

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Substance Abuse and Mental Health Services Administration****Agency Information Collection Activities: Submission for OMB Review; Comment Request**

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Proposed Project: 2008 National Survey of Mental Health Treatment Facilities (NSMHTF) (OMB No. 0930-0119)—Revision

The Substance Abuse and Mental Health Services Administration's (SAMHSA) Center for Mental Health Services (CMHS) will conduct a 2008 NSMHTF. This national survey

represents a re-design of the biennial Survey of Mental Health Organizations (SMHO) last conducted in 2004 under OMB No. 0930-0119. Instead of surveying each mental health organization as a whole, the 2008 NSMHTF will survey all of the mental health treatment locations. These separate mental health service locations are called facilities, in contrast to mental health organizations, which may include multiple facilities (service locations). This survey will be (a) a 100 percent enumeration of all known mental health treatment facilities nationwide, (b) more consumer-oriented in describing services available at each facility location, and (c) patterned after SAMHSA's Office of Applied Studies National Survey of Substance Abuse Treatment Services (OMB No. 0930-0106).

The 2008 NSMHTF will utilize one questionnaire for all mental health treatment facility types including hospitals, residential treatment centers and outpatient clinics. The information collected will include intake telephone

numbers for services, types of services offered and acceptable forms of payment, emergency hotline numbers, facility caseload, and facility bed counts, if applicable. All treatment facilities will be contacted by telephone prior to the mailing to verify their eligibility, and facility type.

The resulting database will be used to provide both state and national estimates of facility types and their patient caseloads. Information from the 2008 survey will also be used to update the National Mental Health Information Center's facility locator for consumers. In addition, data derived from the survey will be published by CMHS in *Data Highlights*, in *Mental Health, United States*, and in professional journals such as *Psychiatric Services* and the *American Journal of Psychiatry*. The publication *Mental Health, United States* is used by the general public, State governments, the U.S. Congress, university researchers, and other health care professionals. The following Table summarizes the estimated response burden for the survey.

ESTIMATED TOTAL RESPONSE BURDEN FOR THE 2008 NSMHTF

Facility Type	Number of respondents	Responses per respondent	Average hours per response	Total hour burden
Public Psychiatric Hospitals	502	1	1	502
Private Psychiatric Hospitals	557	1	1	557
General Hospitals	1,599	1	1	1,599
Dept. of Veterans Affairs Medical Centers	150	1	1	150
Dept. of Veterans Community-Based Outpatient Clinics	810	1	1	810
Residential Treatment Centers for SED	1,456	1	1	1,456
Outpatient Clinics	3,493	1	1	3,493
Multi-Setting Facilities	5,264	1	1	5,264
Total Facilities	13,831			13,831

Written comments and recommendations concerning the proposed information collection should be sent by February 1, 2008 to: SAMHSA Desk Officer, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503; due to potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, respondents are encouraged to submit comments by fax to: 202-395-6974.

Information Collection Request

1. *Title:* Marine Casualty Information & Periodic Chemical Drug and Alcohol Testing of Commercial Vessel Personnel.

OMB Control Number: 1625-0001.

Summary: Marine casualty information is needed for CG investigations of commercial vessel casualties involving death, vessel damage, etc., as mandated by Congress. Chemical testing information is needed to improve CG detection/reduction of drug use by mariners. The following forms are associated with this

collection: CG-2692, CG-2692A, and CG-2692B.

Need: Section 6101 of 46 U.S.C., as delegated by the Secretary of Homeland Security to the Commandant, authorizes the Coast Guard to prescribe regulations for the reporting of marine casualties involving death, serious injury, material loss of property, material damage affecting the seaworthiness of a vessel, or significant harm to the environment. It also requires information on the use of alcohol be included in a marine casualty report. Section 7503 of 46 U.S.C. authorizes the Coast Guard to deny the issuance of licenses, certificates of registry, and merchant mariner's documents (seaman's papers) to users of dangerous drugs. Similarly, 46 U.S.C. 7704 requires the Coast Guard to revoke such papers when a holder of the same has been shown to be a drug user unless the holder provides satisfactory proof that the holder is cured.

Respondents: Vessel owners and operators.

Frequency: On occasion.

In general, vessels over 150 gross tons or 24 meters (79 feet) in length engaged in commerce on international or coastwise voyages by sea, are required to obtain a Load Line Certificate. This collection also incorporates the Great Lakes load lines rule.

Burden Estimate: The estimated burden has increased from 1,681 hours to 1,699 hours a year.

3. *Title:* Report of Oil or Hazardous Substance Discharge; and Report of Suspicious Maritime Activity.

OMB Control Number: 1625-0096.

Summary: Any discharge of oil or a hazardous substance must be reported to the National Response Center (NRC) so that the pre-designated on-scene coordinator can be informed and appropriate spill mitigation action carried out. The NRC also receives

suspicious activity reports from the public and disseminates this information to appropriate entities.

Need: Titles 33 CFR 153.203, 40 CFR 263.30 and 264.56; and 49 CFR 171.15 mandates NRC to be the central place for the public to report all pollution spills. DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Crystal River National Wildlife Refuge

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of intent to prepare a comprehensive conservation plan and environmental assessment for Crystal River National Wildlife Refuge in Citrus County, Florida.

SUMMARY: The Fish and Wildlife Service intends to gather information necessary to prepare a comprehensive conservation plan and environmental assessment for Crystal River National Wildlife Refuge. This notice is furnished in compliance with the Service's comprehensive conservation planning policy to advise other agencies and the public of our intentions, and to obtain suggestions and information on the scope of issues to be considered in the planning process.

DATES: To ensure consideration, comments must be received by March 3, 2008. A public scoping meeting will be held on February 6, 2008, from 6–10 p.m. The location of the meeting will be announced in the local media.

ADDRESSES: Comments, questions, and requests for information should be sent to: Joyce Kleen, Wildlife Biologist,

Crystal River National Wildlife Refuge, 1502 SE Kings Bay Drive, Crystal River, Florida 34429; Telephone: 352/563-2088, Ext. 211; or electronic mail: joyce_kleen@fws.gov. You may find additional information concerning the refuge at the refuge's Internet site: <http://www.fws.gov/crystalriver>.

FOR FURTHER INFORMATION CONTACT: Ms. Joyce Kleen at the address in the **ADDRESSES** section.

SUPPLEMENTARY INFORMATION: The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd–668ee), requires the Service to develop a comprehensive conservation plan for each national wildlife refuge. The purpose in developing a comprehensive conservation plan is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing to the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and Service policies. In addition to outlining broad management direction on conserving wildlife and their habitats, plans identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation. Public input in this planning process is essential.

Each unit of the National Wildlife Refuge System is established with specific purposes. These purposes are used to develop and prioritize management goals and objectives with the National Wildlife Refuge System mission, and to guide which public uses will occur on the refuge. The planning process is a means for the Service and the public to evaluate management goals and objectives for the best possible conservation efforts of this important wildlife habitat, while providing for wildlife-dependent recreation opportunities that are compatible with the refuge's establishing purposes and the mission of the National Wildlife Refuge System.

A comprehensive conservation planning process will be conducted that will provide opportunities for Tribal, State, Federal, and local governments; non-governmental organizations; and the public to participate in issue scoping and comment. The Service invites anyone interested to respond to the following questions:

1. What problems or issues do you want to see addressed in the comprehensive conservation plan?

2. What improvements would you recommend for Crystal River National Wildlife Refuge?

The above questions have been provided for your optional use. You are not required to provide any information. The Planning Team developed these questions to gather information about individual issues and ideas concerning the refuge. The Planning Team will use comments it receives as part of the planning process; however, it will not reference individual comments or directly respond to them.

Special mailings, newspaper articles, and other media outlets will be used to announce opportunities for input throughout the planning process. A public scoping meeting will be held in Crystal River, Florida, early in February 2008.

The environmental review of this project will be conducted in accordance with the requirements of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*); NEPA regulations (40 CFR parts 1500–1508); and other appropriate Federal laws and regulations. All comments received become part of the official public record. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The Crystal River National Wildlife Refuge is in the town of Crystal River, Citrus County, Florida. This 80-acre refuge is comprised of several islands and springs surrounded by the spring-fed waters of Kings Bay at the headwaters of the Crystal River. Refuge management activities focus on conserving and protecting the West Indian manatee and its habitat. The refuge's warm water springs and nearby submerged vegetation provide essential winter habitat for about 20 percent of Florida's manatee population. The refuge also provides habitat and protection for other wildlife species, including wading birds, raptors, alligators, and fish. It provides wildlife-dependent recreation and environmental education for the public.
