Notice of Intent To Prepare an Environmental Impact Statement and Notice of Public Meeting for the Book Cliffs Coal Lease by Application in Garfield County, Colorado

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent and notice of public meeting.

SUMMARY: In compliance with the National Environmental Policy Act of 1969 (NEPA), as amended, and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM), Colorado, Grand Junction Field Office, announces its intent to prepare an Environmental Impact Statement (EIS) to analyze the Book Cliffs lease by application (LBA) for approximately 14,160 acres of Federal coal reserves in Garfield County, Colorado. The Book Cliffs application tract has been assigned case number COC–70538.

DATES: This notice initiates the public scoping process for the Book Cliffs LBA EIS. Comments may be submitted in writing until February 18, 2014. The date(s) and location(s) of any scoping meetings will be announced at least 15 days in advance through local media, newspapers and the BLM Web site at: <http://www.blm.gov/co/st/en/fo/gifo.html>. All comments must be received prior to the close of the 30-day scoping period or 15 days after the last public meeting (whichever is later) to be included in the Draft EIS. The BLM will provide additional opportunities for public participation upon publication of the Draft EIS.

ADDRESSES: You may submit written comments on the Book Cliffs LBA EIS by any of the following methods:

- **Email:** BLM_CO_GJ_Public_Comments@blm.gov.
- **Fax:** (970) 244–3085.
- **Mail:** BLM, Grand Junction Field Office, 2815 H Road, Grand Junction, CO 81506, Attn, Christina Stark.

Please include “Book Cliffs LBA EIS” in the subject line. Documents pertinent to this application may be examined at the Grand Junction Field Office at the address above during its business hours (7:30 a.m.–4:30 p.m.), Monday through Friday, except holidays.

FOR FURTHER INFORMATION CONTACT: For further information, or to have your name added to our mailing list, contact Christina Stark, Project Manager, at

(970) 244–3022; see address above; or by email at cstark@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, seven days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: An application to lease Federal coal near the Town of Fruita, Colorado was filed with the BLM on September 12, 2006, by CAM-Colorado, LLC. This application was previously analyzed in a Draft Environmental Impact Statement (Draft EIS) that was released for public comment in January 2009. Based on the public comments, the BLM determined that additional environmental review was needed. This notice serves to announce the beginning of that additional review and analysis.

The Book Cliffs LBA Tract includes approximately 78 million tons of in-place Federal coal underlying the following lands in Garfield County, Colorado.

 Containing approximately 14,160 acres.

If the BLM decides to approve the Book Cliffs LBA, the successful bidder would be responsible for securing and maintaining any local, state or Federal permits and approvals as applicable and required by law for future mining operations of the lease tract. Mining activities may subsequently be permitted by the Colorado Division of Reclamation, Mining and Safety or the Western Region of the Office of Surface Mining Reclamation and Enforcement (OSM).

At present, the BLM has identified the following preliminary issues: Air quality; water quality, supply and rights; wildlife and wildlife habitat; soils; recreation and visual resources; socio-economics; oil and gas development; paleontology; cultural resources; riparian habitat; livestock grazing; and transportation.

The BLM will use NEPA to satisfy the public involvement requirements under Sec 106 of the National Historic Preservation Act (NHPA) (16 U.S.C. 470(f)) pursuant to 36 CFR 800.2(d)(3). The information about historic and cultural resources within the area potentially affected by the Book Cliffs LBA will assist the BLM in identifying and evaluating impacts to such resources in the context of both NEPA and Sec. 106 of the NHPA.

The BLM will consult with Indian tribes on a government-to-government basis in accordance with Executive

Order 13175 and other policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration. Federal, state, and local agencies, along with tribes and other stakeholders that may be interested in or affected by the Book Cliffs LBA may also request to participate in the development of the EIS as a cooperating agency. Currently, OSM, the Colorado Department of Natural Resources, and Garfield County are cooperating agencies. Other cooperating agencies may be identified during the scoping process.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 43 CFR 3425.

John Mehlhoff,

BLM Colorado Acting State Director.

Notice to Extend Mineral Segregation for the Searchlight Wind Energy Project, Clark County, NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: This notice serves to extend the segregation of the identified lands for an additional 6 months from appropriation under the public land laws, including location under the Mining Law, but not the Mineral Leasing Act or the Materials Act, subject to valid existing rights. This segregation extension is warranted to allow for the orderly administration of the public lands to facilitate the development of valuable renewable resources and to avoid conflicts between renewable energy generation and mining claims.

DATES: This segregation extension for the lands identified in this notice is effective on January 17, 2014.

FOR FURTHER INFORMATION CONTACT:

Gregory Helseth, Renewable Energy Project Manager, 702-515-5173; 4701 North Torrey Pines Drive, Las Vegas, NV 89130-2301; email: BLM_NV_SNDOSearchlightWindEnergyEIS@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION:

Searchlight Wind Energy, LLC (SWE), a wholly owned subsidiary of Duke Energy, applied to the BLM for a right-of-way (ROW) grant on public lands to develop a 200-megawatt (MW) wind energy facility. The ROW application area encompasses approximately 18,789.71 acres of BLM-administered public lands adjacent to Searchlight, located approximately 60 miles southeast of Las Vegas, in Clark County, Nevada. The project is in conformance with the 1998 Las Vegas Resource Management Plan.

Segregation of Lands: A Final Rule, published in the **Federal Register** (78 FR 25204) on April 30, 2013, amended the BLM regulations found in 43 CFR part 2090 and 2800 providing provisions allowing the BLM to temporarily segregate from the operation of the public land laws, by publication of a **Federal Register** notice, public lands included in a pending wind energy generation ROW application in order to promote the orderly administration of the public lands. The Final Rule for segregation allows a State Director to extend the project-specific segregation if that segregation would expire before a decision can be made.

The initial 2-year segregation would expire on January 20, 2014. The segregation is necessary to prevent the filing of mining claims in the project area that would hinder the development of the project and increase costs to the development of the project. This temporary segregation extension does not affect valid existing rights in mining claims located before this segregation notice. Licenses, permits, cooperative agreements, or discretionary land use authorizations of a temporary nature which would not impact lands identified in this notice may be allowed with the approval of an authorized officer of the BLM during the segregative period. The lands segregated under this notice are legally described as follows:
