Variable-Rate Premiums

The required interest rate is the "applicable percentage" (currently 85 percent) of the annual yield on 30-year Treasury securities for the month preceding the beginning of the plan year for which premiums are being paid (the "premium payment year"). The yield figure is reported in Federal Reserve Statistical Releases G.13 and H.15.

The following table lists the required interest rates to be used in determining variable-rate premiums for premium payment years beginning between February 2001 and January 2002.

Section 4007(b) of ERISA and § 4007.7(a) of the PBGC's regulation on Payment of Premiums (29 CFR part 4007) require the payment of interest on late premium payments at the rate established under section 6601 of the Internal Revenue Code. Similarly, § 4062.7 of the PBGC's regulation on Liability for Termination of Single-employer Plans (29 CFR part 4062) requires that interest be charged or credited at the section 6601 rate on underpayments and overpayments of employer liability under section 4062 of ERISA. The section 6601 rate is established periodically (currently quarterly) by the Internal Revenue Service. The rate applicable to the first quarter (January through March) of 2002, as announced by the IRS, is 6 percent.

For interest accruing during any calendar quarter, the specified rate is the average quoted prime rate on short-term commercial loans for the fifteenth day (or the next business day if the fifteenth day is not a business day) of the month preceding the beginning of the quarter, as reported by the Board of Governors of the Federal Reserve System in Statistical Release H.15 ("Selected Interest Rates"). American Electric Power Company, Inc. (70-10021)

American Electric Power Company, Inc. ("AEP"), a registered holding company, 1 Riverside Plaza, Columbus, Ohio 43215, has filed a declaration under sections 6(a), 7, 32, and 33 of the Act and rules 53 and 54 under the Act. The Commission issued a notice of the declaration on January 2, 2002 (HCAR No. 27488) ("Prior Notice"). This supplemental notice replaces in its entirety the Prior Notice.

AEP proposes to organize and acquire all of the common stock or other equity interests of one or more subsidiaries ("Financing Subsidiary" or "Financing Subsidiaries") for the purpose of effecting various financing transactions from time to time through June 30, 2004 involving the issuance and sale of up to an aggregate of \$3.0 billion (cash proceeds to AEP) in any combination of common stock, preferred securities, debt securities, stock purchase contracts and stock purchase units, as well as its common stock issuable under the stock purchase contracts and stock purchase units. AEP further proposes that it may effect directly (i.e., without Financing Subsidiary) any transaction involving common stock, preferred securities, debt securities, stock purchase contracts or stock purchase units described here, provided that AEP shall not issue any secured indebtedness. AEP will not publicly issue unsecured indebtedness or preferred securities in this file unless it has maintained at least an investment grade corporate or senior unsecured debt rating by at least one nationally recognized rating agency. No Financing Subsidiary or Special Purpose Subsidiary, as defined below, shall acquire or dispose of, directly or indirectly, any interest in any utility

asset, as that term is defined under the Act. Additionally, AEP's forecasted cash flow analysis and capitalization forecast for the next two years, which forecasts assume the issuance of \$1 billion of common stock out of the \$3.0 billion total financing authority requested herein, indicate that it is expected that AEP's common equity will remain above 30% of its consolidated capitalization for each of the next three years.

I. Financing Subsidiaries

AEP will acquire all of the outstanding shares of common stock or other equity interests of the Financing Subsidiary for amounts (inclusive of capital contributions that may be made from time to time to the Financing Subsidiary by AEP) aggregating up to 35% of the total capitalization of the Financing Subsidiary (i.e., the aggregate of the equity accounts and indebtedness of the Financing Subsidiary). An investment by AEP will not in any event be less than the minimum required by any applicable law. The business of the Financing Subsidiary will be limited to effecting financing transactions for AEP and its affiliates. In connection with these financing transactions, AEP will enter into one or more guarantee or other credit support agreements in favor of the Financing Subsidiary.

II. Preferred Securities

In connection with the issuance of preferred securities, AEP or the Financing Subsidiary proposes to organize one or more separate special purpose subsidiaries ("Special Purpose Subsidiary" or "Special Purpose Subsidiaries") as any one or any combination of (a) a limited liability company under the Limited Liability Company Act (the "LLC Act") of the State of Delaware or other jurisdiction considered advantageous by AEP, (b) a limited partnership under the Revised Uniform Limited Partnership Act of the State of Delaware or other jurisdiction considered advantageous by AEP, (c) a business trust under the laws of the State of Delaware or other jurisdiction considered advantageous by AEP, or (d) any other entity or structure, foreign or domestic, that is considered advantageous by AEP. In the event that any Special Purpose Subsidiary is organized as a limited liability company, AEP or the Financing Subsidiary may also organize a second special purpose wholly-owned subsidiary under the General Corporation Law of the State of Delaware or other jurisdiction ("Investment Sub") for the purpose of acquiring and holding Special Purpose
