BILLING CODE 4140-01-M

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4910-N-25]

Notice of Proposed Information Collection for Public Comment; Management Operations Certification

AGENCY: Office of the Assistant Secretary for Public and Indian Housing, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: Comments due date: January 31, 2005.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name/or OMB Control number and should be sent to: Aneita Waites, Reports Liaison Officer, Public and Indian Housing, Department of Housing and Urban Development, 451 7th Street, SW., Room 4116, Washington, DC 20410-5000.

FOR FURTHER INFORMATION CONTACT:

Aneita Waites, (202) 708-0713, extension 4114, for copies of the proposed forms and other available documents. (This is not a toll-free number).

SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended). This Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including

whether the information will have practical utility; (2) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) enhance the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

This Notice also lists the following information:

Title of Proposal: Management Operations Certification.

OMB Control Number: 2535-0106.

Description of the Need for the Information and Proposed Use: To meet the requirements of the Public Housing Assessment System (PHAS) rule, the Department has developed the management operations template that public housing agencies (PHAs) use to annually submit electronically specific management information to HUD. HUD uses the management operations information it collects from each PHA to assist in the evaluation and assessment of the PHAs' overall condition. Requiring PHAs to report electronically has enabled HUD to provide a more comprehensive assessment of the PHAs receiving federal funds from HUD.

Agency Form Number, if Applicable: Form HUD-50072.

Members of Affected Public: Public housing agencies.

Estimation of the Total Number of Hours Needed To Prepare the Information Collection Including Number of Respondents: The estimated number of respondents is 3,174 PHAs that submit one certification annually. The average number for each PHA response is 1.147 hours, for a total reporting burden of 3,643 hours.

Status of the Proposed Information Collection: Extension of a currently approved collection.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. chapter 35, as amended.

Dated: November 22, 2004.

Michael Liu,

Assistant Secretary for Public and Indian Housing.

BILLING CODE 4210-27-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Proposed Low Effect Habitat Conservation Plan for Whiskey Creek Bald Eagle Nest Site in Tillamook County, OR

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; receipt of application.

SUMMARY: This notice advises the public that Mick and Donna Ghormley, Ken Bilyeu, and Forrest Dickerson (Applicants) have applied to the Fish and Wildlife Service (Service or "we") for an incidental take permit (ITP), pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act). The requested 25-year permit would authorize the incidental take of the federally-listed as threatened bald eagle (*Haliaeetus leucocephalus*), associated with the lawful construction of three residential homes, associated utilities, access driveways, and human-use activities adjacent to a nest tree. The property is located adjacent to Netarts Bay, Tillamook County, Oregon.

We are requesting comments on the permit application and on whether the proposed Habitat Conservation Plan (HCP) qualifies as a "low effect" HCP, eligible for a categorical exclusion under the National Environmental Policy Act (NEPA) of 1969, as amended. We explain the basis for this possible determination in a draft Environmental Action Statement (EAS), which is also available for public review.

DATES: Written comments must be received by 5 p.m. on December 30, 2004.

ADDRESSES: Comments should be addressed to Kemper McMaster, State Supervisor, Fish and Wildlife Service, Oregon Fish and Wildlife Office, 2600 SE 98th Ave., Suite 100, Portland, Oregon, 97266; facsimile (503) 231-6195.

FOR FURTHER INFORMATION CONTACT: Richard Szlemp, Fish and Wildlife Biologist (see **ADDRESSES**), or telephone (503) 231-6179.

SUPPLEMENTARY INFORMATION:

Availability of Documents

Individuals wishing copies of the application, proposed HCP, or EAS, should contact the Service by telephone (see **FOR FURTHER INFORMATION CONTACT**) or by letter (see **ADDRESSES**). Copies of the subject documents also are available for public inspection during regular business hours at the Oregon Fish and Wildlife Office (see **ADDRESSES**).

Background

Section 9 of the Act and its implementing regulations prohibit the take of animal species listed as endangered or threatened. Under the Act, the following activities are defined as take: to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect listed animal species, or attempt to engage in such conduct (16 U.S.C. 1538). However, under section 10(a) of the Act, the Service may issue permits to authorize incidental take of listed animal species. "Incidental take" is defined by the Act as take that is incidental to, and not the purpose of, carrying out an otherwise lawful activity. Regulations governing incidental take permits for threatened and endangered species are found in the Code of Federal Regulations at 50 CFR 17.22 and 50 CFR 17.32. The Applicants are seeking a permit for the incidental take of the bald eagle during the life of the permit.

Proposed covered activities under this HCP include construction of three conventional homes, associated utilities, access driveways and parking areas, and activities associated with occupation of the homes. The proposed three residential lots (lot 400, approx. 0.52 acre; lot 500, approx. 0.43 acre; and lot 201, approx. 4.3 acres) are platted in a subdivision. The Whiskey Creek bald eagle nest tree occurs on lot 400. The nest was discovered in 2001 and has been monitored for the past 4 years. There have been no chicks or eggs observed to date.

The proposed minimization and mitigation measures include protecting all but one of the 26 suitable bald eagle perch trees (greater than 30 inches in diameter) on the three lots. The proposed access road to lot 201 comes close to four other large trees and excavation near these trees will be minimized as practicable. The landowner plans to preserve the remaining large trees as a management action. This proposal has the potential to impact nesting success of the Whiskey Creek bald eagle pair by loss of the nest tree and/or disturbance (i.e., noise and human activity). The possibility that the nest tree will be lost is related to the likelihood that the proposed houses and utilities will cut the roots of the nest tree or the adjacent large spruce tree. All excavations for house foundations, driveways and septic fields are proposed outside of the estimated root zones for each tree (50 feet from the nest tree). Outdoor construction will be prohibited from 15 January to 15 August of any year if the nest is successful and
