#### **Global Express Guaranteed**

Global Express Guaranteed (GXG) is the Postal Service's premier international expedited product provided through an alliance with FedEx Express®. The price increase for GXG service averages 7.2 percent.

The Postal Service continues to provide Commercial Base pricing to online customers who prepare and pay for GXG shipments via USPS-approved payment methods, with variable discounts up to 16 percent off the published retail prices for GXG.

The Postal Service also continues to offer Commercial Plus pricing price incentives for large volume customers who commit to tendering \$100,000 in annual postal revenue from GXG, Priority Mail Express International (PMEI), Priority Mail International (PMI), and First-Class Package International Service (FCPIS®) via USPS-approved payment methods, with variable discounts up to 24 percent off the published retail prices for GXG.

#### **Priority Mail Express International**

Priority Mail Express International (PMEI) service provides fast service to approximately 180 countries. A money-

back guarantee service (exceptions apply) is available for certain destinations. The price increase for PMEI service averages 6.7 percent. The Commercial Base price and Commercial Plus price for customers that prepare and pay for PMEI shipments via permit imprint, online at USPS.com®, or as registered end-users using an authorized PC Postage vendor will remain a variable discount (based on the item's weight and price group) of up to 13 percent below the retail price for Commercial Base price and up to 25 percent below the retail price for Commercial Plus price.

The Postal Service continues to offer PMEI Commercial Plus pricing that includes discount price incentives to large volume customers who commit to tendering at least \$100,000 in annual postal revenue from GXG, PMEI, Priority Mail International and First-Class Package International Service. The Postal Service will continue to include PMEI in customized Global Expedited Package Services (GEPS) contracts offered to customers who meet certain revenue thresholds and are willing to commit to a larger amount of postal revenue for PMEI and Priority Mail International.

Priority Mail International (PMI) is a way to send merchandise and documents to about 180 countries. The price increase for PMI service averages 6.8 percent. The Commercial Base price and Commercial Plus price for customers that prepare and pay for PMI items via permit imprint, online at USPS.com, or as registered end-users using an authorized PC Postage vendor will remain a variable discount (based on the item's weight and price group) of up to 13 percent below the retail price for Commercial Base price and up to 21 percent below the retail price for Commercial Plus price. Large volume mailers who commit to tendering at least \$100,000 in annual postal revenue from GXG, PMEI, PMI, and First-Class Package International Service may request authorization for Commercial Plus discount prices. The Postal Service will continue to include PMI in customized Global Expedited Package Services (GEPS) contracts offered to customers who meet certain revenue thresholds and are willing to commit to a larger amount of revenue to the USPS® for PMEI and PMI.

In this filing we are proposing a structural change to create price zones for PMI to Canada. New zoned prices, based on the origin ZIP Code for PMI destined to Canada, will encourage customers to better use our network and

## **POSTAL SERVICE**

### **39 CFR Part 20**

#### **International Product and Price Changes**

**AGENCY:** Postal Service™.

**ACTION:** Final rule.

**SUMMARY:** The Postal Service is revising *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®), to reflect the prices, product features, and classification

allow us to compete more effectively in major metropolitan markets from which U.S. businesses export and where the Postal Service operates an international gateway (International Service Center).

An additional classification change is an increase to 66 pounds from 44 pounds for the maximum weight for PMI Country Price Group 17 (Netherlands).

#### **First-Class Package International Service**

First-Class Package International Service (FCPIS) is an economical international service for small packages weighing less than 4 pounds and not exceeding \$400 in value. The pricing structure for FCPIS will continue to be simpler than for some other international products, with one retail price worldwide for 1 to 2 ounces, identical prices for 3 to 4 ounces within each country price group, and identical prices for 5 to 8 ounces within each country price group. The price increase for FCPIS averages 7.2 percent. The Commercial Base price and Commercial Plus price for customers that prepare and pay for FCPIS items via permit imprint or by USPS-approved online payment methods will remain a variable discount (based on the item's weight and price group) of up to 10 percent below the retail price for Commercial Base price and up to 16 percent below the retail price for Commercial Plus price. Large volume mailers who commit to tendering at least \$100,000 in annual postal revenue from GXG, PMEI, PMI, and FCPIS may request authorization for Commercial Plus discount prices.

#### **International Priority Airmail and International Surface Air Lift**

Published prices for the commercial international Shipping Services, which include International Priority Airmail (IPA) and International Surface Air Lift (ISAL), will have an overall price increase of 4.5 percent. The structure of IPA and ISAL price categories will continue to be priced by the worldwide and 19 country price groups and applicable mail shapes (letters and postcards, large envelopes [flats], and packages [small packets and rolls]). These categories correspond to the Universal Postal Convention requirements to use shape-based pricing. For IPA and ISAL, the Postal Service offers incentive pricing through International Negotiated Service Agreements (NSAs).

International Priority Airmail (IPA) service, including IPA M-bags, is a bulk commercial service that provides rapid and economical worldwide delivery to

business mailers for volume mailings of First-Class Mail International postcards, letters, large envelopes (flats), and FCPIS packages (small packets) weighing up to a maximum 4.4 pounds. IPA is dispatched to the destination country where it is entered into the postal administration's air or surface priority mail system for delivery. The overall price increase for IPA service averages 4.5 percent.

International Surface Air Lift (ISAL) service, including ISAL M-Bags, is a bulk commercial service that provides economical worldwide delivery to business mailers of volume mailings of all First-Class Mail International postcards, letters, large envelopes (flats), and FCPIS packages (small packets) weighing up to 4.4 pounds. ISAL is dispatched to the destination country where it is then entered into the postal administration's surface nonpriority network. The overall price increase for ISAL service averages 4.5 percent.

#### **Direct Sacks of Printed Matter to One Addressee (Airmail M-bags)**

Airmail M-bags are direct sacks of printed matter sent to a single foreign addressee at a single address. Prices are based on the weight of the sack. The price increase for Airmail M-bags averages 6.8 percent.

#### **International Extra Services**

Depending on country destination and mail type, customers may add a variety of extra services to their outbound shipments. Prices for some of these extra services are increasing. Also, as a housekeeping measure, we will remove provisions concerning Inbound International Return Receipt and Inbound International Insurance from the Mail Classification Schedule, as these are products offered by foreign postal administrations to their countries' mailers, not USPS mail products.

For our competitive offerings, we revised the prices for the following international extra services:

##### *Certificate of Mailing*

The price for Certificate of Mailing will increase 2.5 percent.

##### *Registered Mail*

The price for Registered Mail will increase 2.2 percent.

##### *Return Receipt*

The price for Return Receipt for International Mail will increase 2.7 percent.

#### **Priority Mail Express International Insurance and Priority Mail International Insurance**

The insurance tables for Priority Mail Express International (PMEI) and Priority Mail International (PMI) will be combined into one table to simplify pricing.

#### **List of Subjects in 39 CFR Part 20**

Foreign relations, International postal services.

The Postal Service hereby adopts the following changes to *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM), which is incorporated by reference in the *Code of Federal Regulations*. See 39 CFR 20.1. Accordingly, 39 CFR part 20 is amended as follows:
