Certain Uncoated Paper From Brazil: Notice of Initiation and Preliminary Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is initiating a changed circumstances review (CCR) of the antidumping duty (AD) order on certain uncoated paper (uncoated paper) from Brazil. Further, Commerce preliminarily determines that Sylvamo do Brasil Ltda. (SVBR) is the successor-in-interest to International Paper do Brasil Ltda. (IP) and that Sylvamo Exports Ltda. (SVEX) is the successor-in-interest to International Paper Exportadora Ltda. (IPEX). Interested parties are invited to comment on these preliminary results.

DATES: Applicable November 26, 2021.

FOR FURTHER INFORMATION CONTACT:

Christopher Maciuba, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5831.

SUPPLEMENTARY INFORMATION:

Background

On March 3, 2016, Commerce published in the **Federal Register** an AD order on uncoated paper from Brazil.¹ We assigned IP and IPEX (collectively, International Paper) a cash deposit rate of 41.39 percent.² International Paper last received a calculated rate, in the third administrative review of this

proceeding, of 20.80 percent.³ On October 4, 2021, Commerce received a request on behalf of SVBR and SVEX (collectively, Sylvamo) for an expedited CCR to establish SVBR and SVEX as the successors-in-interest to IP and IPEX, respectively.⁴ Sylvamo asked that it be subject to International Paper's AD margin for uncoated paper from Brazil. No interested parties filed comments opposing the CCR request.

Scope of the Order

The merchandise covered by the *Order* is uncoated paper. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Methodology

We are conducting this CCR in accordance with section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216. For a full description of the methodology underlying our preliminary conclusions, see the Preliminary Decision Memorandum.⁵ A list of the topics discussed in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum is available at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Initiation and Preliminary Results of CCR

Pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(d), Commerce will conduct a CCR upon receipt of information concerning, or a request from an interested party for a review of, an AD order which shows changed circumstances sufficient to warrant a review of the order.

We find that the information regarding IP and IPEX's name changes to SVBR and SVEX, respectively, demonstrates changed circumstances

sufficient to warrant a CCR with respect to the *Order*. Therefore, we are initiating a CCR to determine whether SVBR and SVEX are the successors-in-interest to IP and IPEX, respectively, for purposes of the *Order*.

Pursuant to 19 CFR 351.221(c)(3)(ii), Commerce may combine the notice of initiation of a CCR and the notice of preliminary results of a CCR into a single notice if Commerce concludes that expedited action is warranted. We have on the record the information necessary to make a preliminary finding and, therefore, we find that expedited action is warranted. Consequently, we are combining the initiation of the CCR described above and our preliminary results.

In determining whether one company is the successor to another for AD purposes, Commerce examines a number of factors including, but not limited to, changes in: (1) Management; (2) production facilities; (3) suppliers; and (4) customer base.⁶ While no single factor or combination of factors will necessarily provide a dispositive indication of a successor-in-interest relationship, Commerce will generally consider one company to be the successor to a previous company if its resulting operations are not materially dissimilar to those of its predecessor.⁷ Thus, if the evidence demonstrates that, with respect to the production and sale of the subject merchandise, the company, in its current form, operates as essentially the same business entity as the prior company, Commerce will assign the new company the cash deposit rate of its predecessor.⁸

Sylvamo provided evidence that: (1) IP and IPEX's names changed to SVBR and SVEX, respectively, in August 2021, and the companies were transferred from their ultimate parent company, the International Paper Company, to a new parent company, Sylvamo Corp., in October 2021;⁹ and (2) there were no significant changes to management,¹⁰

production facilities,¹¹ suppliers,¹² or customer base.¹³ Based on these facts, which are explained in greater detail in the accompanying Preliminary Decision Memorandum, we preliminarily determine that SVBR and SVEEX are the successors-in-interest to IP and IPEX, respectively, for purposes of the *Order*, and, thus, Sylvamo is the successor-in-interest to International Paper.

Should our final results of review remain unchanged from these preliminary results of review, we will instruct U.S. Customs and Border Protection to apply International Paper's cash deposit rate to Sylvamo.

Consistent with 19 CFR 351.216(e), we intend to issue the final results of this CCR no later than 270 days after the date on which this reviews was initiated, or within 45 days of publication of these preliminary results, if all parties agree to the preliminary findings.

Magnesium Metal From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on magnesium metal from the People's Republic of China (China) would likely lead to a continuation or

recurrence of dumping and material injury to an industry in the United States, Commerce is publishing a notice of continuation of this AD order.

DATES: Applicable November 26, 2021.

FOR FURTHER INFORMATION CONTACT:

Deborah Cohen, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4521.

SUPPLEMENTARY INFORMATION:

Background

On April 15, 2005, Commerce published the AD order on magnesium metal from China.¹ On June 1, 2021, Commerce initiated,² and the ITC instituted,³ the third sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its review, Commerce determined that revocation of the *Order* would likely lead to continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the *Order* be revoked.⁴

On November 17, 2021, the ITC published notice of its determination, pursuant to section 751(c) of the Act, that revocation of the *Order* would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Order

The product covered by the *Order* is magnesium metal from China, which includes primary and secondary alloy magnesium metal, regardless of chemistry, raw material source, form, shape, or size. Magnesium is a metal or alloy containing by weight primarily the element magnesium. Primary magnesium is produced by decomposing raw materials into magnesium metal. Secondary magnesium is produced by recycling magnesium-based scrap into magnesium metal. The magnesium covered by the *Order* includes blends of primary and secondary magnesium. The subject merchandise includes the following
