

well as information necessary to obtain liens on collateral, provide evidence of the indebtedness, and ensure repayment of the loan. FSA will use several forms and non-forms to collect the information.

In the Executive Order 14058, the Secretary of Agriculture tasked FSA with simplifying the direct loan application process. As such, forms FSA–2001, FSA–2002, FSA–2003, FSA–2004, FSA–2005, FSA–2006, FSA–2037, FSA–2038, FSA–2302, and FSA–2330 have been consolidated into a single form for the purposes of direct loan making and that consolidation is reflected in this collection.

Need and Use of the Information: Information is submitted by the applicants to the local agency office serving the county in which their business is headquartered. The information is necessary to thoroughly evaluate the applicant's request for a direct loan and is used by FSA officials to: (1) Ensure that cash flow projections used in determining loan repayment are based on the actual production history of the operation, (2) Ensure that a loan is adequately secured; (3) Ensure the applicant meets the statutorily established program eligibility requirements; and (4) Obtain assignment on income or sales proceeds, when appropriate, to ensure timely repayment of the loans. Since the agency is mandated to provide supervised credit, failure to collect the information, or collecting it less frequently, could result in the failure of the farm operation or loss of agency security property.

I. Abstract

Sponsored primarily by the U.S. Department of Health and Human Services' Health Resources Services Administration's Maternal and Child Health Bureau (HRSA MCHB), the National Survey of Children's Health (NSCH) is designed to produce data on the physical and emotional health of children under 18 years of age who live in the United States. The United States Department of Agriculture (USDA), the United States Department of Health and Human Services' Centers for Disease Control and Prevention (CDC), the National Center on Birth Defects and Developmental Disabilities (CDC–NCBDDD), and the Division of Nutrition, Physical Activity, and Obesity (CDC–DNPAO) sponsor supplemental content on the NSCH.
