Combined Notice of Filings #1

Take notice that the Commission received the following exempt wholesale generator filings:

Docket Numbers: EG14–29–000.

Applicants: RE Camelot LLC.

Description: RE Camelot LLC Notice of Self-Certification of Exempt Wholesale Generator Status.

Filed Date: 3/12/14.

Accession Number: 20140312–5074.

Comments Due: 5 p.m. ET 4/2/14.

Docket Numbers: EG14–30–000.

Applicants: Windthorst–2, LLC.

Description: Notice of Self-Certification of EWG Status of Windthorst–2, LLC.

Filed Date: 3/12/14.

Accession Number: 20140312–5328.

Comments Due: 5 p.m. ET 4/2/14.

Docket Numbers: EG14–31–000.

Applicants: Spinning Spur Wind Two, LLC.

Description: Notice of Self-Certification of Exempt Wholesale Generator Status of Spinning Spur Wind Two, LLC.

Filed Date: 3/18/14.

Accession Number: 20140318–5192.

Comments Due: 5 p.m. ET 4/8/14.

Take notice that the Commission received the following electric rate filings:

Docket Numbers: ER14–1363–001;

ER10–3195–002; ER10–3194–002.

Applicants: Kendall Green Energy LLC, MATEP Limited Partnership, MATEP LLC.

Description: Substitute Appendix B to February 28, 2014 Notice of Change in Status of Kendall Green Energy LLC, et. al.

Filed Date: 3/18/14.

Accession Number: 20140318–5237.

Comments Due: 5 p.m. ET 4/8/14.

Docket Numbers: ER14–1521–000.

Applicants: Sierra Pacific Power Company.

Description: Rate Schedule No. 66 Engineering Procurement Construction Agr-Liberty Utilities to be effective 3/19/2014.

Filed Date: 3/18/14.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP14–70–000]

National Fuel Gas Supply Corporation; Notice of Intent To Prepare an Environmental Assessment for the Proposed West Side Expansion and Modernization Project and Request for Comments on Environmental Issues

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the West Side Expansion and Modernization Project (Project) involving construction and operation of

facilities by National Fuel Gas Supply Corporation (National Fuel) in Washington, Allegheny, Beaver, Venango, and Mercer Counties, Pennsylvania. The Commission will use this EA in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the project. Your input will help the Commission staff determine what issues they need to evaluate in the EA. Please note that the scoping period will close on April 18, 2014. You may submit comments in written form. Details on how to submit written comments are in the Public Participation section of this notice.

This notice is being sent to the Commission's current environmental mailing list for this project. State and local government representatives should notify their constituents of this proposed project and encourage them to comment on their areas of concern.

If you are a landowner receiving this notice, a pipeline company representative may contact you about the acquisition of an easement to construct, operate, and maintain the proposed facilities. The company would seek to negotiate a mutually acceptable agreement. However, if the Commission approves the project, that approval conveys with it the right of eminent domain. Therefore, if easement negotiations fail to produce an agreement, the pipeline company could initiate condemnation proceedings where compensation would be determined in accordance with state law.

National Fuel provided landowners with a fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" This fact sheet addresses a number of typically-asked questions, including the use of eminent domain and how to participate in the Commission's proceedings. It is also available for viewing on the FERC Web site (www.ferc.gov).

Summary of the Proposed Project

National Fuel proposes to construct a new transmission line parallel to its existing natural gas pipeline referred to as Line N. The pipeline would replace about 23 miles of the existing 20-inch-diameter Line N (referred to as Sections 1 and 2) which were built in 1947, with new 24-inch pipeline located in Washington, Allegheny and Beaver Counties, PA. The Project also consists of the installation of additional compression at the Mercer Compressor

Station (CS) (ongoing construction under CP13–530) in Mercer County, PA and miscellaneous piping modifications at the Henderson CS in Venango County, PA. The Project would provide about 175,000 dekatherms per day of incremental capacity. According to National Fuel, the project would improve the integrity and reliability of the existing Line N system.

The West Side Expansion and Modernization Project would consist of the following facilities:

- Installation of approximately 23-miles of 24-inch diameter pipeline;
- construction of one additional 3,550 horsepower (HP) reciprocating compressor unit at the National Fuel existing Mercer CS; and
- installation of miscellaneous valve and piping modifications at the National Fuel existing Henderson CS.

The general location of the project facilities is shown in appendix 1.¹

Land Requirements for Construction

Construction of the proposed facilities would disturb about 3.0 acres of land for the aboveground facilities, 275.7 acres for temporary construction of the pipeline. Following construction, National Fuel would maintain about 139.7 acres for permanent operation of the project's facilities. The remaining acreage would be restored and revert to former uses. National Fuel proposes to construct the new 24-inch pipeline parallel to the existing Line N pipeline.

The EA Process

The National Environmental Policy Act (NEPA) requires the Commission to take into account the environmental impacts that could result from an action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. NEPA also requires us² to discover and address concerns the public may have about proposals. This process is referred to as "scoping." The main goal of the scoping process is to focus the analysis in the EA on the important environmental issues. By this notice, the Commission requests public comments on the scope of the issues to address in the EA. We will consider all

¹ The appendices referenced in this notice will not appear in the **Federal Register**. Copies of appendices were sent to all those receiving this notice in the mail and are available at www.ferc.gov using the link called "eLibrary" or from the Commission's Public Reference Room, 888 First Street NE., Washington, DC 20426, or call (202) 502–8371. For instructions on connecting to eLibrary, refer to the last page of this notice.

² "We," "us," and "our" refer to the environmental staff of the Commission's Office of Energy Projects.
