Title of Proposal: Application and Re-certification Procedures for FHA Inspectors.

OMB Control Number, if applicable: None.

Description of the need for the information and proposed use: This is a new information collection, which includes the use of a previously approved form, Form HUD-92563. The information collection is essential to the Department's efforts to ensure that compliance inspectors who determine if the quality of construction of property accepted as security for FHA insured loans possess the prerequisite knowledge and skills to make these determinations. The Department also wishes to standardize this procedure throughout the country. Inspectors seeking to be placed on FHA's Inspection roster must submit an application to be considered acceptable as an inspector in HUD's single family housing programs. The uses of qualified compliance inspectors are viewed as critical to minimizing the placement of FHA mortgage insurance on poorly constructed dwellings.

Agency form numbers, if applicable: Form HUD-92563.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: The estimated number of respondents are estimated to be 3,000, an average of 5,250 annual burden hours are estimated, and the frequency of responses is estimated to be once.

Status of the proposed information collection: This is a new information collection for which OMB approval is requested.

Authority: The Paperwork Reduction act of 1995, 44 U.S.C. 35, as amended.

Dated: December 12, 2001.

John C. Weicher,

Assistant Secretary for Housing-Federal Housing Commissioner.
