SUPPLEMENTARY INFORMATION:

I. Abstract

Sponsored by NIST, the Manufacturing Extension Partnership (MEP) is a national network of locally-based manufacturing extension centers working with small manufacturers to assist them improve their productivity, improve profitability and enhance their economic competitiveness. The information collected will provide the MEP with information regarding MEP Center performance regarding the delivery of technology, and business solutions to U.S.-based manufacturers. The collected information will assist in determining the performance of the MEP Centers at both local and national levels, provide information critical to monitoring and reporting on MEP programmatic performance, and assist management in policy decisions. Responses to the collection of information are mandatory per the regulations governing the operation of the MEP Program (15 CFR parts 290, 291, 292, and H.R. 1274—section 2). The information collected will include center inputs and activities including services delivered, clients served, center staff, quarterly expenses and revenues, partners, strategic plan, operation plans, and client success stories. No confidentiality for information submitted is promised or provided.

In order to reflect new initiatives and new data needs, NIST MEP has identified a need to revise its existing reporting processes by modifying existing reporting elements that will enable NIST MEP to better monitor and assess the extent to which the Centers are meeting program goals and milestones.

II. Method of Collection

The information will be collected from the MEP Centers through the MEP Enterprise Information System (MEIS), <https://meis.nist.gov>.
