Rural Utilities Service

Basin Electric Power Cooperative; Notice of Finding of No Significant Impact

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of Finding of No Significant Impact.

SUMMARY: Notice is hereby given that the Rural Utilities Service (RUS) has made a Finding of No Significant Impact (FONSI) with respect to a request from Basin Electric Power Cooperative for assistance to finance the construction, operation, and maintenance of a 115.5 MW wind-powered electric generating facility (the Proposal) in Ward County, North Dakota.

ADDRESSES: The FONSI is available for public review at the USDA Rural Utilities Service's Web site—<http://www.usda.gov/rus/water/ees/ea.htm> or at 1400 Independence Avenue, SW., Room 2244, Stop 1571, Washington, DC 20250-1571; and at Basin's headquarters office located at 1717 East Interstate Avenue, Bismarck, ND 58503-0564.

CONTACTS: To obtain copies of the FONSI or for further information, contact Dennis Rankin, Environmental Protection Specialist, USDA, Rural Utilities Service, 1400 Independence Avenue, SW., Stop 1571 Washington, DC 20250-1571, *Telephone:* (202) 720-1953 or *e-mail:* dennis.rankin@wdc.usda.gov.

SUPPLEMENTARY INFORMATION: Basin Electric proposes to construct a new 115.5 MW wind generation facility in north-central North Dakota. The project will include seventy-seven (77) 1.5 MW wind turbine generators and be located approximately 15 miles south of Minot, North Dakota. Tetra Tech, an environmental consulting firm, prepared an Environmental Report for RUS. RUS conducted an independent evaluation of the Environmental Report and agreed that it accurately assessed the impacts of the Proposal. RUS accepted the document as its Environmental Assessment and published the document for a 30-day public comment period. The applicant is responsible for obtaining all permits required to construct the Proposal.

Pursuant to 36 CFR 800.4(d)(1) of the regulations (36 CFR Part 800) implementing Section 106 of the National Historic Preservation Act (NHPA), 16 U.S.C. 470f, RUS made a finding that this Proposal will not affect historic properties. RUS received no objection to this finding of effect from the North Dakota State Historic Preservation Office or other consulting parties. RUS has determined this finding of no historic properties affected made pursuant to Section 106 of NHPA.

In accordance with the National Environmental Policy Act, as amended (42 U.S.C. 4321 *et seq.*), the Council on Environmental Quality Regulations (40 CFR 1500-1508), and RUS' Environmental Policies and Procedures (7 CFR Part 1794), RUS has determined that the environmental impacts of the Proposal have been adequately addressed and that no significant impacts to the quality of the human environment would result from the construction and operation of the Proposal. Any final action by RUS related to the Proposal will be subject to, and contingent upon, compliance

with all relevant federal and state environmental laws and regulations. Since RUS' action will not result in significant impacts to the quality of the human environment, the preparation of an Environmental Impact Statement related to the proposed project is not necessary.

Dated: August 14, 2009.

Nivin Elgohary,

Acting Assistant Administrator—Electric, Rural Utilities Service.

Natural Resources Conservation Service

Soil and Water Resources Conservation Act

AGENCY: Natural Resources Conservation Service, United States Department of Agriculture.

ACTION: Notice of public meeting.

SUMMARY: The Natural Resources Conservation Service (NRCS) will hold a public meeting to gather stakeholder input on important natural resource concerns and program approaches to

address these natural resource concerns in the next decade.

On June 22, 2008, Congress reauthorized the Soil and Water Resources Conservation Act (RCA), 16 U.S.C. 2001-2009, through amendments in the Food, Conservation, and Energy Act of 2008 (Pub. L. 110-246). In the reauthorization, Congress extended RCA through 2018 and called for the first report to be delivered to Congress by January 2011. RCA provides the Department of Agriculture (USDA) with broad strategic assessment and planning authority and calls for the development of a national program to guide USDA activities for the conservation, protection, and enhancement of soil, water, and related natural resources. Through RCA, USDA appraises the status and trends of soil, water, and related resources on non-Federal land; assesses their capability to meet present and future demands; evaluates current and needed programs, policies, and authorities; and develops a national soil and water conservation program to give direction for USDA soil and water conservation activities.

Public participation is a central element of the RCA process. USDA will hold listening sessions to provide the public with an opportunity to comment on conservation priorities, program approaches, future conservation needs, and opportunities to improve the appraisal process.

DATES: The meeting will be held on the following date and location:

Meeting location	Date	Local time	Co-host
Charleston Marriott Town Center, 200 Lee Street East, Charleston, West Virginia 25301.	9/14/09	10:30 a.m.-12:30 p.m. ...	National Association of Conservation Agencies—Annual Meeting.
