Earth Observing System (EOS) Land Processes Distributed Active Archive Center (DAAC) Science Advisory Panel; Notice of Reestablishment

This notice is published in accordance with Section 9(a)(2) of the Federal Advisory Committee Act (Public Law 92-463), 5 U.S.C. App. (1988). Following consultation with the General Services Administration, notice is hereby given that the Secretary of the Interior is reestablishing the EOS Land Processes DAAC Science Advisory Panel.

The purpose of the Panel is to advise the U.S. Geological Survey, Earth Resources Observation Systems (EROS) Data Center in the definition, development, implementation, and operation of data processing, archiving, and distribution systems and associated science support capabilities required in its role as one of eight original DAACs established by the National Aeronautics and Space Administration (NASA) as part of the EOS Program. EOS is a major component of the U.S. Global Change Program.

The Panel is responsible for providing advice and consultation on a broad range of scientific technical topics and for representing the interests and requirements of the scientific research community in guiding development and operation of Land Processes DAAC systems and capabilities. Membership
