

energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have concluded this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2-1, paragraph (34)(g), of the Instruction. This rule involves establishing a temporary security zone. An environmental analysis checklist and a categorical exclusion determination are available in the docket where indicated under **ADDRESSES**.

POSTAL SERVICE

39 CFR Part 111

First-Class Package Service

AGENCY: Postal Service™.

ACTION: Final rule.

SUMMARY: The Postal Service is revising *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®), 401, 402, 433, 434, 435, 436, 503, 507, 602, and 705 to introduce a new competitive product called First-Class Package Service, which will replace and remove First-Class Mail® commercial base and commercial plus parcels from the market-dominant product offering. First-Class Mail retail single-piece parcels remain a market-dominant product offering.

DATES: *Effective Date:* October 3, 2011.

FOR FURTHER INFORMATION CONTACT: Markes Lucius at 202-268-6140 or Bill Chatfield at 202-268-7278.

SUPPLEMENTARY INFORMATION: On February 24, 2011, the Postal Service filed a notice with the Postal Regulatory Commission to institute a new competitive product, then tentatively called “Lightweight Commercial Parcels,” and to remove First-Class Mail commercial base and commercial plus parcels from the market-dominant product offerings. The Commission completed its review on April 6, 2011.

In this final rule, the Postal Service provides a description of the conditions

for eligibility for the new competitive product, now called First-Class Package Service. First-Class Package Service parcels will receive the same service as First-Class Mail, however, parcels mailed at commercial base prices may not contain any content that meets the definition of 'letter' in 39 CFR 310.1 (for example, no personal correspondence is permitted). First-Class Package Service parcels mailed at commercial plus prices have no content restrictions, other than the generic restrictions on nonmailable matter.

Effective Dates and More Information

The Postal Service will begin to account for any First-Class Mail commercial base or commercial plus priced parcels as the competitive First-Class Package Service product on October 1, 2011. Mailers will retain the option to mail eligible items weighing 13 ounces or less at retail First-Class Mail single-piece parcel prices.

Mailers may begin using the new labeling and marking methods outlined in this final rule as of October 3, 2011, but will not be required to do so until May 2012.

The Postal Service adopts the following changes to *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM), which is incorporated by reference in the *Code of Federal Regulations*. See 39 CFR 111.1.
