BILLING CODE 8011–01–P

DEPARTMENT OF STATE

[Public Notice 11790]

Review of the Designations as Foreign Terrorist Organizations of Communist Party of the Philippines New People's Army and Jaish-e-Mohammed (and Other Aliases)

Based on a review of the Administrative Record assembled pursuant to Section 219(a)(4)(C) of the Immigration and Nationality Act, amended (8 U.S.C. 1189(a)(4)(C)) ("INA"), and in consultation with the Attorney General and the Secretary of the Treasury, I conclude that the circumstances that were the bases for the designations of the aforementioned organizations as Foreign Terrorist Organizations have not changed in such a manner as to warrant revocation of the designations and that the national security of the United States does not warrant a revocation of the designations.

Therefore, I hereby determine that the designation of the aforementioned organizations as Foreign Terrorist Organizations, pursuant to Section 219 of the INA (8 U.S.C. 1189), shall be maintained.

⁸ 5 nonbank SBSDs × \$400/hour × 5 hours = \$10,000. This amount annualized is \$3,333.33 per nonbank SBS, rounded down to \$3,333.

This determination shall be published in the **Federal Register**.

Dated: July 6, 2022.

Antony J. Blinken,
Secretary of State.

BILLING CODE 4710–AD–P

DEPARTMENT OF STATE

[Public Notice 11788]

Notice: International Digital Economy and Telecommunication (IDET) Advisory Committee Charter Renewal

ACTION: Notice of charter renewal—IDET.

In accordance with the provisions of the Federal Advisory Committee Act (FACA) and the general authority of the Secretary of State and the Department of State, the charter of the International Digital Economy and Telecommunication (IDET) Advisory Committee has been renewed for two years.

The IDET consists of members of the telecommunications industry, including network operators and service providers, equipment vendors, members of academia; members of organizations, institutions, or entities with specific interest in digital economy, digital connectivity, economic aspects of emerging digital technologies, telecommunications, and communications and information policy matters; members of civil society; and officials of interested government agencies. The IDET provides views and advice to the Department of State on positions concerning international digital economy, telecommunications, and information policy matters. This advice has been a major factor in ensuring that the United States was well prepared to participate effectively in the international telecommunications and information policy arena, including the International Telecommunication Union (ITU), the Organization of American States Inter-American Telecommunication Commission (CITEL), the Organization for Economic Cooperation and Development (OECD), the Asia Pacific Economic Cooperation Forum Telecommunications and Information Working Group (APEC TELWG), the Group of Seven (G&), the Group of Twenty (G20) Digital Economy Task Force, and relevant standards setting bodies.

BILLING CODE 4710–10–P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA–2022–0057]

Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that by letter dated May 17, 2022, Symans Enterprises (Symans) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR 230.17, *One thousand four hundred seventy-two (1472) service day inspection*. FRA assigned the petition Docket Number FRA–2022–0057.

Specifically, Symans requests relief for steam locomotive VC 6, which is used in public tourist excursions. Regarding the locomotive's 1472 service day inspection, Symans requests to extend the period in which the inspection is due from July 7, 2022, to December 31, 2023. Symans states that the annual inspection of VC 6 was completed in October 2021, and the extension would allow Symans to recover from revenue losses caused by the COVID–19 pandemic. In support of its request, Symans states that the locomotive has been stored inside and has operated without incident.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted at <http://>

www.regulations.gov. Follow the online instructions for submitting comments.

Communications received by September 2, 2022 will be considered by FRA before final action is taken.

Comments received after that date will be considered if practicable. Anyone can search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), the U.S. Department of Transportation (DOT) solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>. See also <https://www.regulations.gov/privacy-notice> for the privacy notice of regulations.gov.

Issued in Washington, DC.

Carolyn Hayward-Williams,

Director, Office of Railroad Systems and Technology.

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

[Docket No. FTA-2022-0013]

Notice of Proposed Buy America Waiver and Request for Comment

AGENCY: Federal Transit Administration, Department of Transportation (DOT).

ACTION: Notice; request for comment.

SUMMARY: The Federal Transit Administration (FTA) has received multiple individual requests for a Buy America waiver for non-ADA accessible passenger vans and minivans that can be used in vanpool programs, based on the nonavailability of Buy America-compliant vehicles. FTA is proposing a partial general nonavailability waiver of limited duration for mass-produced, unmodified non-ADA accessible vans and minivans. Under FTA's proposal, in lieu of applying Buy America's rolling stock standard to these vans and minivans, FTA would require the vans and minivans to have their place of final assembly and engine country of origin in the United States as reported under the American Automobile Labeling Act. FTA proposes that this partial waiver will expire after two years, or when a compliant vehicle becomes available,

whichever is first. FTA seeks public and industry comment on whether FTA should grant the waiver as proposed, or in a modified form.

DATES: Comments must be received by August 3, 2022. Late-filed comments will be considered only to the extent practicable.

ADDRESSES: Please submit all comments electronically to the Federal eRulemaking Portal. Go to <https://www.regulations.gov> and follow the instructions for submitting comments.

Instructions: All submissions must refer to the Federal Transit Administration and the docket number in this notice (FTA-2022-0013). Note that all submissions received, including any personal information provided, will be posted without change and will be available to the public on <https://www.regulations.gov>. You may review DOT's complete Privacy Act Statement in the **Federal Register** published April 11, 2000 (65 FR 19477), or at <https://www.transportation.gov/privacy>.

FOR FURTHER INFORMATION CONTACT:

Jason Luebbers, FTA Attorney-Advisor, at (202) 366-8864 or Jason.Luebbers@dot.gov.

SUPPLEMENTARY INFORMATION: The purpose of this notice is to seek public comment on whether FTA should grant a partial Buy America waiver of limited duration for the procurement of mass-produced, unmodified (complete and fully assembled as provided by the original equipment manufacturer) non-ADA accessible passenger vans and minivans.

Background

Under FTA's Buy America statute, FTA may obligate funds for a project to procure rolling stock only if the cost of components and subcomponents produced in the United States is more than 70 percent of the cost of all components of the rolling stock, and final assembly of the rolling stock occurs in the United States. 49 U.S.C. 5323(j)(2)(C). A manufacturer of rolling stock must submit to pre-award and post-delivery audits and independent inspections to verify its compliance with Buy America. 49 U.S.C. 5323(m).

FTA may waive Buy America requirements for a product if, among other reasons, a compliant version of the product is not produced in a sufficient and reasonably available amount or is not of a satisfactory quality. 49 U.S.C. 5323(j)(2)(B). FTA cannot deny a request for a nonavailability waiver unless it can provide the waiver applicant with a written certification that: the item is produced in the United States in a sufficient and reasonably available

amount; the item produced in the United States is of a satisfactory quality; and includes a list of known manufacturers in the United States from which the item can be obtained. 49 U.S.C. 5323(j)(6).

On October 20, 2016, FTA granted a general public interest waiver for mass-produced, unmodified non-ADA-accessible vans and minivans, only from its domestic content requirement, for three years or until a compliant manufacturer came forward, whichever came first. (<https://www.govinfo.gov/content/pkg/FR-2016-10-20/pdf/2016-25370.pdf>). At that time FTA had identified some models of van or minivan for which final assembly occurred in the United States, but could not identify a van or minivan that also satisfied the domestic content requirement. FTA, therefore, temporarily waived the domestic content requirement, but continued to require final assembly in the United States for mass-produced, unmodified non-ADA accessible vans and minivans. The waiver expired on September 30, 2019. Since the waiver's expiration, FTA has received requests to reissue a general public interest waiver for non-ADA-accessible vans and minivans from grant recipients, the American Public Transit Association (APTA), and turnkey vanpool service provider Enterprise.

In 2021, FTA received three applications for waivers for non-ADA accessible vans and minivans to be used as vanpool vehicles, based on the nonavailability of compliant vehicles. A vanpool vehicle is a vehicle with seating capacity for at least six adults not including the driver. 49 U.S.C. 5323(i)(2)(C). The three applicants are Coast Transit Authority of Biloxi, Mississippi; the Metropolitan Transportation Commission of San Francisco, California; and the Ann Arbor Area Transportation Authority in Michigan. All three applications are to support procurements of service contracts with "Commute with Enterprise" to carry out vanpool programs of between 40 and 250 vehicles.

Today, final assembly for a number of mass-produced, unmodified non-ADA accessible van and minivan models occurs in the United States. FTA recipients, however, cannot verify the domestic content of such vehicles because manufacturers are unwilling to sign the required Buy America certification regarding minimum domestic content or submit to FTA's pre-award and post-delivery audit requirements. Reasons that some of these manufacturers have provided to
