SUMMARY: The Technical Guidelines Development Committee (the "Development Committee") has rescheduled a plenary teleconference meeting for August 17, 2007. This meeting date serves as a rescheduling of the July 3, 2007 plenary teleconference that was cancelled. The Development Committee was established in 2004 to act in the public interest to assist the Executive Director of the U.S. Election Assistance Commission (EAC) in the development of voluntary voting system guidelines. The Development Committee has held nine previous plenary meetings. The proceedings of these plenary sessions are available at: <http://vote.nist.gov>. The purpose of the tenth meeting of the Development Committee will be to review and approve a final draft of recommendations for future voluntary voting system guidelines to the EAC. The draft recommendations respond to tasks defined in resolutions passed at the previous Development Committee meetings as well as a review of a complete draft of recommendations presented at the May 2007 plenary meeting.

SUPPLEMENTARY INFORMATION: The Technical Guidelines Development Committee (the "Development Committee") has scheduled a plenary teleconference meeting for July 3, 2007.

The Committee was established pursuant to 42 U.S.C. 15361, to act in the public interest to assist the Executive Director of the Election Assistance Commission in the development of the voluntary voting system guidelines. The Technical Guidelines Development Committee held their first plenary meeting on July 9, 2004. At this meeting, the Development Committee agreed to a resolution forming three working groups: (1) Human Factors & Privacy; (2) Security & Transparency; and (3) Core Requirements & Testing to gather information and review preliminary reports on issues pertinent to voluntary voting standard recommendations. At subsequent plenary sessions, additional resolutions were debated and adopted by the TGDC. The resolutions define technical work tasks for NIST that assist the TGDC in developing recommendations for voluntary voting system guidelines. The Development Committee approved initial recommendations for voluntary voting system guidelines at the April 20th & 21st, 2005 meeting. The recommendations were formally delivered to the EAC in May 2005 for their review. In September of 2005, the Development Committee began review of preliminary technical reports for the next iteration of voluntary voting system guidelines. The Committee will review, debate and approve a final draft of recommendations for the next iteration of voluntary voting system guidelines at the August 17, 2007 teleconference meeting.
