## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–103664; File No. SR–CboeEDGA–2025–024]

### Self-Regulatory Organizations; Cboe EDGA Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Fee Schedule To Provide a Temporary Discount for EDGA Historical Depth Data

August 8, 2025.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b–4 thereunder,<sup>2</sup> notice is hereby given that on July 30, 2025, Cboe EDGA Exchange, Inc. (the “Exchange” or “EDGA”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGA Exchange, Inc. (the “Exchange” or “EDGA”) proposes to amend its Fee Schedule to provide a temporary 20% discount on fees assessed to EDGA Members and non-Members that purchase \$20,000 or more of or more of ad hoc purchases of EDGA Historical Depth Data. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website ([http://markets.cboe.com/us/equities/regulation/rule\\_filings/edga/](http://markets.cboe.com/us/equities/regulation/rule_filings/edga/)) and at the Exchange’s Office of the Secretary.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements

concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

#### A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The Exchange proposes to update its Fee Schedule to provide a temporary 20% discount on fees assessed to EDGA Members (“Members”)<sup>3</sup> and non-Members that purchase \$20,000 or more of or more of ad hoc purchases of EDGA Historical Depth Data (“Historical Depth Reports”), effective July 30, 2025 through September 30, 2025.

By way of background, the Exchange currently makes available for purchase Depth Data, which is a daily archive of the Exchange’s depth of book real-time feed, which provides depth-of-book quotations and execution information based on equity orders entered into the System. The Exchange also offers Historical Depth Data, which offers such data on a historical basis, *i.e.* T+1 or later. The Historical Depth Report is a completely voluntary product, in that the Exchange is not required by any rule or regulation to make this data available and that potential customers may purchase it on an ad-hoc basis only if they voluntarily choose to do so.

Cboe LiveVol, LLC (“LiveVol”), a wholly owned subsidiary of the Exchange’s parent company, Cboe Global Markets, Inc., makes the Historical Depth Report available for purchase to Users on the LiveVol DataShop website ([datashop.cboe.com](http://datashop.cboe.com)). The Historical Depth Data is available for purchase to Members and Non-Members; the Exchange charges a fee per month of historical data of \$1,000. The Historical Depth Report provided on a historical basis is only provided to data recipients for internal use only, and thus, no redistribution will be permitted. The Exchange notes that the

<sup>3</sup> See Rule 1.5(n) (“Member”). The term “Member” shall mean any registered broker or dealer that has been admitted to membership in the Exchange. A Member will have the status of a “member” of the Exchange as that term is defined in Section 3(a)(3) of the Act. Membership may be granted to a sole proprietor, partnership, corporation, limited liability company or other organization which is a registered broker or dealer pursuant to Section 15 of the Act, and which has been approved by the Exchange.

Historical Depth Report is subject to direct competition from other exchanges, as other exchanges offer similar products for a fee.<sup>4</sup>

The Exchange’s affiliated equities and options exchanges (*i.e.*, Cboe Exchange, Inc. (“Cboe Options”), Cboe C2 Exchange, Inc. (“C2 Options”), Cboe EDGX Exchange, Inc. (“EDGX”), Cboe BZX Exchange, Inc. (“BZX”), and Cboe BYX Exchange, Inc. (“BYX”), (collectively, “Affiliates”) also offer similar data products.<sup>5</sup> Particularly, each of the Exchange’s Affiliates offer a daily and historical archive of their depth of book real-time feed with execution information based on their trading activity that is substantially similar to the information provided by the Exchange through its Depth Data products.

The Exchange proposes to provide a temporary pricing incentive program in which Members or Non-Members that purchase Historical Depth Reports will receive a percentage fee discount where specific purchase thresholds are met. Specifically, the Exchange proposes to provide a 20% discount for ad-hoc purchases of Historical Depth Data of \$20,000 or more.<sup>6</sup> The proposed program will apply to all market participants irrespective of whether the market participant is a new or current purchaser; however, the discount cannot be combined with any other discounts offered by the Exchange. The Exchange intends to introduce the discount program beginning July 30, 2025, with the program remaining in effect through September 30, 2025. The Exchange also notes that it previously adopted similar discount programs for other historical data products offered by the Exchange.<sup>7</sup>

##### 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of

<sup>5</sup> See *e.g.*, EDGX Fee Schedule, BZX Fee Schedule, BYX Fee Schedule.

<sup>6</sup> The discount will apply on an order-by-order basis. The discount will apply to the total purchase price, once the \$20,000 minimum purchase is satisfied (for example, a qualifying order of \$25,000 would be discounted to \$20,000, *i.e.* receive a 20% discount of \$5,000).

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b–4.

Section 6(b) of the Act.<sup>8</sup> Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>9</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>10</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange also believes the proposed rule change is consistent with Section 6(b)(4) of the Act,<sup>11</sup> which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Members and other persons using its facilities.

In adopting Regulation NMS, the Commission granted self-regulatory organizations (“SROs”) and broker-dealers increased authority and flexibility to offer new and unique market data to the public. It was believed that this authority would expand the amount of data available to consumers, and also spur innovation and competition for the provision of market data. The Exchange believes that the proposed fee changes will further broaden the availability of U.S. equity market data to investors consistent with the principles of Regulation NMS. The Exchange believes the dissemination of historical depth of book data via Historical Depth Reports benefits investors through increased transparency and may promote better informed trading, as well as research and studies of the equities industry. Nevertheless, the Exchange notes that such data is not necessary for trading and as noted above, is entirely optional. Moreover, several other exchanges offer a similar data product which offer the same type of data content through similar reports.<sup>12</sup>

The Exchange operates in a highly competitive environment. Indeed, there are currently 16 registered equities

exchanges that trade equities. Based on publicly available information, no single equities exchange has more than 15% of the equity market share.<sup>13</sup> The Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. Particularly, in Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.”<sup>14</sup> Making similar data products available to market participants fosters competition in the marketplace, and constrains the ability of exchanges to charge supercompetitive fees. In the event that a market participant views one exchange’s data product as more attractive than the competition, that market participant can, and often does, switch between similar products. The proposed fees are a result of the competitive environment of the U.S. equities industry as the Exchange seeks to adopt fees to attract purchasers of Historical Depth Reports.

The Exchange believes that the proposed incentive program for any Member or non-Member who purchases Historical Depth Reports is reasonable because such purchasers would receive a 20% discount for purchasing \$20,000 or more worth of Historical Depth Reports. The Exchange believes the proposed discount is reasonable as it will give purchasers the ability to use and test the Historical Depth Reports at a discounted rate, prior to purchasing additional months or a monthly subscription, and will therefore encourage users to purchase Historical Depth Reports. Further, the proposed discount is intended to promote increased use of the Exchange’s Historical Depth Reports by defraying some of the costs a purchaser would ordinarily have to expend before using the data product. The Exchange believes that the proposed discount is equitable and not unfairly discriminatory because it will apply equally to all Members and non-Members who purchase Historical Depth Reports. Lastly, the purchase of this data product is discretionary and not compulsory. Indeed, no market

participant is required to purchase the Historical Depth Reports, and the Exchange is not required to make Historical Depth Reports available to all investors. Potential purchasers may request the data at any time if they believe it to be valuable or may decline to purchase such data. As noted above, the Exchange previously adopted similar discount programs for other historical data products offered by the Exchange.<sup>15</sup>

#### *B. Self-Regulatory Organization’s Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange operates in a highly competitive environment in which the Exchange must continually adjust its fees to remain competitive. Because competitors are free to modify their own fees in response, including the adoption of similar discounts to those fees, the Exchange believes that the degree to which fee changes (including discounts and rebates) in this market may impose any burden on competition is extremely limited. As discussed above, the Exchange’s Historical Depth Reports offering is subject to direct competition from several other options exchanges that offer similar data products. Moreover, purchase of Historical Depth Reports is optional. It is designed to help investors understand underlying market trends to improve the quality of investment decisions, but is not necessary to execute a trade.

The proposed rule changes are grounded in the Exchange’s efforts to compete more effectively. In this competitive environment, potential purchasers are free to choose which, if any, similar product to purchase to satisfy their need for market information. As a result, the Exchange believes this proposed rule change permits fair competition among national securities exchanges. Further, the Exchange believes that these changes will not cause any unnecessary or inappropriate burden on intermarket competition, as the proposed incentive program applies uniformly to any purchaser of Historical Depth Reports.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange neither solicited nor received comments on the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>16</sup> and paragraph (f) of Rule 19b-4<sup>17</sup> thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

**IV. Solicitation of Comments**

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information discussed below

Section 7(d) of the Investment Company Act of 1940 (15 U.S.C. 80a-7(d)) (the "Act" or "Investment Company Act") requires an investment company ("fund") organized outside the United States ("foreign fund") to obtain an order from the Commission allowing the fund to register under the Act before making a public offering of its securities through the United States mail or any means of interstate commerce. The Commission may issue an order only if it finds that it is both legally and practically feasible effectively to enforce the provisions of the Act against the foreign fund, and that the registration of the fund is consistent with the public interest and protection of investors.

Rule 7d-1 (17 CFR 270.7d-1) under the Act, which was adopted in 1954, specifies the conditions under which a Canadian management investment company ("Canadian fund") may request an order from the Commission permitting it to register under the Act.

Although rule 7d-1 by its terms applies only to Canadian funds, funds in other jurisdictions generally have agreed to comply with the requirements of rule 7d-1 as a prerequisite to receiving an order permitting the fund's registration under the Act.

The rule requires Canadian funds that propose to register under the Act to file an application with the Commission that contains various undertakings and agreements by the fund. The requirement of the Canadian fund to file an application is a collection of information under the Paperwork Reduction Act. Certain of the undertakings and agreements, in turn, impose the following additional information collection requirements:

(1) the fund must file with the Commission agreements between the fund and its directors, officers, and service providers requiring them to comply with the fund's charter and bylaws, the Act, and certain other obligations relating to the undertakings and agreements in the application;

(2) the fund and each of its directors, officers, and investment advisers that is not a U.S. resident, must file with the Commission an irrevocable designation of the fund's custodian in the United States as agent for service of process;

(3) the fund's charter and bylaws must provide that (a) the fund will comply with certain provisions of the Act applicable to all funds, (b) the fund will maintain originals or copies of its books and records in the United States, and (c) the fund's contracts with its custodian, investment adviser, and principal underwriter, will contain certain terms, including a requirement that the adviser maintain originals or copies of pertinent records in the United States;

(4) the fund's contracts with service providers will require that the provider perform the contract in accordance with the Act, the Securities Act of 1933 (15 U.S.C. 77a), and the Securities Exchange Act of 1934 (15 U.S.C. 78a), as applicable; and

(5) the fund must file, and periodically revise, a list of persons affiliated with the fund, its investment adviser, and principal underwriter.

As noted above, under section 7(d) of the Act, the Commission may issue an order permitting a foreign fund's registration only if the Commission finds that "by reason of special circumstances or arrangements, it is both legally and practically feasible effectively to enforce the provisions of the (Act)." The information collection requirements are necessary to ensure that the substantive provisions of the Act may be enforced as a matter of contract right in the United States or
