Type of Request: Extension of a previously approved collection.

Abstract: The Agency requires borrower to use standard contract forms under certain circumstances. The use of standard forms helps assure the Agency that:

- Appropriate standards and specifications are maintained;
- The Agency loan security is not adversely affected; and
- Loan and loan guarantee funds are used effectively and for the intended purpose.

Standardization of forms by the Agency results in substantial savings to:

- Borrowers—If standard forms were not used, borrowers would need to

prepare their own documents at significant expense; and

- Government—If standard forms were not used, each document submitted by a borrower would require extensive and costly review by both the Agency and the Office of General Counsel.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 1.05 hours per response.

Respondents: Businesses, not-for-profit institutions and others.

Estimated Number of Respondents: 99.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 104 hours.
