**Drawbridge Operation Regulations; Liberty Bayou, Slidell, LA**

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of temporary deviation from regulations; request for comments.

**SUMMARY:** The Commander, Eighth Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the State Route 433 (S433) bridge across Liberty Bayou, mile 2.0, at Slidell, St. Tammany Parish, Louisiana. This deviation will test a change to the drawbridge operation schedule to determine whether a permanent change to the schedule is needed.

**DATES:** This deviation is effective from November 15, 2007 until May 13, 2008.

**ADDRESSES:** You may mail comments and related material to Commander (dpb), Eighth Coast Guard District, 500 Poydras Street, New Orleans, Louisiana 70130–3310. The Commander, Eighth Coast Guard District, Bridge Administration Branch maintains the public docket for this rulemaking. Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, will become part of this docket and will be available for inspection or copying at the Bridge Administration office between 7 a.m.

and 3 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** Phil Johnson, Bridge Administration Branch, telephone (504) 671–2128.

**SUPPLEMENTARY INFORMATION:****Request for Comments**

We encourage you to participate in evaluating this test schedule by submitting comments and related material. If you do so, please include your name and address, identify the docket number for this deviation CGD08–07–032, indicate the specific section of this document to which each comment applies, and give the reason for each comment. Please submit all comments and related material in an unbound format, no larger than 8½ by 11 inches, suitable for copying. If you would like to know they reached us, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. Comments must be received by January 14, 2008.

**Background and Purpose**

The Louisiana Department of Transportation and Development has requested that the operating regulation of the S433 pontoon span bridge, located on Liberty Bayou at mile 2.0 in Slidell, St. Tammany Parish, Louisiana, be changed in order to make more efficient use of operating resources. Currently, the draw of the S433 Bridge opens on signal, except that from 9 p.m. to 5 a.m. the draw opens on signal if at least 12 hours notice is given, as required by 33 CFR 117.469. The Coast Guard previously published a notice of proposed rulemaking [CGD08–06–10] on May 4, 2006 (86 FR 26290). The proposed rule would have changed the regulation governing the operation of the (S433) pontoon span bridge across Liberty Bayou, mile 2.0, at Slidell, St. Tammany Parish, Louisiana. The rule, as previously proposed, would have changed the notice required for an opening from 12 hours to 4 hours. A

final rule for that proposed change was not published. Subsequently, the bridge owner has requested that the notice for an opening be changed so that the bridge will open on signal, except that from 7 p.m. to 7 a.m., the bridge will open on signal if at least 2 hours notice is given.

A Supplemental Notice of Proposed Rulemaking [CGD08–06–010], is being issued in conjunction with this Temporary Deviation to obtain public comments. The Coast Guard will evaluate public comments from this Test Deviation and the above referenced Supplemental Notice of Proposed Rulemaking to determine if a permanent special drawbridge operating regulation is warranted.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: November 6, 2007.

**Background and Purpose**

The Louisiana Department of Transportation and Development has requested that the operating regulation of the SR 22 swing span bridge, located on the Tchefuncta River at mile 2.5 in Madisonville, St. Tammany Parish, Louisiana, be changed in order to accommodate the flow of vehicular traffic at rush hour peaks. Currently, the draw of the SR 22 Bridge in Madisonville opens on signal, except that, from 5 a.m. to 8 p.m., the draw need open only on the hour and half-hour.

This Temporary Deviation from Drawbridge Operating Regulations

allows the bridge to operate as follows: The draw of the SR 22 Bridge, mile 2.5 at Madisonville, shall open on signal from 7 p.m. to 6 a.m. From 6 a.m. to 7 p.m., the draw need only open on the hour and half hour, except that, from 6 a.m. to 9 a.m. and from 4 p.m. to 7 p.m. Monday through Friday except Federal holidays, the draw need only open on the hour.

A Notice of Proposed Rulemaking [CGD08-07-38] is being issued in conjunction with this Temporary Deviation to obtain public comments. The Coast Guard will evaluate public comments from this Temporary Deviation and the above referenced Notice of Proposed Rulemaking to determine if a permanent special drawbridge operating regulation is warranted.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

## NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

### 36 CFR Part 1228

[FDMS Docket NARA-07-0004]

RIN 3095-AB43

### Federal Records Management; Media Neutral Schedules

**AGENCY:** National Archives and Records Administration

**ACTION:** Final rule.

**SUMMARY:** The National Archives and Records Administration (NARA) is revising its regulations on scheduling Federal records to make future records schedules applicable to series of records regardless of the medium in which the records are created and maintained. Both the agency (in submitting the schedule) and NARA (in approving the schedule) would be able to specify that certain disposition authorities are valid only for the current media/format of the records. Although agencies currently are permitted to submit "media-neutral" records schedules, most existing records schedules were developed for hard-copy (usually paper) recordkeeping systems

and do not state that they apply to records in other formats. Therefore, agencies have been required to submit new schedules when they convert from a hard-copy system of records, including special media records (such as still pictures, aerial photography, maps, charts, drawings, motion picture film, analog videotape, and analog sound recordings), to an electronic system. This rule makes all new schedules media neutral unless otherwise specified and allows schedules previously approved for hard copy records to be applied to electronic versions of the files if certain conditions are met. The new rule will reduce the workload for both agencies and NARA, allowing them to focus resources on critical records management needs.

**DATES:** This rule is effective December 17, 2007.

**FOR FURTHER INFORMATION CONTACT:** Laurence Brewer, Director, Life Cycle Management Division, at 301-837-1539 or via fax at 301-837-3697.

**SUPPLEMENTARY INFORMATION:**

**Background**

On November 19, 2004, at 69 FR 67692, NARA published a proposed rule making schedules media neutral. In response, we received comments from five Federal agencies and from a private firm that does records management work for Federal agencies. Four public interest groups submitted comments on a related proposed records disposition schedule modifying the General Records Schedules (GRS) to implement the proposed rule insofar as the rule applies to previously approved schedules. The notice inviting public comment on the proposed disposition schedule N1-GRS-05-1 was published on November 16, 2004 (69 FR 67182). We considered the comments on both the proposed rule and the proposed disposition schedule in developing this final rule.

**Discussion of Comments Received on the Proposed Rule**

All five agencies and the consulting firm generally endorsed NARA's proposals regarding media neutrality. However, three of the agencies and the consulting firm felt that the new regulations should allow agencies more than 45 days to notify NARA when they convert previously scheduled permanent records to an electronic format. One of these agencies suggested allowing agencies up to 90 days, while another agency suggested that NARA require annual updates. The third agency that addressed this issue suggested that the regulation require notification "as soon as possible." The
