SUPPLEMENTARY INFORMATION:

Title: Uniform Act Certification Needs Analysis.

Background: The demand for Uniform Relocation Assistance and Real Property Acquisition Policies Act (Uniform Act) compliant real estate services is growing

rapidly. However, both public sector agencies and private sector firms are experiencing difficulty in recruiting new workers into the needed disciplines due to a lack of trained individuals. In response to these challenges, as the Lead Agency for the Uniform Act, FHWA is proposing to conduct research to examine and report upon training and certification options for right-of-way and other real estate service providers. In addition, FHWA would assess the market need for the establishment of a new certification program, which would have as a focus the development of a qualified workforce to assist agencies and private sector organizations operating under the Uniform Act.

To assess the need for a new certification program focused on the Uniform Act, the Office of Real Estate Services proposes to survey three groups as follows:

1. Licensing agencies in the 50 states, the District of Columbia, Puerto Rico, Virgin Islands and Pacific territories will be surveyed to confirm the licenses required and the associated educational and work requirements for each license. Secondary research through agency Internet web sites will be utilized to the extent possible. Primary research by telephone or e-mail to a specific agency will only be performed as required to obtain information not available on the web site, or to obtain a required clarification.

- *Respondents:* 27 agencies.

- *Frequency:* This is a one-time survey.

- *Estimated Burden:* It is estimated that the response time will be 15 minutes per agency, for a total response time of 6.75 hours.

2. Selected two and four year colleges in the 50 states, the District of Columbia, Puerto Rico, Virgin Islands and the Pacific Territories and major national organizations, associations and institutions will be surveyed to inventory and document existing Uniform Act focused real estate course offerings. Secondary research through the Internet will be used to identify institutions offering courses and to gather as much information about the courses through the institution's web site. Primary research by telephone or e-mail to institutions will be utilized only as required to obtain information not available on the institution's web site, or to obtain a required clarification.

- *Respondents:* 75 institutions, associations, and organizations.

- *Frequency:* This is a one-time survey.

- *Estimated Burden:* It is estimated that the response time will be 15
