. A second copy of the Order to Show Cause was sent by certified mail to Dr. Fry at her residence in Greenwood, California (the Greenwood residence). However, the second copy was returned to DEA as "not deliverable." DEA's Sacramento District Office then sent the Order to Show Cause to Dr. Fry's residence by Federal Express.

DEA has not received a request for hearing or any other reply from Dr. Fry or anyone purporting to represent her in this matter. Therefore, the Deputy Administrator, finding that (1) 30 days have passed since the receipt of the Order to Show Cause, and (2) no request for a hearing having been received, concludes that Dr. Fry is deemed to have waived her hearing right. After considering material from the investigative file in this matter, the Deputy Administrator now enters his final order without a hearing pursuant to 21 CFR 1301.43(d) and (e) and 1301.46.

The Deputy Administrator's review of the investigative file reveals that Dr. Fry graduated from Western Washington University in Bellingham, Washington with a bachelor's degree in both chemistry and biology. Dr. Fry subsequently graduated from the University of California—Irvine in 1985 with a degree in medicine. Shortly thereafter, Dr. Fry obtained a medical license in the State of California where she initially specialized in general medicine. Dr. Fry is currently licensed to practice medicine in the State of California.

In October 1999, Dr. Fry and her husband Dale Schafer (Mr. Schafer) opened the California Medical Research Center located in Cool, California. Cool is a small mountain community in El Dorado County, California. The investigative file reveals that Mr. Schafer is an attorney, licensed to practice law in the State of California.

The Deputy administrator finds that as a result of a routine DEA interdiction operation in August 2000, an individual was arrested on an Amtrak train possessing ten pounds of processed
