

recent interdisciplinary team meetings. These alternatives are No Action, Rebuild the Road in Place, Single Land Bridge, Reroute (car, recreational vehicle, and trailer access) upslope with design to minimize construction costs, and Reroute (car, recreational vehicle, and trailer access) upslope with design to minimize resource impacts by reducing clearing limits. As in the case of the Proposed Action, the other action alternatives include proposals to amend the Forest Plan. These proposed amendments will be identified and analyzed in the EIS. Under all the action alternatives, the National Park Service proposes to reinforce the Dosewallips Road at the Dosewallips Falls site and repair the road to current road standards.

Lead and Cooperative Agencies

The U.S. Forest Service, Olympic National Forest, will be the lead agency in preparation and completion of the EIS. The National Park Service, Olympic National Park will be a cooperating agency in the completion of the EIS.

Responsible Official

Dale Horn, Forest Supervisor, Olympic National Forest, 1835 Black Lake Blvd, SW, Suite A, Olympia, WA, 98512 will be the Responsible Official for Forest Service decisions. The Responsible Official for the National Park Service is Jonathan B. Jarvis, Regional Director, Pacific West Region; subsequently, the implementing official for the National Park Service is Superintendent, Olympic National Park.

Nature of Decision To Be Made

How road access on FSR 2610 and the Park's Dosewallips Road will be restored, if at all; what if any Forest Plan amendments will be required; and what if any mitigation and monitoring requirements will apply.

Scoping Process

This Notice of Intent initiates the scoping process for the development of the environmental impact statement. Comments received during the scoping process for the previous National Environmental Policy Act (NEPA) environmental assessment analysis will be considered during this current analysis. Scoping will also include informational mailings and public meetings, which have not yet been scheduled. The Forest Service and Park Service will be seeking information, comments, and assistance from Federal, State, and local agencies, Tribes, and other individuals or organizations that may be interested in or affected by the proposal.

Preliminary Issues

Issues identified during the previous NEPA analysis are the basis of these preliminary issues. They are access, wilderness, social, soil productivity, aquatic and terrestrial habitat conditions, and riparian function. In addition, the National Park Service must make an impairment determination for any actions proposed within Olympic National Park in accordance with the NPS *Organic Act* and NPS *Management Policies* (NPS 2001c, Section 1.4.5); this mandate does not apply to National Forest System Lands.

Early Notice of Importance of Public Participation in Subsequent Environmental Review: A draft environmental impact statement will be prepared for comment. The comment period on the draft environmental impact statement will be 60 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of draft environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft environmental impact statement stage but that are not raised until after completion of the final environmental impact statement may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 60 day comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the

alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Comments received, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection.

(Authority: 40 CFR 1501.7 and 1508.22; Forest Services Handbook 1909.15, Section 21).

Dated: August 3, 2005.

Virginia Grilley,

Acting Forest Supervisor, Olympic National Forest.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List Additions

AGENCY: Committee For Purchase From People Who Are Blind Or Severely Disabled.

ACTION: Additions to Procurement List.

SUMMARY: This action adds to the Procurement List products and services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

DATES: Effective September 11, 2005.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Jefferson Plaza 2, Suite 10800, 1421 Jefferson Davis Highway, Arlington, Virginia 22202-3259.

FOR FURTHER INFORMATION OR TO SUBMIT

COMMENTS CONTACT: Sheryl D. Kennerly, Telephone: (703) 603-7740, Fax: (703) 603-0655, or e-mail SKennerly@jwod.gov.

SUPPLEMENTARY INFORMATION: On June 10, and June 17, 2005, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice (70 FR 33883 and 35223-35224) of proposed additions to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the products and services and impact of the additions on the current or most recent contractors, the Committee has determined that the products and services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small

entities other than the small organizations that will furnish the products and services to the Government.

2. The action will result in authorizing small entities to furnish the products and services to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the products and services proposed for addition to the Procurement List.

End of Certification

Accordingly, the following products and services are added to the Procurement List:
