NATIONAL SCIENCE FOUNDATION

Notice of the Availability of a Record of Decision Following a Final Comprehensive Environmental Evaluation for Antarctic Activities

AGENCY: National Science Foundation.

ACTION: Notice of availability of a Record of Decision following a Final Environmental Impact Statement/Comprehensive Environmental Evaluation (FEIS/FCEE) for activities proposed to be undertaken in Antarctica.

SUMMARY: The National Science Foundation gives notice of the availability of a Final Environmental Impact Statement/Comprehensive Environmental Evaluation (FEIS/FCEE) for activities proposed to be undertaken in Antarctica.

The Office of Polar Programs (OPP) has decided to proceed with the construction and operation of a high-energy neutrino telescope to be located at the Amundsen-Scott Station, South Pole, Antarctica. Given the United States Antarctic Program's (USAP) mission to support polar research, the proposed action will result in a telescope that has been specifically designed to detect a wide diversity of high-energy neutrinos of astrophysical origin. In reaching this decision, the Director of the Office of Polar Programs has considered the potential environmental impacts addressed in the Project IceCube EIS/CEE. The Director has also considered input from Antarctic Treaty nations and the public pertaining to the EIS/CEE for Project IceCube.

Pursuant to 16 U.S.C. 2403a, the National Science Foundation has prepared this Record of Decision following the Final Environmental Impact Statement/Comprehensive Environmental Evaluation for Project IceCube, Amundsen-Scott Station, South Pole, Antarctica.

ADDRESSES: Copies of the Record of Decision are available upon request from: Dr. Polly A. Penhale, National Science Foundation, Office of Polar Programs, 4201 Wilson Blvd., Suite 755, Arlington, VA 22230. Telephone: (703) 292-8033.

SUPPLEMENTARY INFORMATION: A Notice of Availability of the draft EIS/CEE was published in the **Federal Register**. Via a Web site link, the draft Project IceCube EIS/CEE was made available for review to all interested parties including Antarctic Treaty nations, international and U.S. Federal agencies, research institutions, private organizations, and individuals.
