

pound/base box (0.0082 inch thickness and 34.1875 inch × 29.076 inch scroll cut dimensions; or (3) 107 pound/base box (0.0118 inch thickness and 30.5625 inch × 34.125 inch scroll cut dimension.

The merchandise subject to this order is classified in the Harmonized Tariff Schedule of the United States ("HTSUS"), under HTSUS subheadings 7210.11.0000, 7210.12.0000, 7210.50.0000, 7212.10.0000, and 7212.50.0000 if of non-alloy steel and under HTSUS subheadings 7225.99.0090, and 7226.99.0000 if of alloy steel. Although the subheadings are provided for convenience and Customs purposes, our written description of the scope of this review is dispositive.

Final Results of Changed Circumstances Review

Pursuant to section 751(d) of the Act, the Department may partially revoke an antidumping duty order based on a review under section 751(b) of the Act. Section 782(h)(2) of the Act and § 351.222(g)(1)(i) of the Department's regulations provide that the Secretary may revoke an order, in whole or in part, based on changed circumstances if "{p}roducers accounting for substantially all of the production of the domestic like product to which the order (or the part of the order to be revoked) * * * pertains have expressed a lack of interest in the order, in whole or in part. * * *" In this context, the Department has interpreted "substantially all" production normally to mean at least 85 percent of domestic production of the like product (*see Oil Country Tubular Goods From Mexico: Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review*, 64 FR 14213, 14214 (March 24, 1999)).

No domestic producers of tin mill products have expressed opposition to the partial revocation of the tin mill products order following the *Initiation Notice* and the *Preliminary Results*. For these reasons the Department is partially revoking the order on tin mill products from Japan, effective August 1, 2001, with respect to all unliquidated entries for consumption of tin-free steel which meets the specifications detailed above in accordance with sections 751(b) and (d) and 782(h) of the Act and 19 CFR 351.216. We will instruct the U.S. Customs Service ("Customs") to liquidate without regard to antidumping duties, as applicable, and to refund any estimated antidumping duties collected for all unliquidated entries of certain tin mill products (*i.e.*, certain tin-free steel)

meeting the specifications indicated above.

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.306. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 751(b)(1) and 777(i)(1) of the Act and section 351.216 of the Department's regulations.

Dated: June 14, 2002.

Faryar Shirzad,

Assistant Secretary for Import Administration.

Certain Stainless Steel Flanges from India; Extension of Time Limit For Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is extending the time limits for the final results of the administrative review of the antidumping duty order on certain stainless steel flanges from India.

EFFECTIVE DATE: July 1, 2002.

FOR FURTHER INFORMATION CONTACT:

Thomas Killiam or Robert James, AD/CVD Enforcement, Office 8, Group III, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington DC 20230; telephone: (202) 482-5222, or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 7, 2002, the Department published in the Federal Register the preliminary results of administrative review of the antidumping duty order on certain stainless steel flanges from India, covering the period February 1, 2000 through January 31, 2001 (*Certain Forged Stainless Steel Flanges From*

India; Preliminary Results of Antidumping Duty Administrative Review, 67 FR 10358). The final results are currently due no later than July 5, 2002. The respondents are: Isibars, Ltd., Panchmahal Steel Ltd., Patheja Forgings & Auto Parts, Ltd., and Viraj Forgings, Ltd.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Tariff Act) requires the Department of Commerce (the Department) to make a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Tariff Act allows the Department to extend the time limit for the final results to 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of publication of the preliminary results.

Extension of Final Results Deadline

The Department has determined that because this review involves complex issues, including affiliation allegations in regards to a U.S. customer, disputed duty drawback adjustments, and the correctness of major input pricing on raw materials purchased from affiliated suppliers, it is not practicable to complete the final results of review within the original 120 day time limit mandated by section 751(a)(3)(A) of the Tariff Act and section 351.213(h)(1) of the Department's regulations. Therefore, the Department is extending the time limit for completion of the final results until September 3, 2002, in accordance with 19 CFR 351.213(h)(2).

Dated: June 24, 2002

Joseph A. Spetrini,

Deputy Assistant Secretary For Import Administration, Group III.
