SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Public Housing Agency (PHA) Lease and Grievance Requirements.

OMB Approval Number: 2577-0006.

Type of Request: Revision of a currently approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: The Public Housing lease and grievance procedures are a recordkeeping requirement on the part of Public Housing agencies (PHAs) as they are required to enter into and maintain lease agreements for each individual or family that occupies a Public Housing unit. Also, both PHAs and tenants are required to follow the protocols set forth in the grievance procedures for both an informal and formal grievance hearing. This information collection is a revision of the previous submission. The reduction in burden hours is attributable to a fewer number of tenants in public housing covered by these lease and grievance procedures.

Respondents (i.e. affected public): Public Housing Authorities (PHAs).

Estimated Number of Respondents: 945,539.

Estimated Number of Responses: 1,359,284.

Frequency of Response: 1.

Average Hours per Response: .25.

Total Estimated Burdens: 330,939 hours.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of

HUD encourages interested parties to submit comment in response to these questions.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Border Community Capital Initiative.

OMB Approval Number: 2506–0196.

Type of Request: Extension of Collection.

Form Numbers: OMB 83–1 SF 424; HUD 424CB; HUD 424–CBW; SF–LLL;

HUD 2880; HUD 2990; HUD 2991; HUD 2993; HUD 2994A; HUD 27061; and HUD 27300.

Description of the need for the information and proposed use: The Border Community Capital Initiative (“Border Initiative”) is a collaborative effort among three federal agencies—the Department of Housing and Urban Development (HUD), the Department of the Treasury—Community Development Financial Institutions Fund (CDFI Fund) and the Department of Agriculture—Rural Development (USDA–RD). The Initiative’s goal is to increase access to capital for affordable housing, business lending and community facilities in the chronically underserved and undercapitalized U.S./Mexico border region. Specifically, it will provide direct investment and technical assistance to community development lending and investing institutions that focus on affordable housing, small business and community facilities to benefit the residents of colonias.

HUD, USDA–RD and the CDFI Fund have all identified lack of capacity among organizations serving the colonias and similar persistent poverty communities as a limiting factor in the effectiveness of federal programs. Inconsistent availability of limited public funding in any one region or community plays a role in this, because organizations specializing in affordable housing, small business support and community facilities cannot sustain themselves and grow. All of the

agencies recognize that the targeted border communities and populations receive insufficient services because they lack organizations with the capacity to effectively respond to community needs. Conversely, higher-capacity organizations working along the border consistently cite lack of access to capital as a major barrier to expansion.

The Border Initiative focuses on improving colonias communities and creating asset building opportunities for colonias residents by helping local financial institutions improve their capacity to raise capital, and to lend and invest it in their communities. Strengthening local community development lenders and investors will also widen the channels through which larger private institutions and federal agencies can reach potential home owners, renters, business owners, facilities operators and service providers who need their support.
