

Purpose

The purpose of the meeting is to provide the NCVHS Work Group on Quality with expert opinion and information about the adequacy of existing health data systems for supporting quality measurement at the individual practitioner level and to identify needed improvements in existing data and data collection mechanisms. The scope of interest includes administrative data, vital records data, medical records data and survey data. At the meeting, an invited panel of experts will provide their perspectives on these issues.

In addition, the Work Group will hear from invited panels of experts about topic areas to be included in the National Healthcare Quality Report, including the Preliminary Measure Set for the report now under development within the Agency for Healthcare Research and Quality. The AHRQ Preliminary Measure Set will be available on the AHRQ website after July 12. The Institute of Medicine has recommended a framework and criteria for selecting measures for the National Healthcare Quality Report, and AHRQ has prepared a draft list of proposed topic areas and measures to be included. Information about the AHRQ Preliminary Measure Set may be obtained by contacting: Ed Kelly, Ph.D., Senior Service Fellow, National Healthcare Quality Report, Center for Quality Improvement and Patient Safety, Agency for Healthcare Research and Quality, 6011 Executive Boulevard, Suite 200, Rockville, MD 20852, ekelly@ahrq.gov
