

Moapa Band and the EIS will consider the impacts of alternative sources and delivery methods.

The purposes of the Project are to: (1) Help to provide a long-term, diverse, and viable economic revenue base and job opportunities for the Moapa Band; (2) help Nevada and neighboring States to meet their State renewable energy needs; and (3) allow the Moapa Band, in partnership with First Solar, to optimize the use of the lease site while maximizing the potential economic benefit to the Tribe.

The BIA will prepare the EIS in cooperation with the Moapa Band, BLM, and possibly the Army Corps of Engineers, Environmental Protection Agency, and National Park Service. In addition, the U.S. Fish and Wildlife Service (USFWS) will provide input on the analysis. The resulting EIS will aim to: (1) Provide agency decision makers, the Moapa Band, and the general public with a comprehensive understanding of the impacts of the proposed Project and alternatives on the Reservation; (2) describe the cumulative impacts of increased development on the Reservation; and (3) identify and propose mitigation measures that would minimize or prevent significant adverse impacts. Consistent with these objectives, the EIS will analyze the proposed Project and appurtenant features, viable alternatives including other interconnection options, modified footprint alternatives, alternate routing for Project ROWs, and the No Action alternative. Other alternatives may be identified in response to issues raised during the scoping process.

The EIS will provide a framework for BIA and BLM to make determinations and to decide whether to take the aforementioned Federal actions. In addition, BIA will use and coordinate the NEPA commenting process to satisfy its obligations under Section 106 of the National Historic Preservation Act (16 U.S.C. 470f) as provided for in 36 CFR 800.2(d)(3). Tribal consultations will be conducted in accordance with policy, and tribal concerns will be given due consideration, including impacts on Indian trust assets. Other Federal agencies may rely on the EIS to make decisions under their authority and the Moapa Band may also use the EIS to make decisions under their Tribal Environmental Policy Ordinance. The USFWS will review the EIS for consistency with the Endangered Species Act, as amended, and other implementing acts, and may rely on the EIS to support its decisions and opinions regarding the Project.

Issues to be covered during the scoping process may include, but would

not be limited to, Project impacts on: Air quality, geology and soils, surface and groundwater resources, biological resources, threatened and endangered species, cultural resources, socioeconomic conditions, land use, aesthetics, environmental justice, and Indian trust resources. In addition to those already identified above, Federal, State, and local agencies, along with other stakeholders that may be interested or affected by the BIA's decision on the proposed Project, are invited to participate in the scoping process.

#### Directions for Submitting Comments

Please include your name, return address, and the caption "EIS, First Solar Solar Project," on the first page of any written comments. You may also submit comments at the public scoping meetings.

The public scoping meetings will be held to further describe the Project and identify potential issues and alternatives to be considered in the EIS. The first public scoping meeting will be held on the Reservation and the other public scoping meeting will be held in Las Vegas, Nevada. The dates of the public scoping meetings will be included in notices to be posted in the Las Vegas Sun, Las Vegas Review-Journal, and Moapa Valley Progress 15 days before the meetings.

#### Public Comment Availability

Comments, including names and addresses of respondents, will be available for public review at the mailing address shown in the ADDRESSES section during regular business hours, 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time.

#### Notice of Realty Action: Non-Competitive Direct Sale of the Reversionary Interest in a Recreation and Public Purpose Act (R&PP) Patent, in Clark County, NV (N–90426)

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** The reversionary interest held by the United States in a 5.22-acre parcel of public land is determined suitable for direct sale and release to the Paradise Bible Baptist Church, under the authority of the Federal Land Policy and Management Act, as amended. The purpose of the direct sale is to dispose of the reversionary interest clause in the patented lands, which represents certain restrictions and conditions that prevents the Paradise Bible Baptist Church from using the land for other purposes.

**DATES:** Interested parties may submit written comments regarding the direct sale and release of reversionary interest until January 5, 2015.

**ADDRESSES:** Send written comments to the Bureau of Land Management (BLM), Las Vegas Field Manager, 4701 N. Torrey Pines Drive, Las Vegas, Nevada 89130, or email: [ddickey@blm.gov](mailto:ddickey@blm.gov).

**FOR FURTHER INFORMATION CONTACT:** Dorothy Jean Dickey, 702–515–5119, or [ddickey@blm.gov](mailto:ddickey@blm.gov). Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** On February 5, 1998, a 5.22-acre parcel was patented (patent number 27–98–0017) to the Paradise Bible Baptist Church under the authority of the R&PP Act of June 14, 1926, as amended, 43 U.S.C. 869 *et seq.* The purpose for which the land can be used is restricted by a reversionary clause in the patent, which returns title to the United States if the tract is used for other purposes not provided for in

the patent. The purpose of the direct sale is to dispose of the reversionary interest in the patented lands which represents certain restrictions and conditions which prevents the Paradise Bible Baptist Church from using the land for other purposes.

The parcel proposed for direct sale of the reversionary interest is located east of Interstate Highway 15 on the corner of Emerson Avenue and Pacific Street in Las Vegas, Nevada, and is described as:

**Mount Diablo Meridian, Nevada**

T. 21 S., R. 61 E.,

Sec. 13, lot 20.

The area described contains 5.22 acres.

The purpose of the direct sale of the reversionary interest is so the land, patented to the Paradise Bible Baptist Church can be sold and/or used for other purposes. The Paradise Bible Baptist Church is planning on selling the church and moving to a new location. The R&PP Act reversionary clause in the patent requires the church be sold only to those qualified under the R&PP Act and be used only for the purposes allowed under the R&PP Act, or the patented land will revert back to the United States. The church cannot find a buyer who is interested in the land and who qualifies under the R&PP Act. A direct sale of the reversionary interest will allow the church to sell the property to any citizen or organization in the United States and to use the land for any purpose, without the threat of a reversion of the title for breach of patent conditions.

The proposed non-competitive direct sale of the reversionary interest is in conformance with the BLM Las Vegas Resource Management Plan (RMP) and the Record of Decision (ROD) approved on October 5, 1998. Authority for the sale and release of the reversionary interest is in conformance with Section 202 of the FLPMA Act of October 21, 1976, as amended, and Section 203, whereas the Secretary determines that the sale of the parcel meets the following disposal criteria. Such tract is difficult and uneconomic to manage because of its location or other characteristics—such as the subject's history of use, current level of development, and is neither required nor suitable for management by another Federal department or agency. This parcel of land is located in the urban setting of Las Vegas, Nevada, which is in a highly developed urban community that is surrounded by planned communities and commercial businesses; the church has experienced difficulty in attracting potential buyers because of the reversionary clause in

patent 27–98–0017, issued on February 5, 1998.

The lands are being offered for sale using direct sale procedures pursuant to 43 CFR 2711.3–3. The reversionary interest in this land will be offered by direct sale and released to the Paradise Bible Baptist Church at the Fair Market Value (FMV) of \$444,000.00 according to an appraisal report. The appraisal report is available for public review at the BLM Las Vegas Field Office at the address above.

Upon conveyance of the reversionary interest, the identified 5.22-acre parcel would no longer be subject to the reservations and conditions of the R&PP Act contained in Patent No. 27–98–0017 (unless otherwise noted below). All other terms and conditions of Patent No. 27–98–0017 will continue to apply. The release of the reversionary interest of the 5.22 acres will be made subject to the provisions of FLPMA, the applicable regulations of the Secretary of the Interior, all valid existing rights, and the following:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945);

2. The terms and conditions of the United States Patent No. 27–98–0017, including but not limited to the reservation of all mineral deposits in the land so patented, and the right to prospect for, mine and remove such deposits from the same under applicable law and regulations to be established by the Secretary of the Interior;

3. Valid existing rights; and

4. An easement 30 feet in width along the north boundary and 50 feet in width along the east boundary of lot 20, section 13, T. 21 S., R. 61 E., M.D.M., Nevada, TOGETHER with a 25-foot spandrel area in the northeast corner thereof concave southwesterly and being tangent to the south line of said north 30 feet and tangent to the west line of said east 50 feet, in favor of Clark County, for road, public utilities, and flood control purposes to insure continued ingress and egress to adjacent lands.

The purchaser, by accepting the release of the reversionary interest of the United States agrees to indemnify, defend, and hold the United States, its officers, agents or employees harmless from any costs, damages, claims, causes of action, penalties, fines, liabilities, and judgments of any kind arising from the past, present or future acts or omissions of the purchaser, its employees, agents, contractors, or lessees, or third-party arising out of or in connection with the purchaser's acceptance of the aforementioned release or purchaser's

use and/or occupancy of the land involved resulting in: (1) Violations of Federal, State, and local laws and regulations that are now, or in the future become, applicable to real property; (2) judgments, claims or demands of any kind assessed against the United States; (3) Cost, expenses, or damages of any kind incurred by the United States; (4) Releases or threatened releases of solid or hazardous waste(s) and/or hazardous substances(s), as defined by Federal or State environmental laws, off, on, into or under land, property, and other interests of the United States; (5) Other activities by which solids or hazardous substances or wastes, as defined by Federal and State environmental laws are generated, released, stored, used, or otherwise disposed of on the land involved, and any cleanup, response, remedial action or other actions related in any manner to said solid or hazardous substances or wastes; or (6) Natural resource damages as defined by Federal and State law. Patentee shall stipulate that it will be solely responsible for compliance with all applicable Federal, State, and local environmental and regulatory provisions, throughout the life of the facility, including any closure and/or post-closure requirements that may be imposed with respect to any physical plant and/or facility upon the land involved under any Federal, State, or local environmental laws or regulatory provisions. This covenant shall be construed as running with the land and may be enforced by the United States in a court of competent jurisdiction.

No warranty of any kind, express or implied, is given by the United States in connection with the sale or release of the reversionary interest. The documentation for land use conformance, National Environmental Policy Act procedures, a map, and the approved appraisal report covering the proposed sale, are available for review at the BLM Office located at the address listed above.

Interested parties may submit written comments on the direct sale of the reversionary interest for the subject 5.22-acre parcel. Comments on the direct sale are restricted to whether the land is physically suited for the proposal, whether the direct sale will maximize the future use or uses of the land, whether the direct sale is consistent with local planning and zoning, or if the direct sale is consistent with State and Federal programs. Interested parties may also submit written comments on whether the BLM followed proper administrative procedures in reaching the decision for

the direct sale of the reversionary interest.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Any adverse comments will be reviewed by the BLM Nevada State Director, who may sustain, vacate, or modify this realty action. In the absence of any adverse comments, the decision will become effective on January 20, 2015. The reversionary interest will not be offered for sale and release until after the decision becomes effective.

[Investigation Nos. 701–TA–458 and 731–TA–1154 (Review)]

### Certain Kitchen Appliance Shelving and Racks From China; Scheduling of Expedited Five-Year Reviews

**AGENCY:** United States International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** The Commission hereby gives notice of the scheduling of expedited reviews pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(3)) (the Act) to determine whether revocation of the countervailing duty order and the antidumping duty order on certain kitchen appliance shelving and racks (“KASAR”) from China would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. For further information concerning the conduct of these reviews and rules of general application, consult the Commission’s Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

**DATES:** Effective November 4, 2014.

**FOR FURTHER INFORMATION CONTACT:** Fred Ruggles (202–205–3187), Office of

Investigations, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for these reviews may be viewed on the Commission’s electronic docket (EDIS) at <http://edis.usitc.gov>.

#### SUPPLEMENTARY INFORMATION:

**Background.**—On Friday, November 4, 2014, the Commission determined that the domestic interested party group response to its notice of institution (79 FR 44862, August 1, 2014) of the subject five-year reviews was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting full reviews.<sup>1</sup> Accordingly, the Commission determined that it would conduct expedited reviews pursuant to section 751(c)(3) of the Act.

**Staff report.**—A staff report containing information concerning the subject matter of the reviews will be placed in the nonpublic record on Friday, November 28, 2014, and made available to persons on the Administrative Protective Order service list for these reviews. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission’s rules.

**Written submissions.**—As provided in section 207.62(d) of the Commission’s rules, interested parties that are parties to the reviews and that have provided individually adequate responses to the notice of institution,<sup>2</sup> and any party other than an interested party to the reviews may file written comments with the Secretary on what determinations the Commission should reach in the reviews. Comments are due on or before Wednesday, December 3, 2014, and may not contain new factual information. Any person that is neither a party to the

<sup>1</sup> A record of the Commissioners’ votes, the Commission’s statement on adequacy, and any individual Commissioner’s statements will be available from the Office of the Secretary and on the Commission’s Web site.

<sup>2</sup> The Commission has found the responses submitted by Nashville Wire Products, Inc. and SSW Holding Company, Inc., U.S. producers of KASAR, to be individually adequate with respect to both their refrigeration shelving and their oven rack operations. Comments from other interested parties will not be accepted (see 19 CFR 207.62(d)(2)).

five-year reviews nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the reviews by Wednesday, December 3, 2014. However, should the Department of Commerce extend the time limit for its completion of the final results of its reviews, the deadline for comments (which may not contain new factual information) on Commerce’s final results is three business days after the issuance of Commerce’s results. If comments contain business proprietary information (BPI), they must conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission’s rules. Please be aware that the Commission’s rules with respect to filing have been amended. The amendments took effect on July 25, 2014. See 79 FR 35920 (June 25, 2014) and the revised Commission’s Handbook on E-Filing, available on the Commission’s Web site at <http://edis.usitc.gov>.

In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

**Determination:** The Commission has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B) and 1675(c)(5)(C)(ii).

**Authority:** These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission’s rules.

By order of the Commission.

Issued: November 17, 2014.
