

accordance with DoD policies and procedures, who are eminent authorities in the fields of air, space, cyberspace, defense, management, leadership, or academia.

Board members who are not full-time or permanent part-time Federal civilian officers, employees, or members of the Armed Forces will be appointed as experts or consultants, pursuant to 5 U.S.C. 3109, to serve as special government employee members. Board members who are full-time or permanent part-time Federal civilian officers, employees, or members of the Armed Forces will be appointed pursuant to 41 CFR 102-3.130(a), to serve as regular government employee members.

All members of the Board are appointed to provide advice on the basis of their best judgment without representing any particular point of view and in a manner that is free from conflict of interest. Except for reimbursement of official Board-related travel and per diem, members serve without compensation.

The public or interested organizations may submit written statements to the Board membership about the Board's mission and functions. Written statements may be submitted at any time or in response to the stated agenda of planned meeting of the Board. All written statements shall be submitted to the DFO for the Board, and this individual will ensure that the written statements are provided to the membership for their consideration.

Dated: April 3, 2020.

Aaron T. Siegel,

[Docket No. ER20-1477-000]

3PR Trading, Inc.; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding of 3PR Trading, Inc.'s application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket

authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is April 22, 2020.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Dated: April 2, 2020.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP20-12-000]

Columbia Gas Transmission, LLC; Notice of Schedule for Environmental Review of the Leach Xpress Project Amendment

On November 6, 2019, Columbia Gas Transmission, LLC (Columbia Gas) filed

an application under section 7(c) of the Natural Gas Act to amend the existing Order Issuing Certificates and Approving Abandonment issued on January 19, 2017 (Order) for the Leach XPress Project (LXP) in Docket No. CP15-514-000. In the LXP Amendment, Columbia Gas proposes to modify its operation of the Ceredo Compressor Station authorized in the Order and requests modifying the Order noise level requirement for the Ceredo and Crawford Compressor Stations. The proposed LXP Amendment would allow Columbia Gas to operate the Ceredo and Crawford Compressor Stations under the modified full load scenario, and ensure that the noise level requirement associated with the compressor stations would be consistent with the Commission's policy.

On November 19, 2019, the Federal Energy Regulatory Commission (FERC or Commission) issued its Notice of Application for the LXP Amendment. Among other things, that notice alerted agencies issuing federal authorization of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission's staff's Environmental Assessment (EA) for the LXP Amendment. This instant notice identifies the FERC staff's planned schedule for completion of an EA for the LXP Amendment.

Schedule for Environmental Review

Issuance of EA—May 7, 2020
90-day Federal Authorization Decision
Deadline—August 5, 2020

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the LXP Amendment's progress.

Project Description

Columbia Gas is proposing to modify its operation of the Ceredo Compressor Station authorized in the Order to reduce operational noise levels on noise sensitive areas by: (1) Modifying the full-load operation of the Ceredo Compressor Station to limit the use of the seven existing legacy reciprocating units operating prior to the LXP Order to four units at a given time; and (2) allowing for the use of additional horsepower (hp) at the Ceredo Compressor Station that is available from existing electric-driven compressor units installed since issuance of the LXP Order. Columbia Gas also requests amending the Order noise level requirement for the Ceredo and Crawford Compressor Stations to conform to the Commission staff

recommended environmental condition 31 in the September 2016 final Environmental Impact Statement for the LXP rather than environmental condition 31 of the Order.

Background

On February 26, 2020, the Commission issued a *Notice of Intent to Prepare an Environmental Assessment for the Proposed Leach XPress Project Amendment and Request for Comments on Environmental Issues* (NOI). The NOI was sent to affected landowners; federal, state, and local government agencies; elected officials; other interested parties; and local libraries and newspapers. In response to the NOI, the Commission received one comment letter from the U.S. Environmental Protection Agency raising issues including: Expected noise impacts and existing and potential alternative noise mitigation applicable to noise sensitive receivers in the vicinity of the compressor stations; and clarification of what facility modifications Columbia Gas carried out at the compressor stations under the LXP Order. All substantive comments received from the U.S. Environmental Protection Agency will be addressed in the EA.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of all formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/docs-filing/esubscription.asp.

Additional information about the LXP Amendment is available from the Commission's Office of External Affairs at (866) 208-FERC or on the FERC website (www.ferc.gov). Using the "eLibrary" link, select "General Search" from the eLibrary menu, enter the selected date range and "Docket Number" excluding the last three digits (i.e., CP20-12), and follow the instructions. For assistance with access to eLibrary, the helpline can be reached at (866) 208-3676, TTY (202) 502-8659, or at FERCOnlineSupport@ferc.gov. The eLibrary link on the FERC website also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

Dated: April 1, 2020.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. IC20-14-000]

Commission Information Collection Activities (FERC-725T); Comment Request; Extension

AGENCY: Federal Energy Regulatory Commission, Department of Energy.

ACTION: Notice of information collection and request for comments.

SUMMARY: In compliance with the requirements of the Paperwork Reduction Act of 1995, the Federal Energy Regulatory Commission (Commission or FERC) is soliciting public comment on the currently approved information collection, FERC-725T, Mandatory Reliability Standards for the Bulk-Power System: TRE Reliability Standards.

DATES: Comments on the collection of information are due June 8, 2020.

ADDRESSES: You may submit comments (identified by Docket No. IC20-14-000) by either of the following methods:

- *eFiling at Commission's Website:* <http://www.ferc.gov/docs-filing/efiling.asp>.

- *Mail/Hand Delivery/Courier:* Federal Energy Regulatory Commission, Secretary of the Commission, at Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Instructions: All submissions must be formatted and filed in accordance with submission guidelines at: <http://www.ferc.gov/help/submission-guide.asp>. For user assistance contact FERC Online Support by email at ferconlinesupport@ferc.gov, or by phone at: (866) 208-3676 (toll-free).

Docket: Users interested in receiving automatic notification of activity in this docket or in viewing/downloading comments and issuances in this docket may do so at <http://www.ferc.gov/docs-filing/docs-filing.asp>.

FOR FURTHER INFORMATION CONTACT: Ellen Brown may be reached by email at DataClearance@FERC.gov, telephone at (202) 502-8663.
