Number of Respondents and Responses: 14,283 respondents; 109,999 responses.

Estimated Time per Response: 15 minutes (0.25 hours) to 10 hours.

Total Annual Burden: 226,335 hours.

Total Annual Cost: \$37,340,142.

Nature and Extent of Confidentiality: Confidentiality is an issue to the extent that individuals and households provide personally identifiable information, which is covered under the FCC's system of records notice, FCC/CGB-1, "Informal Complaints and Inquiries."

Privacy Impact Assessment: The Privacy Impact Assessment for Informal Complaints and Inquiries was completed on June 28, 2007. It may be reviewed at http://www.fcc.gov/omd/privacyact/Privacy_Impact_Assessment.html.

Needs and Uses: On July 21, 2005, the Commission released *Closed Captioning of Video Programming; Telecommunications for the Deaf, Inc.*

Petition for Rulemaking, CG Docket No. 05-231, Notice of Proposed Rulemaking, FCC 05-142, published at 70 FR 56150 on September 26, 2005 (*Closed Captioning Notice of Proposed Rulemaking*), which sought comment on several issues pertaining to the Commission's closed captioning rules (47 CFR 79.1), which require that, with some exceptions, all new video programming, and 75 percent of "pre-rule" programming, eventually be closed captioned. The *Closed Captioning Notice of Proposed Rulemaking* sought comment, *inter alia*, on whether petitions for exemption from the closed captioning rules should be permitted (or required) to be filed electronically through the Commission's Electronic Comment Filing System, and whether video programming distributors should be required to submit compliance reports to the Commission in cases where the types of video programming that they air are still subject to a phase-in period, or where the final required amount of captioning post phase-in (e.g., pre-rule programming) is not 100 percent.

On November 7, 2008, the Commission released *Closed Captioning of Video Programming; Closed Captioning Requirements for Digital Television Receivers*, CG Docket No. 05-231 and ET Docket No. 99-24, Declaratory Ruling, Order and Notice of Proposed Rulemaking, FCC 08-255 (*2008 Order*), published at 74 FR 1594 on January 13, 2009, addressing some of the issues raised in the *Closed Captioning Notice of Proposed Rulemaking*. The *2008 Order* streamlined and simplified the closed captioning complaint process by shortening the time frames associated with filing and responding to complaints, and by permitting complaints to be filed directly with the Commission, rather than requiring that they be filed with the video programming distributor first. The *2008 Order* also adopted new rules requiring video programming distributors to make contact information available in phone directories, on the Commission's Web site and their own Web sites (if they have them), and in billing statements (to the extent they issue them). With this contact information, consumers can more easily and promptly contact the appropriate person or office at a video programming distributor to report closed captioning problems or to file complaints.

Needs and Uses: FCC Form 327 is the application for a Cable Television Relay Service (CARS) microwave radio license. Franchised cable systems and other eligible services use the 2, 7, 12 and 18 GHz CARS bands for microwave relays pursuant to Part 78 of the Commission's Rules. CARS is principally a video transmission service used for intermediate links in a distribution network. CARS stations relay signals for and supply program material to cable television systems and other eligible entities using point-to-point and point-to-multipoint transmissions. These relay stations enable cable systems and other CARS licensees to transmit television broadcast and low power television and related audio signals, AM and FM broadcast stations, and cablecasting from one point (e.g., on one side of a river or mountain) to another point (e.g., the other side of the river or mountain) or many points ("multipoint") via microwave.

The filing is done for an initial license, for modification of an existing license, for transfer or assignment of an existing license, and for renewal of a

license after five years from initial issuance or from renewal of a license. Filing is done in accordance with 47 CFR Sections 78.11 to 78.40 of the Commission's Rules. FCC Form 327 consists of multiple schedules and exhibits, depending on the specific action for which it is filed. Initial applications are the most complete and renewal applications are the most brief. The data collected is used by Commission staff to determine whether grant of a license is in accordance with Commission requirements on eligibility, permissible use, efficient use of spectrum, and prevention of interference to existing stations.
