SUMMARY: The Assistant Secretary of the Interior for Policy, Management and Budget proposes to withdraw, on behalf of the Bureau of Land Management (BLM), approximately 6,737.42 acres of

public lands from location and entry under the United States mining laws for a period of 20 years to protect natural resources and recreation values associated with the congressionally designated Auburn Reservoir Site and Recreation Area. This notice temporarily segregates the land for up to 2 years from mining while various studies and analyses are made to support a final decision on the withdrawal application.

DATES: Comments should be received on or before December 3, 2012.

ADDRESSES: Comments should be sent to the BLM, Mother Lode Field Office, 5152 Hillside Circle, El Dorado Hills, California 95762.

The areas described aggregate 6,737.42 acres, more or less, in El Dorado and Placer Counties.

The BLM's petition has been approved by the Assistant Secretary for Policy, Management and Budget. Therefore, the petition constitutes a withdrawal proposal of the Secretary of the Interior (43 CFR 2310.1-3(e)).

The use of a right-of-way, interagency, or cooperative agreement would not adequately constrain non-discretionary uses that could irrevocably destroy the area's cultural resources, scenic, and recreational values of the Auburn Dam

area. There are no suitable alternative sites for the requested withdrawal associated with the Auburn Dam Project area.

Until December 3, 2012, all persons who wish to submit comments, suggestions, or to request a public meeting in connection with the proposed withdrawal may present their views in writing, by the date specified above to the Field Manager, BLM Mother Lode Field Office, 5152 Hillsdale Circle, El Dorado Hills, California 95762.

Comments, including names and street addresses for respondents, will be available for public review at the BLM's Mother Lode Field Office, during regular business hours, 7:30 a.m. to 4:00 p.m., Monday through Friday, except holidays. Individual respondents may request confidentiality. Before including your address, telephone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Notice is hereby given that at least one public meeting will be held in connection with the proposed withdrawal. Upon determination of the time and place, a notice will be published in both the **Federal Register** and a local newspaper at least 30 days prior to the scheduled date of the meetings. All interested persons who desire additional public meetings for the purpose of being heard on the proposed withdrawal must submit a written request to the Field Manager, Mother Lode Field Office, BLM, 5152 Hillsdale Circle, El Dorado Hills, California, no later than December 3, 2012.

For a period until September 4, 2014, the lands will be segregated from location and entry under the United States mining laws, but not from leasing under the mineral leasing laws, unless the application is denied or canceled or the withdrawal is approved prior to that date.

Licenses, permits, cooperative agreement, or discretionary land use authorizations of a temporary nature that will not significantly impact the values to be protected by the

withdrawal may be allowed with the approval of the authorized officer of the BLM during the temporary segregative period.

The application will be processed in accordance with the regulations set forth in 43 CFR 2310.1-2.

Cynthia Staszak,

Associate Deputy State Director, Natural Resources, California State Office.
