Abstract: This is a request for extension of an approved information collection by the Office of State and Grantee Relations (SGR) in the Office of Elementary and Secondary Education (OESE) at the U.S. Department of Education (ED) for the interim final requirements for the American Rescue Plan Elementary and Secondary School Emergency Relief (“ARP ESSER”) Fund, under section 2001 of the American Rescue Plan (“ARP”) Act of 2021, Public Law 117–2 (ARP). The interim final requirements create information collection requirements for SEAs and LEAs such as the requirement for an SEA to meaningfully consult with various stakeholder groups on its ARP ESSER plan and to give the public an opportunity to provide input on the development of the plan. The interim final requirements also require an LEA receiving ARP ESSER funds to develop and make publicly available a plan for the use of those funds; meaningfully consult with stakeholders and consider public input in developing its plan; and make its plan accessible, including to parents with limited English proficiency and individuals with disability. Finally, with respect to the LEA plan for the safe return to in-person instruction and continuity of services required under section 2001(i) of the ARP Act, this action specifies what the plan must address; requires periodic review and, when needed, revision of the plan, with consideration of public input in each case, to ensure it meets statutory and regulatory requirements and remains relevant to the needs of schools; and requires that the plan be accessible, including to parents with limited English proficiency and individuals with disabilities.
