In this EA, OCS EIS/EA MMS 2004-028, MMS reexamined the potential environmental effects of the proposed action and its alternatives based on any new information regarding potential

impacts and issues that were not available at the time the Alaska Region OCS Beaufort Sea Planning Area Oil and Gas Lease Sales 186, 195, and 202, Final Environmental Impact Statement, Volumes I through IV (multiple-sale EIS) was completed in February 2003. SUPPLEMENTARY INFORMATION: Proposed Beaufort Sea Planning Area Lease Sale 195 is the second Beaufort Sea Planning Area lease sale scheduled in the Outer Continental Shelf Oil and Gas Leasing Program: 2002-2007 (5-Year Program). 6. Copies of specific proposed contracts may be obtained from the

appropriate regional director or his designated public contact as they become available for review and comment.

7. In the event modifications are made in the form of a proposed contract, the appropriate regional director shall determine whether republication of the notice and/or extension of the comment period are necessary.

Factors considered in making such a determination shall include, but are not limited to (i) the significance of the modification, and (ii) the degree of public interest which has been expressed over the course of the negotiations. At a minimum, the regional director shall furnish revised contracts to all parties who requested the contract in response to the initial public notice.
