Rural Housing Service

Title: 7 CFR 1940-G, Environmental Program.

OMB Control Number: 0575-0094.

Summary of Collection: The National Environmental Policy Act (NEPA) requires Federal agencies prior to the approval of proposed actions to consider the potential environmental impacts of these actions. Consequently, for the agencies to comply with NEPA, it is necessary to have information on the types of environmental resources on site or in the vicinity that might impact the proposed action. Also, information is required on the nature of the project selected by the applicant.

Need and Use of the Information: The agency will collect environmental data using form RD 1940-20, *Request for Environmental Information*. Having all activities and environmental information on the proposed project site will enable the Agency official to determine the magnitude of the potential environmental impacts and whether the project is controversial for environmental reasons. The agency failure to collect environmental information would result in a violation of NEPA. Thus, the agency would have no basis to support a decision regarding the need for an environmental impact statement.

Description of Respondents: Farms; individuals or households; business or other for-profit; not-for-profit institutions; State, local or tribal government.

Number of Respondents: 4,539.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 27,499.

Departmental Information Collection Clearance Officer.
